

NTF, BACCOOR CITY TF AGAINST COVID-19 JOIN FORCES TO CONTAIN SPREAD OF COVID-19

Breastfeeding must continue amidst COVID 19

In observance of Breastfeeding Awareness Month, the Department of Health (DOH), World Health Organization (WHO), and United Nations Children's Fund (UNICEF) jointly appeal to the public to protect, promote, and support the practice of exclusive breastfeeding of infants from birth up to six months, and continued with complementary feeding onwards with breastfeeding being the most healthy, efficient, and en-

BCDA Chairman Sec. Vince Dizon

BACCOOR CITY, Cavite (PIA) --The city government here thru its City Task Force Against COVID-19 launched the Expanded Targeted Mass Swab Testing (ETMST) in the city August 6, 2020 at Bacoor National High School Tabing Dagat and at Zapote Elementary School.

The said activities were part of the counter-measure undertaken by the city government in coordina-

Cont.on PAGE4

First day of Expanded Targeted Mass Swab Testing has been conducted in Bacoor City.

Mayor Ony Ferrer issues a directive to the City Health Office to modify the public reporting of Covid-19 cases in the City

As part of our campaign coming against Covid-19, your servant has issued a directive to revisit the City Health Office reporting to the public about Confirmed Cases in our City.

In the next Covid-19 Bulletin releases, only Barangays in the Poblacion Area will remain cluster. This is

to protect patients and their families from discrimination. Other Confirmed Cases will be spread in Barangay.

Paliwanag sa tema ng Buwan ng Wika 2020

By Komisyon sa Wikang Filipino

Nakasentro ang tema ng Buwan ng Wika 2020 -- "Wika ng Kasaysayan, Kasaysayan ng Wika" Ang mga Katutubong Wika sa Maka-Filipinong Bayanihan Kontra Pandemya -- sa halaga ng Filipino at mga katutubong wika sa bansa bilang mabisang sandata sa pakikidigma laban sa pandemya.

Layunin nitóng himukin ang BAYANIHAN ng sambayanan upang masugpo ang patuloy na paglaganap ng COVID-19 sa pamamagitan ng pagbabahagi ng mga impormasyon o pabatid-publiko na nása Filipino at mga katutubong wika.

Pagbabantayog itó sa kahalagahan ng mandato ng Komisyon sa Wikang Filipino (KWF) na itaguyod ang pagpapalaganap ng Filipino at mga katutubong wika sa bansa bilang pinakamabisang midyum sa pagkakaroon ng kolektibong pag-uunawaan ng sambayanan.

Ano ang kaugnayan ng wika sa BAYANIHAN?

Ang pagresolba sa pandemyang dinaranas ng buóng mundo ay hindi lámang nakasalalay sa pagdiskubre ng "bakuna"—malaking papel ang ginagampanan ng kamalayan o awareness ng bawat tao ukol sa virus na sa tamang impormasyon ay magkakaroon ng kolektibong hakbang pára sa prebensiyon ng nakamamatay na sakit.

Wika ang tuláy sa paghahatid ng kamalayan sa sangkatauhan upang ang COVID-19 ay mapigilan. Tinitingnan dito ang Filipino at mga katutubong wika sa bansa bilang tagapamansag ng kolektibong paghahanap ng pag-asa sa gitna ng krisis o matinding pangangailangan. Hindi nga ba't sa pagpapaunawa sa mga Filipino, sa anumang antas ng búhay, hinggil sa kinakaharap na sitwasyon, kadalasang napag-iwanan ang mga nása laylayan ng lipunan lalo't banyaga ang wikang ginagamit sa pagpapaliwa-

BOC NAIA intercepts Php 23.5M 'party drugs' Ecstasy concealed in 'coffee' and 'kids toys'

MANILA -- Through intensified vigilance and strict profiling of Customs NAIA personnel, seven (7) packages containing a total of 13,824 tablets of Ecstasy with an estimated street value of P23,500,800 were seized by the Bureau of Customs NAIA in the Central Mail Exchange Center (CMEC) warehouse in Pasay City. The said seizure was discovered in different parcels with different consignees.

