

Provinces outside NCR may get 15k-20k vaccine doses each – Galvez

Vaccine czar Carlito Galvez Jr. said that provinces outside the National Capital Region (NCR) might only receive 15,000 to 20,000 doses of vaccines each.

“Kaunting pasensya lang sa probinsya kasi kapag pinaghati hati natin ang probinsya, majority po nagkaroon lang ng 15,000 to 20,000 ang pinakamalaki,” Galvez said during the weekly Talk to the Nation with Presi-

Carlito Galvez Jr

dent Rodrigo Duterte.

“If we have 81 provinces kasama po ang NCR, talagang ang pinakamalaking makukuhang isang probinsya is only 15 to 20,000. Kaya madidilute natin ang vaccines. Ang magkakasurge, ‘yon ang babatuhan ng malalaking volumes ng vaccines,” he added.

According to Galvez, Sinovac could be sending 5.5 million doses of CoronaVac to the Philippines next month.

He explained that Sinovac eyes to complete its 20.5 million doses of delivery by September instead of November.

If this would be the case, a minimum of 5 to 6 million doses of vaccines will be delivered every month to the Philippines, the vaccine czar added. These doses can be used to augment the vaccines to be shipped to the provinces, he added.

Iloilo City Mayor Jerry Trenas lamented that NCR has been getting most vaccines even as the provinces experience a COVID-19 surge.

“We have been informing the Secretary Galvez we need medical personnel, equipment, COVID-19 meds, and

SSS: Applications for renewal of pension loans available online

The Social Security System (SSS) reminds qualified retiree-pensioners who would like to renew their loans under the Pension Loan Program (PLP) to submit their applications online through the My.SSS Member Portal.

SSS President and CEO Aurora C. Ignacio said the online facility for the PLP was added in the said portal since September 2020 to provide an easier and safer channel for SSS pensioners to benefit from the loan program.

The state pension fund said community quarantine lockdowns imposed by the government to stem the increasing infections due to COVID-19 limited the mobility of pensioner-members and affected transactions with SSS branches, including PLP applications.

SSS said it disbursed P787.27 million in pension loans to 17,585 retiree-pensioners from January to March 2021, representing a 43.8 percent and 44.1 percent decline, respectively. During the same period in 2020, PLP releases amounted to P1.4 billion for 31,467 retiree-pensioner borrowers.

"For the most part of the first quarter of 2020, those who would want to apply for the PLP can easily do so through our branches. But the first quarter of this year was a different story. Quarantine restrictions are imposed to limit the spread of COVID-19," Ignacio said.

"We acknowledge the difficulty for those who would need to avail of the PLP. That is why we worked on developing an online channel for such pension loan applications. In September 2020, we began the initial implementation of this online service in our My.SSS member portal. At present, however, first-time avalees must still submit their applications through our branches following applicable service guidelines implemented in them," she added. Qualified to use the online application method for PLP are SSS retiree-pensioners who met the qualifying conditions for the program. These include:

85 years of age or below at the end of the month of their loan term;
no deductions (outstanding loan balance, benefit overpayment, etc.) from their monthly pension and existing advance pension under the SSS Calamity Assistance Package;
holds a Unified Multi-Purpose Identification card enrolled as an ATM card (UMID-ATM) or Union Bank of the Philippines (UBP) Quick Card as disbursement accounts; and
receives a regular monthly pension for at least one month, and the status of pension is "Active."
Excluded from the PLP are retiree-pensioners under the Portability Law and those under the care and custody of a guardian.

Moreover, applicants who would use the online method must have a My.SSS account on the SSS website (www.sss.gov.ph), and a current and active mobile number regis-

CALABARZON Balita Six Batangas areas declared ASF-free

FIVE towns and one city in Batangas have been declared free from African Swine Fever (ASF), the first local declaration of ASF-free areas in the country, the International Training Center on Pig Husbandry said.

In a statement, the center said the six ASF-free zones are the municipalities of Rosario, Malvar, Taysan, San Jose, and Nasugbu, and Lipa City.

