CAVITE POLICE TIGHTENS ITS RESTRICTIONS DURING ECQ

PROVINCIAL GOVERNMENT OF CAVITE

Cavite Province will be under ENHANCED COMMUNITY QUARANTINE

from 29 March - 04 April 2021

Public Advisory

Posted on FB, 28 March 2021

Feel Pag-IBIG Online!

Ngayon, 'di mo na kailangang pumunta sa branch ng Pag-IBIG Fund para:

- Maghulog sa Pag-IBIG Savings
- Magbayad ng loans
- Mag-apply ng Multi-Purpose Loan
- Mag-apply ng Housing Loan

Public advisory from Pag-IBIG

Feel Love Online! Now, you don't have to go to the Pag-IBIG Fund branch to:

- Drop in on your Pag-IBIG Savings
- Pay the loans
- Apply for Multi-Purpose Loan
- Apply for a Housing Loan

Just click this link www.pagibigfundservices.com/virtualpagibig/ for easier and safer transaction.

And, for additional services like viewing your Pag-IBIG Savings and loan records, just create your own Virtual Pag-IBIG account.

Because of LOVE, you can find it online! Visit Virtual Pag-IBIG today and feel Pag-IBIG online!

Camp BGen Pantaleon Garcia, Imus City- To slow down the alarming increase of Covid 19 cases with its new variants, the Inter-Agency Task Force (ITF) for the Management of Emerging Infectious Diseases issued the latest issuance Resolution No. 106-A,

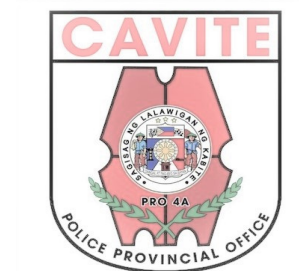

s.2021 dated March 28, 2021 on the imposition of Enhanced Community Quarantine (ECQ) in Bulacan, Cavite, Laguna, Rizal and the National Capital Region.

Effective 12:00 midnight of March 29, 2021, Cavite PNP established thirty-eight (38) Local Quarantine Control Points in every strategic locations and borders of each cities and municipalities in the province of Cavite. Police conducted inspection and validation of passengers' purpose of travel. And they monitored public transport if they strictly observe the prescribed physical distancing and sanitary measures.

Another three (3) Quarantine Control

Points within the Bubble were also established by Cavite Police Provincial Office along Daang Hari, Cavite and Brgy Longos, Bacoor City.

On March 22, 2021 during the implementation of General Community Quarantine until the status was raised to ECQ, four (4) ITF Quarantine Control Points across the boundaries known as the "NCR PLUS BUBBLE" were established in Alfonso, Ternate and Tagaytay. They are all Cavite bound to Batangas such as Brgy Amuyong, Alfonso, Cavite to Nasugbu, Batangas; Brgy Sapang 1, Ternate, Cavite to Nasugbu, Batangas; Brgy Sungay East, Tagaytay City to Brgy Guillermo, Talisay, Batangas; and Brgy San Jose, Tagaytay

City to Brgy Caloocan, Talisay, Batangas.

In Cavite, a total of 45 Quarantine Control Points were positioned locally, across and within the Bubble areas manned by 467 PNP personnel, joint members of AFP, BFP and force multipliers on a 24/7 duty until April 4, 2021.

Under the IATF Resolution No. 106-A, mass gathering is strictly prohibited, Curfew Hours is until 6:00PM to 5:00AM and shall not restrict to APORs, workers, cargoes and public transport. No malls is allowed to operate except for essential stores. Only essential travel and those with valid documents who are considered Authorized Persons Outside their Residences (APOR)

DILG IV-A News

ORIENTATION ON THE DOST SAFE, SWIFT, AND SMART PASSAGE (S-PaSS) TRAVEL MANAGEMENT SYSTEM

March 30-31, 2021

The DILG IV-A, in close coordination with DOST IV-A, conducted an orientation on March 30-31, 2021 for the Safe, Swift, and Smart Passage (S-PaSS) Online Travel Management System developed by DOST Region VI. The orientation was participated by the Local Government Units (LGUs) of CALABARZON and DILG City/Municipal Local Government Operations Officers.

It aimed to provide ample assistance to LGUs in familiarizing and navigating the system and to identify their specific roles in the implementation of S-PaSS.

The full implementation of this travel management system is expected to happen soon in the CALABARZON region, which will facilitate the travel coordination of travelers to their destination LGUs.

CAVITE POLICE...PAGE 1

are allowed to pass.

The AITF will assess not extend the scope of the lockdown if Covid Cases will decrease during the period of ECQ. Cavite Police reminded the public to be safe at home, observe Minimum Health Protocols and avoid non-essential travel to avoid the spread of the virus. (Cavite PIO)

Kapakanan ng mga guro itaguyod sa git-na ng mga bagong paghihigpit -Gatchalian

Hinimok ngay-ong araw ni Senator Win Gatchalian ang Department of Education (DepEd) na patuloy na pangalagaan ang kapakanan ng mga guro ngay-ong ang 'NCR Plus' ay isinailalim sa Enhanced Community Quarantine (ECQ).