Records show that the subject shipments originated from Netherlands and Belgium and misdeclared as "Caffe Gondoliere Espresso Beans, Caffe Gondoliere Creme Bonen", "Gondoliere Coffee (Arabica)", "Granulaat", "Snoepjes", "Coffee DE (Espresso)", "DE Coffee (Aroma Red) (Mocca)", and "Fishing Bath, Energy Saving LED Light, Pillow for Kids, Disney Pixar - The Secret Life of Pets".

The suspicious weight of the packages, and the recently discovered modus operandi of smuggling illegal drugs thru "coffee beans" from other countries last July 2020, prompted the BoC-NAIA Frontliners to subject more parcels to rigid document profilings, x-ray scanning and inspections.

Upon physical examination by BoC-NAIA Customs Examiners, tablets in different colors of "Party Drugs" or Ecstasy concealed in "toys" and different wrappers of "coffee" were found.

Both Field Tests conducted by CAIDTF and PDEA Chemical Laboratory Test confirmed that the seized Tablets were Methylenedioxymethamphetamine (MDMA) or also known as Ecstasy.

BOC NAIA Frontliners, Customs Examiners, CIIS, CAIDTF, ESS and XIP Operatives continuously coordinate with PDEA and NAIA-IATG to further strengthen vigilance in guarding passenger terminals and warehouses.

nag?

Ngayong taón ay humarap at kasalukuyang humaharap sa maraming pagsubok ang ating bansa tulad ng pagputok ng Bulkang Taál at pagkakaroon ng maraming káso ng COVID-19.

Sa araw-araw na humaharap ang mga Filipino sa pagsubok na itó, humaharap din ang (mga) wika sa mabigat na isyung hatid ng pandemyang itó. Dahil dito, naging mahalaga ang pagpapása at paghahatid ng mga impormasyon sa mamamayan. Nagbigay-daan itó upang makita ang pangangailangang maibantayog ang bawat wika bilang pagtugon sa iba't ibang kalamidad at pandemya.

Ang pagsandig sa wikang sinasalita ng isang pamilyan ay higit na epektibo hindi lámang sa paghahatid ng impormasyon sa bawat mamamayan nitó kundi sa pag-aalis ng tákot o stigma dahil nagagawang pag-usapan ang pandemya sa mga wikang komportable ang mamamayan.

Bakit kailangan ang Maka-Filipinong BAYANIHAN?

Ang BAYANIHAN ay tatak Filipino na malawakang nauunawaan at nagpapatatag sa mga lokal na komunidad sa buóng bansa. Pagbabantayog itó sa kahalagahan ng paggamit ng Filipino at katutubong wika sa pagpapalaganap ng impormasyon sa panahon ng pag-iral ng kuwentena o quarantine upang bigyang-daan ang pagsibol ng BAYANIHAN.

Maging sa Cebu o buong Kabisayaan hanggang Mindanao ay malaganap na ginagamit ang BAYANIHAN sa mga kampanya kontra COVID-19. Pagpupugay din itó sa mga frontliners na itinuturing nating BAYANI sa panahon ng pandemya.

Cont.on PAGE4

Last August 10, 2020, BoC-NAIA turned over to PDEA the subject seized illegal drugs for further profiling and case build up against the importers and other personalities involved for possible prosecution for violation of the Dangerous Drugs Act of 2002 in relation to Section 1401 of the Customs Modernization and Tariff Act.

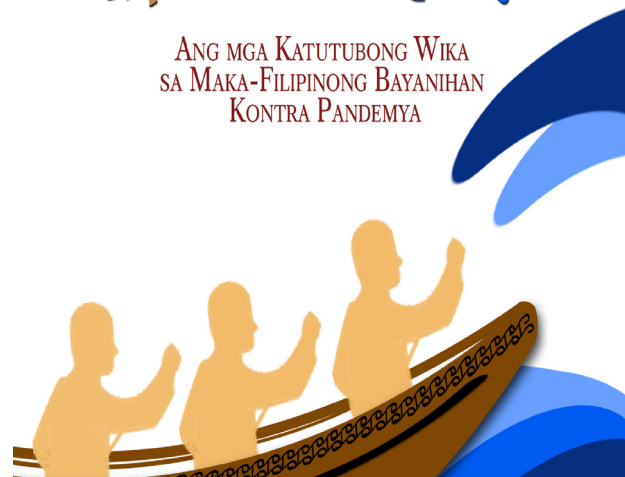

The said seizure further manifests the commitment of the Bureau of Customs under the leadership of Commissioner Rey Leonardo B. Guerrero, in coordination with the Philippine Drug Enforcement Agency, to stop attempts to smuggle dangerous drugs into the country. courtesy:(BOC)