The Batangas provincial government made the declarations based on their surveillance, as supported by the Department of Agriculture's regional of-

fice, Agriculture Spokesman Noel O. Reyes said in a mobile message.

The Bureau of Animal Industry (BAI) will validate the declarations.

The BAI on June 8 noted a decline in the number of barangays or villages where cases of ASF are still detectable to 19, after more than 2,700 barangays were affected since Aug. 2019.

Pork prices have soared as supply dropped due to the ASF outbreak that has affected many parts in the northern island of Luzon. Several areas in the Visayas in central Philippines and Mindanao in the south were also affected.

"Challenges in the availability of test kits, facilities, laboratories were encountered. Adding on the pressure was the movement of man due to the pandemic, slowing down the surveillance activities, investigations, and repopulation," the center said. — Jenina P. Ibanez

tered with the SSS.

To apply, retiree-pensioners must log in to their respective My.SSS account, proceed to the E-services tab, click "Apply for Pension Loan," choose their preferred loan amount and term, agree to the terms and conditions of the program, submit their application, and print or download the PDF copy of the Disclosure Statement.

They will receive an e-mail confirmation of their applications. Pension loan proceeds will be credited to their disbursement accounts within five working days.

"Those who may use the online application method for the PLP are mainly retiree-pensioners who have previously availed of the program that are already fully paid and whose disbursement accounts are UMID-ATMs or UBP Quick Cards," Ignacio said.

"However, we are continuously developing the PLP to include Philippine Electronic Fund Transfer System and Operations Network (PESONet) participating banks as disbursement channels so that more qualified retiree-pensioners can conveniently avail of it," she added.

Members, pensioners, employers, and the public are strongly advised to follow the minimum public health standards set by the government when transacting in SSS branches and offices.

The SSS launched the PLP in September 2018 to assist retiree-pensioners with their short-term financial needs through a low-interest loan at 10 percent per annum and help them avoid falling prey to loan sharks. A one-percent service fee is waived as a means to subsidize the payment for the premium of the Credit Life Insurance (CLI) of the borrower.

A qualified retiree-pensioner may avail of a loan of up to three, six, nine, or 12 times his/her basic monthly pension (BMP) plus a P1,000-additional benefit granted in 2017, but not to exceed the maximum loan limit of P200,000. Moreover, the net take-home pension of the pensioner-borrower should at least be 47.25%.

A pension loan of three and six times the pensioner's BMP plus the P1,000-additional benefit has a payment term of six and 12 months, respectively. On the other hand, a pension loan of nine or 12 times the BMP plus the P1,000 additional benefit has a payment term of 24 months.

The first monthly amortization for the PLP will be due on the second month after the loan was granted.

For more information, follow the SSS on Facebook and YouTube at "Philippine Social Security System," Instagram at "mysssph," and Twitter at "PHLSSS," or join its Viber Community at "MYSSSPH Updates."

intended for the inoculation of residents belonging to A2 and A3 priority groups which include senior citizens and persons with comorbidity.

While the city government is working to complete the vaccination of A2 and A3 beneficiaries, it has also started rolling out the registration for residents belonging to the A4 priority group.

"Even before the opening for the online registration for A4 priority group, we had already started gathering data for the masterlist which we will submit to the Department of Health (DOH)," Dr. Boque said.

Dr. Boque added that around 6,000 individuals under the A4 category have signed up for the vaccination program.

She added that the city government prioritizes to complete the vaccination of the A1 to A3 priority groups but will gradually inoculate members of the A4.

Mayor Emmanuel Maliksi clarified that the COVID-19 vaccination program strictly follows the order of priority as per directive of the Inter Agency Task Force on COVID-19.

He also said that the vaccines provided by the national government are intended for the pri-

ority groups as per instruction of the DOH.

Maliksi further said that the bulk of the supply of the vaccines received by the national government are given to the National Capital Region having the highest number of active confirmed cases.

Mayor Maliksi assures that the 16,000 additional vaccines which will arrive Monday will be fully distributed to the recipients. (Ruel Francisco/PIA Cavite)
