QUEZON CITY, –The Department of Education (DepEd) convened partners from various sectors to form the Philippine Forum for Quality Basic Education (Educ Forum) on November 6, at SEAMEO Innotech, Commonwealth Ave, Diliman, Quezon City.

Education Secretary Leonor Briones stressed that while government efforts have produced major gains in access to education, “our biggest concern and challenge in basic education today is quality.”

Currently, 27.2 million Filipino children and youth are in school, from Kindergarten to Grade 12 (K to 12).

“In terms of access, our programs are mainly focused on addressing the remaining access gaps such as schools that are located in geographically isolated, disadvantaged and conflict-affected areas” Briones said.

The Secretary added that despite the reforms, “we still have to reach appreciable

Interagency group to combat littering, illegal dumping of wastes in Calabarzon

CALAMBA CITY, Laguna, (PIA) – The Department of Environment and Natural Resources (DENR) Region 4A has established a group of environment watchdogs from different regional line agencies that would combat violators of the Republic Act 9003 or the Solid Waste Management Act of 2000 in the region.

DENR 4A says the anti-trash group formed under its new collaborative program CASABWATCH (CALABARZON Sanitasyon at Basura Watch) would take the lead in monitoring waste dumping in the region.

Said group, according to DENR 4A, would help address the waste problems in the region.

According to DENR 4A, the program aims to reduce the solid waste flowing in the waterways of Calabarzon (Cavite, Laguna, Batangas, Rizal, and Quezon) and in Manila Bay

through strict implementation of no littering and no illegal dumping of wastes in the region.

It said the program is in support of DENR's flagship programs and advocacy campaigns such as the Manila Bay Clean-Up and Rehabilitation Program, Manila Bayanihan para sa Kalikasan Advocacy, and Tayo ang Kalikasan.

The CASA-BWATCH which is set to be endorsed to the Regional Development Council was conceptualized in collaboration with the Department of the Interior and Local Government (DILG) Region 4A.

Aside from monitoring garbage dumping, the CASABWATCH comprised of members from mandamus agencies, media, academe, concerned agencies, and other organizations, would also hold violators accountable.

According to the report of the Envi-

ronmental Management Bureau (EMB) 4A, only two out of the 14 monitored bathing beaches connected to Manila Bay are within the standard fecal coliform level of 100 MPN/100 mL.

EMB monitoring report showed that 4,572 tons of waste generated per day within the Manila Bay Region of which 43 percent are biodegradable, 31 percent are recyclable, 25 percent are residuals, and 1 percent are special wastes.

Aside from its regular clean-up activities conducted in partnership with local government units and civil society organizations, the DENR 4A has also intensified monitoring and inspection of various establishments in the region.

The DENR 4A says it has inspected 1,200 establishments and issued 344 notice of violations as of September this year. (PIA4A/DENR4A)

MMDA supports Safe Spaces Act

MAKATI-- The Metropolitan Manila Development Authority expressed its full support for the implementation of Republic Act 11313 or most commonly known as Safe Spaces Act.

On the signing of its implementing rules and regulations, MMDA Chairman Danilo Lim said that the agency will ensure that its part as one of the implementing bodies of the law will be effectively carried out.

"As the MMDA is pushing for a smart and sustainable Metro Manila, we will also ensure that its livability as a city that is safe for all will be completely realized," he said.

Lim believes that through the passage of the Safe Spaces Act, everyone can now freely walk the streets at any time of the day, comfortably go to work or school, and easily go online without fear of being sexually harassed.

"The Safe Spaces Act is a relevant and timely law addressing all forms of sexual harassment on all gender, public spaces, and online. With the passage of

this law, no one will experience sexual harassment anywhere again."

The MMDA Chairman also warned those who are involved in sexual offense and harassments as the law penalizes such acts. "We won't allow offenders to get away with it. Anyone should know that sexual harassment promotes disrespect and it is a crime punishable by law," he stressed.

Lim also said that the agency's traffic enforcers are also actively doing their part to address sexual harassment in the street which, he said, is the "most common form of harassment" being experienced by many.

"Just recently, our traffic enforcers immediately turned over to police a sexual harasser inside a public utility bus. This is just one of the instances that our men acted on sexual harassment complaints being brought to them by the public."

The said male commuter is accused of barring his genitals to a pregnant woman while inside a bus plying EDSA. It was reported

MMDA Chairman Danilo Lim

to traffic constable Mark Geronimo by the bus driver as the woman passenger complained that the offender seated next to her showed her his genitals.

Also part of the MMDA's efforts to contribute to a safe and violence-free public spaces is installation of additional closed circuit television cameras (CCTVs) in strategic locations along Metro Manila to deter and apprehend, not only traffic violators, but at the same time, sexual offenders.

Lim also called out to continue the fight against sexual harassment and harassers and to make it everyone's responsibility and priority. (MMDA)

Revilla to DPWH, LGU's: Conduct immediate audit, review of existing buildings, structures

"Dapat ngayon na isagawa ang inspeksiyon at audit ng mga buildings at structures, hindi 'yung kada lilindol pag-uusapan, pag-hupa tigil din ang usapan, pag-lindol usap na naman."

This were the words of Sen. Bong Revilla on Monday after filing a resolution urging the Department of Public Works and Highways (DPWH) and all local government units to conduct an immediate audit and review of existing buildings and structures to ensure compliance with the standards set by the National Building Code on Structural Safety.

The veteran law-

Sen. Bong Revilla

maker believes that an audit is necessary to protect people against avoidable damage to property and loss of lives.

It was reported that the first quake occurred on October 16, 2019 with a Magnitude of 6.3 with epicenter in

Tulunan, North Cotabato.

The second strong earthquake recorded on October 29 was Magnitude 6.6, with and almost the same epicenter located 25 kilometers southeast of the Municipality of Tulunan.

On October 31, another strong earthquake was recorded with Magnitude of 6.3 with the same epicentre location in Tulunan. North Cotabato;

The Philippine Institute of Volcanology and Seismology (PHIVOLCS) reported that these earthquakes are part of a sequence of events from interrelated faults in the region, while the National Disaster Risk Reduction and Management Council (NDRRMC) reported that as of November 4, 2019, 6:00 AM, there are a total of 22 dead, 424 injured, and 2 missing persons were reported in Regions X, XI, XII, and BARMM because of the series of earthquakes;

The National Disaster Risk Reduction and Management Council (NDRRMC) said that affected and damaged infrastructures reached a total of 29,453.

Bong Revilla reminded that the Department of Public Works and Highways and all local government units are mandated to strictly implement the National Building Code, the government's policy which sets the technical standards in constructing and renovating buildings and structures in the Philippines.

"Ito na dapat ang huling wake-up call sa atin; Wala na dapat shortcuts para masiguro ang kaligtasan ng ating mga kababayan," Revilla said.