ASEAN youth come together for COVID-19 response

MANILA – Hundreds of youth from ASEAN and other countries joined in the first episode of the Interactive Webinar Series on ASEAN Youth and COVID-19 under the theme #ASEANYouth at the Forefront of COVID-19 Response.

The ASEAN Secretariat, ASEAN Foundation, ASEAN Centre for Biodiversity, and the International Federation of Red Cross and Red Crescent Societies (IFRC) jointly held the two-hour virtual event. It presented ASE-

AN youths' contributions to COVID-19 response at the community level.

The first session named The Conversation featured four young front-liners' challenges and insightful experiences while serving their communities. Angga Dwi Martha from the ASEAN Youth Interface with ASEAN Leaders at the 36th ASEAN Summit moderated the webinar.

Martha, who is also involved in the Indonesian Task Force on the Acceleration of COVID-19 Response, moderated a

panel which consisted of ASEAN young frontliners: Marlon Palarion, Dwi Riyan, Nattasuang Phakkawan, and Phan Van Quyen.

Palarion is a licensed medical technologist at the Philippine Red Cross, currently deployed as a supervisor in a molecular laboratory for COVID-19 testing in Cebu. At the session, he underlined that "living in an archipelago, there are so many people that we have to reach in different places and test for the possibility of COVID-19 in-

Dasmariñas City...p6

PLTCOL Richard Ian Tubiera Ang

This honor is a resounding testament to the ded-

ication, hard work and genuine effort of the local government and its men in uniform to keep up to their mandate of maintaining peace and order in the City of Dasmariñas amidst a crisis brought by the pandemic.

Congratulations to all of us!

Onward, Forward, City of Dasmariñas!

Mayor Ony Ferrer issues...page 1

I strongly remind everyone to avoid discriminating against Covid-19 patients, their families, and to health workers. But we will get hurt and pray for everyone's good health. Whether there is a case or not in our barangay, let's continue to be careful and disciplined. Let's unite so we can overcome this pandemic.

Mayor Ony Ferrer

City Government of Bacoor

Because the safety of their constituents is one of their priorities, SK of Barangay Real 1 gave relief like 2000 face masks to the residents of their barangay and they also put 25 alcohol stations on the people private and public schools as well as factories, churches and HOA's in their area.

The 2000 face masks and fights COVID 19 flyers and soaps were distributed by the constitute of Reference Youth of Barangay Real 1, even to those who live in the barangay area.

Long live SK Real 1 for taking care of the residents of your barangay.
We salute you!

Breastfeeding...p1

Environmentally-sustainable action of mothers for their children.

This year's theme, "I-BIDA ang Pagpapasuso Tungo sa Wais at Malusog na Pamayanan!", reinforces the importance of breastfeeding now, more than ever, because of the COVID-19 pandemic which poses a challenge to infant feeding. We enjoin everyone to ensure that Filipino infants will have proper and adequate nutrition to improve their resilience against the disease and minimize the long-term effects of malnutrition, ultimately meeting the country's commitment to sustainable development.

The COVID-19 pandemic has taken a toll in many Filipino families' health. Because of this, we cannot stress enough the importance of ensuring that the correct information on health and nutrition—which includes breastfeeding—reach our people. The child and the environment greatly benefit from the efficient, climate-smart practice of breastfeeding that contributes to food security and reduces our carbon and ecological footprints.

"Breastfeeding is the most complete and sustainable nutrition for the first 6 months of life, with continued benefits when done with complementary feeding for older infants and children. In this pandemic, mothers should not be worried about breastfeeding, as long as proper infection prevention and control (IPC) measures are observed," Health Secretary Francisco T. Duque, III said.

