DepEd, isinusulong ang reporma sa voucher program

Secretary Sonny Angara

Itinutulak ni Education Secretary Sonny Angara ang mga mahahalagang reporma sa pamamagitan ng pakikipag-ugnayan sa private school partners upang mas mapabuti ang pagpapatupad ng voucher program. Inatasan din niya ang Management Committee ng Kagawaran na higit pang paigtingin ang classroom observation system sa ilalim ng Teacher Growth and Performance framework.

Layunin ng mga hakbang na ito na mas mapadali ang paghahatid ng voucher support para sa mga mag-aaral, habang mas napapalakas ang mga sistemang sumusuporta sa pagtuturo ng mga guro sa iba't ibang paaralan.

"Sa ngayon, nakatutok tayo sa pagpapabuti at pagpapalawig ng implementasyon ng ating voucher programs sa bansa. And it begins with meaningful conversations with our leaders in private education institutions to ensure that our priorities are aligned in implementing the program," ani Secretary Angara.

Sa pangunguna ni Secretary Angara, nagpulong ang Private Education Assistance Committee (PEAC) sa ika-351 nitong meeting. Dito, tinalakay ng komite at ng mga lider ng pribadong sektor ng edukasyon kung paano mas mapapalakas ang pagtutulungan ng dalawang sektor upang matiyak na mananatiling maayos at walang katiwalian ang implementasyon ng Senior High School Voucher Program.

Binanggit din ng DepEd na sa ilalim ng mga bagong panuntunan para sa Expanded Government Assistance to Students and Teachers in Private Education (E-GASTPE), bibigyang prayoridad ang mga mag-aaral mula sa middle-income at low-income na mga pamilya.

Dumalo rin sa pulong sina Catholic Educational Association of the Philippines (CEAP) President Fr. Karel S. San Juan, SJ; PEAC Regional Secretariat XI Regional Program Director Sr. Ma. Marissa R. Viri, RVM; mga school head ng mga paaralang kalahok sa GASTPE sa Davao; at iba pang opisyal at trustee ng mga regional association.

Nagpatawag din si Secretary Angara ng pulong kasama ang mga miyembro ng National Management Committee ng DepEd upang pag-usapan kung paano pa mapapabuti ang classroom teaching observations nang hindi nadaragdagan ang stress ng mga guro sa pampublikong paaralan.

Bilang tugon dito, kasalukuyang bumubuo ang Kagawaran ng isang polisiya na mas nakatuon sa paglago at performance ng mga guro. Itinatampok sa framework ang apat na pangunahing bahagi—Learner Evidence, Professional Artifacts, Collaboration and Professional Engagement, at Single Classroom Observation—na bawat isa ay may timbang na 25%. Sa ganitong paraan, walang iisang sukatan ang labis na magdidikta sa performance rating ng isang guro.

Layunin din ng panukalang polisiya na mas suportahan ang professional growth ng mga guro, tiyakin ang pagiging patas sa sistema, maayos na mapamahalaan ang kanilang workload, at sa huli ay mas mapabuti ang learning outcomes ng mga mag-aaral.

"Muli, patuloy tayong magsusulong ng mga polisiya at programa para sa ikabubuti ng ating mga kaguruan. President Bongbong Marcos has emphasized time and again the need to protect the welfare of our teachers—and we remain steadfast in carrying out this directive," ayon kay Secretary Angara.

Remulla Orders BFP Clean-Up, Calls on Public to Expose Corrupt Inspectors

Interior and Local Government Secretary Jonvic Remulla

The Department of the Interior and Local Government (DILG) on Thursday vowed a sweeping internal cleansing within the Bureau of Fire Protection (BFP), with Interior and Local Government Secretary Jonvic Remulla assuring the public that reforms are already underway to strengthen accountability and reset the culture inside the fire service.

Remulla said the Department has begun implementing reforms both at the recruitment level and among senior officials.

"If you think the job of internal cleansing is easy, mahirap talaga 'yan. Inumpisahan na namin sa baba, sa recruitment sinampolan na namin. Yung sa taas, sinampolan na namin," Remulla said.

"Hopefully, this will lead to a re-formulation of the culture inside the BFP. Kung nagawa namin sa PNP 'yan, magagawa din namin sa BFP 'yan," he continued, referring to reforms previously implemented in the Philippine National Police.

The DILG chief expressed confidence that morale remains strong among BFP personnel, emphasizing that the reforms aim to protect the rank and file and uphold the integrity of the institution.

"Ang kawawa dito yung rank and file. There are 40,000 employees ng BFP, sila ang araw-araw, buhay ang nakasalalay, pero yung mga boss nila umuuwi na ganyan karaming pera," he said.

Meanwhile, Remulla urged the public

Public warned...from p6

Aside from dogs and cats, other animals that may carry the rabies virus include bats, monkeys, goats, cows, rabbits, and horses.

Initial symptoms of rabies in humans may include fever, headache, and unusual sensations around the wound area. As the disease progresses, patients may experience anxiety, difficulty swallowing, fear of water (hydrophobia), fear of air (aerophobia), hallucinations, insomnia, and paralysis.

Health officials warned that once symptoms appear, rabies is almost always fatal, making early treatment critical.

Authorities advise people who are bitten or scratched by animals to immediately wash the wound with soap and running water and seek medical attention to receive anti-rabies vaccination.

As part of the awareness campaign, communities are encouraged to have their pets vaccinated and practice responsible pet ownership, including keeping pets from roaming freely, to help prevent the spread of rabies and protect Filipino families. (RGA-PIA CAR)

Public warned vs. rabies as PH observes Rabies Awareness Month

Health authorities are urging the public to practice responsible pet ownership and seek immediate treatment for animal bites as the country observes Rabies Awareness Month this March.

The observance carries the theme "Rabies-free na pusa't aso, kaligtasan ng pamilyang Pilipino," highlighting the role of vaccinated pets in protecting Filipino families from the deadly disease.

Rabies is a viral infection that affects the brain and nervous system and is transmitted to humans through the bite, scratch, or saliva of an infected animal.

According to the World Health Organization, around 300 Filipinos die from rabies each year, making it a continuing public health concern despite the disease being preventable.

Health experts said about 98 percent of human rabies cases in the Philippines are caused by dog bites, while the remaining cases are linked to cats and other animals.