Maliban sa mahigpit na pagpapatupad ng alternative work arrangement, muling idini-in ni Gatchalian na kailangan ng mga guro ang kasiguruhan pagdating sa COVID-19 testing at treatment, lalo na kung sila ay magkasakit dahil sa pandemya. Muli ring isinulong ni Gatchalian ang pagbibigay prayoridad sa mga guro pagdating sa pagpapabakuna kontra COVID-19, lalo na't isinasakripisyo nila ang kanilang kalusugan at kaligtasan bilang mga

frontliners sa pagpapatuloy ng edukasyon.

Noong na-karaang taon, ipinaliwanag ng DepEd na ang mga empleyado nito ay suportado ng Philippine Health Insurance Corporation (PhilHealth) kung sila ay tamaan ng sakit o kailangang magpa-ospital. Ang Employees' Compensation Commission (ECC) naman ay may programang Employees' Compensation (EC) Program na nagbibigay ng income, medical, at iba pang benepisyon pang-kalusugan sakaling ang isang empleyado ay magkasakit, masugatan, o kaya naman ay yumao. Ayon naman kay Gatchalian, dapat tiyakin na bawat guro at non-teaching staff ay maaabot ng mga programang ito upang panatilihin mataas ang

kanilang kumpanyansa.

"Sa kabila ng muling pagtaas ng kaso ng COVID-19 at ngay-ong nagsisimula na ang ating vaccination program, hindi natin dapat pabayaan ang kaligtasan at kapakanan ng ating mga guro at kawaning nagsasakripisyo upang maipagpatuloy ang edukasyon sa gitna ng pandemya," ayon sa Chairperson ng Senate Committee on Basic Education, Arts and Culture.

"Kailangang bigyan natin sila ng katiyakan na may matatakbuhan sila at makatatanggap sila ng suporta kung sakaling tamaan sila ng sakit," dagdag na pahayag ng senador. Pagdating naman sa testing, isinusulong ni Gatchalian ang paggamit ng mga mas murang saliva tests na kaya ring magbigay

ng mas mabilis na mga resulta. Kasalukuyang isinasagawa ang mga saliva test sa pamamagitan ng Philippine Red Cross.

Pagdating naman sa priority list ng gobyerno sa vaccination program, muling isinusulong ni Gatchalian na maging bahagi ang mga guro ng A4 priority list kasama ang mga frontline personnel. Ang mga guro kasi ay kasalukuyang kabilang sa B1 priority list kasama ang mga social workers.

Sa Adopted Resolution No. 92 ng Senado, kung saan si Gatchalian ang sponsor, ipinanawagan din ang pagbibigay prayoridad sa mga guro pagdating sa COVID-19 vaccination program. (PIA NCR)

Netizens Get Ready for Summer with ATI's Webinar on Natural Juices

TRECE MARTIRES CITY, Cavite – Agricultural Training Institute in CALABARZON brought to public its second episode of "ATI@HOME (Agricultural Technologies thru Internet at Home) Learning Site for Agriculture Product Series", focused on the production of natural juices.

The webinar opened opportunities for online participants/farming enthusiasts to become more productive and to maximize their existing resources into productive farming endeavor. The ATI@Home

episode brought to the spotlight healthy and nutritious cool drinks which can be consumed by households, at the same time generate additional income.

This episode which lasted for more than an hour, featured Learning Site for Agriculture (LSA) cooperator and Laly's Farmville owner, Ms. Normita "Nonette" Perez' natural juices. Perez demonstrated in detail how to properly harvest fresh produce from the farm and turn them into natural juices such as Calamansi juice concentrate, Calamansi juice

with Cucumber, Guyabano concentrate, and Passion fruit juice.

It was aired simultaneously last March 19, 2021 at 1:30 in the afternoon on ATI CALABARZON Facebook page and ATI Calabarzon AgriStudio YouTube channel. It peaked at 187 views and recorded a total of 263 registrants.

The third episode of this webinar series will be aired on May 2021. For updates, kindly visit: <https://www.facebook.com/ATICalabarzon> and <https://ati.da.gov.ph/ati-4a/>. With reports from: Hans Christopher Flores

#ECQSeason2 Ep. 1 GUIDELINES

Isang malaking pag-unawa ang hinihiling ko sa inyo dahil sa aking pagbawi kapon sa original post ko.

Tinawagan po kasi ako ni SPOX Harry Roque na mag hunos-dili muna hanggang manggaling ang announcement sa kanya.