Duque added that mothers with suspected and/or confirmed COVID-19 should continue breastfeeding, following proper wearing of masks, and frequent, proper handwashing before and after contact with the child. Among the few cases of confirmed COVID-19 infection in children, most have experienced only mild or asymptomatic illness—and this must be supported with the immunological benefits of breastfeeding in infants and young children.

AFFIDAVIT OF SELF-ADJUDICATION WITH SALE

Notice is hereby given that the estate left by the deceased **JOHNNY C. DE MESA** consisting of one (1) parcel of land covered by TCT No. T-12294, situated at Brgy. tion with the National Task Force Against COVID-19 led by Deputy Chief Implementer and BCDA Chairman Secretary Vince Dizon.

On the first day of the ETMST, more than 800 city residents comprised of staff, personnel, security, and maintenance of the Hall of Justice underwent the swab testing. Also, the vendors of the Tabing Dagat wet market, several LGU employees, residents and vendors within the vicinity of Zapote that was previously placed under lockdown due to local transmission.

Sec. Vince Dizon visited the city July 23, 2020 and held a dialogue with the Bacoor City Task Force to discuss the COVID-19 situation in the city and the steps needed to address the concerns on the containment of the coronavirus.

During the visit, Sec. Dizon turned over Personal Protective Equipment (PPE) sets for use of the medical frontliners and about 2,000 swab test kits that were used in the ETMST.

Aside from the swab test kits, the NTF also provided several two-sided swabbing booths resulting to the fast and efficient test procedures undertaken among residents with strict observance of health quarantine protocols like the 'no face mask, no entry,' and physical distancing. (Ruel Francisco, PIA-Cavite/Bacoor PIO)

Face shield...page 6

"We advise that our passengers use the ones that cover the whole face," Tuazon said.

While the new requirement will incur some cost for public transport commuters, DOTr Secretary Arthur Tugade said the face shield would add an extra layer of protection against Covid-19.

"Huwag sana nating isipin na panibagong gastusin o dagdag abala ang pag-require natin sa paggamit ng (Let us not think of this as an additional expense or inconvenience when using a) face shield. Let us remember that no amount of protection is too much when it comes to health and safety," Tugade said.

Aside from mandatory wearing of face shields, the DOTr said other preventive measures against Covid-19 remain such as mandatory wearing of face masks, safe physical distancing measures, and hand washing or sanitizing.

It added that talking or using mobile phones inside all public transportation is also discouraged./source: (PNA)

Paliwanag...p2

Binibigyang-pansin ng BAYANIHAN ang idea ng pagbibigay ng impormasyon na naaayon sa wika ng pamayanan. Patunay dito ang isinagawang malawakang pagsasalin sa mga katutubong wika sa bansa bilang paunang inisyatiba ng Kagawaran ng Kalusugan kaugnay ng mga bagay na mahalagang mabatid ng publiko ukol sa COVID- 19.

Itó rin ang itinagubilin ng Senate Bill No. 1539 (Language Accessibility of Public Information on Disas-

ters Act) na isinusulong ni Sen. Manuel "Lito" M. Lapid upang higit na mapalakas ang mga pagsisikap na pahalagahan ang Filipino at mga katutubong wika ng pamayanan dahil madali at mabilis nitóng naitatawid ang mensahe ng pamahalaan tungo sa komunidad.

Ang BAYANIHAN ay para sa lahat, itó ang pagkakaisang lubhang kailangan upang mapagtagumpayan ang pandemya sa pamamagitan ng pagdadamayan.

ASEAN...p3

fection." He managed to help set up laboratories in different places across the country during the pandemic.

Dwi Riyan, an environmental educator and the 2020 ASEAN Youth Biodiversity Leader from Indonesia, shared insightful perspectives on how youth can take part in preventing future pandemics by preserving biodiversity and wildlife ecosystems.

Riyan emphasised

that protecting ecosystems would be the best vaccine for the future. "The combination of shrinking habitats and increased unmanaged contact between human and animals contributes to the emergence of an outbreak," he added.

Meanwhile, Phak-kawan, an active volunteer for more than ten years, has been raising awareness on COVID-19 and personal hygiene by producing informative songs and music vid-

eos with the Thai Red Cross Youth Bureau.

In Viet Nam, Phan set up a virtual platform for "online vacations" in an effort to support ethnic minorities affected by the declining tourism industry. Through this initiative, individuals who are currently unable to travel can still learn about Vietnamese local culture and purchase the local products made by the country's various ethnic minorities.

Dr. Ha Thi Minh Duc from Viet Nam's Labour, Invalids and Social Affairs Ministry representing the Senior Officials Committee for the ASEAN Socio-Cultural Community (SOCA) Chair, Somkiao Kingsada of Lao Youth Union and Chair of the ASEAN Senior Officials Meeting on Youth; and Dr. Mohamed Maliki Mohamed Rapiee from Malaysia's Youth and Sports Ministry representing the Vice-Chair of SOMY, participated as commentators.

"Youth nowadays have global mindsets, are more knowledgeable, and passionate to serve the community—a very good combination. The ASEAN Socio-Cultural Community (ASCC) always values the contribution of youth in realising a people-centred and people-oriented community," stated Dr. Duc.

Youth representatives of the Red Cross Red Crescent Movement led the second session of the webinar, a Fun Lecture titled "Build Back Better: YOU(th) need to adapt!". The session focused on the importance of

adaptability and resilience as life skills for youth.

Cheng Yang Chong, a 23-year-old Malaysian Red Crescent Society Youth Volunteer and Co-Chair of the RCRC Southeast Asia Youth Network guided the participants in an exercise on how to listen to one's inner voice and develop self-awareness.

During this session, IFRC Youth Delegate for ASEAN Francesca Capoluongo shared her advice on how to develop resilience. She also shared information regarding the Youth as Agents of Behavioural Change programme, an IFRC flagship initiative to promote a culture of non-violence and peace.

This first episode of the webinar series was hosted on Zoom and live-streamed on ASEAN Secretariat's Facebook Page, with 469 live viewers combined. In 48 hours, the Webinar reached over 36,000 viewers on Facebook from across the worldwide. Over 85% of Zoom participants are youth aged 15-35 years old and around 60% identified themselves as students.

The Interactive Webinar Series is part of the ASCC COVID-19 Webinar Series with the overarching theme The Impact of COVID-19 on ASCC Sectors and Post COVID-19 Strategies, co-led by the SOCA Viet Nam and ASEAN Secretariat.

This initiative is expected to contribute to the implementation of the ASEAN Work Plan on Youth 2021–2025, the ASEAN Working Group on Nature Conservation and Biodiversity Action Plan in mainstreaming biodiversity in human health and wellbeing, and the ASEAN Working Group on Environmental Education Action Plan in fostering active participation of empowered youth in promoting environmental protection.

The next episode of the Webinar Series is scheduled this month, in commemoration of ASEAN Day and International Youth Day. The theme is #ASEAN-Youth and the Wise on Resilience in Adversity and will feature an inter-generational panel.

The recorded live stream of the first episode can be accessed at <https://www.facebook.com/aseansecretariat/videos/717771739076440/> (ACB)

FACE SHIELDS REQUIRED IN PUBLIC TRANSPORT BY AUG. 15: DOTR

MANILA – The use of face shields will soon be mandatory for passengers and drivers of public transportation to curb the transmission of the coronavirus disease (Covid-19).

DOTr Assistant Sec. Goddess Hope Libiran

In a media bulletin on Wednesday, the Department of Transportation (DOTr) said the new policy would start on August 15 (Saturday), on top of the current mandatory wearing of face masks.

“The initiative aims to further reduce the risk of transmitting the coronavirus disease (Covid-19) in public transport facilities as health

authorities have pointed out that the use of face shields and masks reduces exposure to and emission of respiratory droplets considerably,” the DOTr said.

The directive is applicable to all public transportation in the country including the aviation sector, airports, railway transport, road transport, and the maritime sector, it said.

In a message, DOTr Assistant Secretary Goddess Hope Libiran said the policy was earlier circulated internally among executives of the DOTr and its attached agencies through the issuance of memorandum circular 2020-014 signed by DOTr Undersecretary Artemio Tuazon Jr. on August 3.

In the bulletin, Tuazon said the face shield worn inside public transport should “sufficiently cover the nose and mouth.” **Cont.on PAGE4**

Zapote Market in Bacoor, Cavite, subject to lockdown after some vendors and security marshals were positive in COVID-19 This will last until August 18