Ito po ang ilan sa mga guidelines ng IATF:

1. "Authorised Persons Outside Residence" (APOR) rule is to be strictly followed & implemented.
 2. Essential movement of people are only allowed for groceries, pharmacies, banks, remittance centers and for medical facilities.
 3. Public loitering is not allowed. Kung hindi lang APOR ay strictly stay at home ang orders.
 4. Leisure activities are not allowed such as walking, jogging, zumba, tambay and parties.
 5. No Q-Pass required but barangay officials shall check and enforce APOR.
 6. Essential industries such as food and agriculture shall remain open.
 7. Malls will be closed. Only essential establishments such as supermarkets, groceries, pharmacies, and restaurants on a strict take home and delivery system is allowed.
 8. Public Transportation is allowed.
 9. Jowa passes are cancelled.
 10. Public consumption of liquor is not allowed. Bawal tambay-inom-karaoke.
 11. Mass gatherings of more than 10 people are not allowed.
 12. All hotels, motels, and resorts will be closed unless use is provided by law such as those for quarantine purposes.
 13. The new ECQ takes effect at March 29 (monday) midnight. The effectivity shall be decided on a week to week basis.
 14. Golf courses shall remain closed for all age groups.
 15. Salons, barbershops and computer internet shops shall remain closed.
 16. Please wait for further announcements regarding government offices such as SSS, GSIS, NSA, NBI, etc.
 17. Construction shall be allowed both public and private provided guidelines set by DPWH/DOH are followed.
 18. Hardware stores can operate.
 19. Curfew is set from 6PM to 5AM. Exempted are essential workers and emergency.
- Please do NOT go on a panic buying spree. Groceries and other essentials shall remain open.
- Pakiusap lamang at lahat naman nang ito ay para sa atin lahat. 10K average a day na ang mga positibo at sa 2.5% fatality rate ay may approx. 250 per day ang nanganganib ang buhay.
- Puno na ang mga hospital at hindi na kayang tumanggap ng mga pasyente. Ang average waiting time for admission is now at 10 days.
- Mas mabuti na ang mag-ingat kaysa magsisi. Prevention is better than cure.

On March 28, 2021, at about 09:00 A.M., Personnel of Tanza MPS led by PCpl Ervin John Arcon and Pat Morgado together with Tanza BFP, under the direct supervision of PLTCOL ROLANDO B BAULA, ACOP, conducted police visibility and inspection of public transportation on implementation of safety health protocols in line to GCQ at Quarantine Control Point, Umboy Junction, Brgy. Poblacion 4, Tanza, Cavite

Gov't allows private firms to import COVID-19 vaccines

Private entities can now import COVID-19 vaccines "at will" after President Rodrigo Roa Duterte gave the go ahead allowing them to bring in the vaccines they need for their workers in addition to those secured by the government.

In a public address Monday night, President Duterte said countries now compete over vaccine supply as they grapple to inoculate their respective population against the highly contagious coronavirus that has put the world in a standstill. "Nag-aagawan sila ngayon at ang sabi ko hinold (hold) ang ano, hinold. Now, dapat sabihin 'yan kasi para malaman rin natin na how unfair it is really, especially if we are on the side of the poor na 'yong ma-hold 'yong bakuna,"

President Duterte said.

"So wala man tayong magawa. Ang akin ng decision is I have ordered Secretary Galvez to sign any and all documents that would allow the private sector to import at will. Maski magkano o ilan ang gusto nilang ipasok okay sa akin," he added.

There's no assurance that the private sector can secure COVID-19 vaccine supply, the President said, noting dozens of business entities have shown intention to buy the vaccine for their workers.

Private companies are eager to vaccinate their workforces so that the economy could reopen and their business operations could return to normalcy, according to the President.

The Palace has said previously that all

private firms could opt to procure COVID-19 vaccines by getting into a tripartite agreement with the national government since procurements for commercial purposes are still not possible.

On Monday afternoon, President Duterte welcomed the arrival of one million vaccine doses procured by the government from China's Sinovac BioTech, which are intended for the country's healthcare workers.

Meanwhile, President Duterte warned those importing and distributing counterfeit COVID-19 vaccines to stop their illegal activities citing their threat to public safety. "Ito bang nagpapabili ng mga fake, itong nag-i-import na 'yong walang ano, walang source tapos peke, tapos ang mga

tao magpabakuna, magbayad nang mahal dahil nga may bakuna available hindi na maghintay," he said.

"I'm just warning you, huwag na huwag kayong magkamali dito na hirap na ang Pilipino tapos dagdagan mo ng ganitong pamaraan ng hanapbuhay, pupulutin ka talaga kung saan."

Metro Manila, Bulacan, Cavite, Laguna, and Rizal were placed under enhanced community quarantine from March 29 to April 4 to curb the increasing number of COVID-19 infections. The Department of Health (DOH) has recorded 10, 016 new COVID-19 cases on Monday, bringing the total number of infections in the country to 731,894 as of March 29 with 603,213 recoveries and 13,186 deaths. PND

Local execs ...P6

On Monday, Duterte approved the release of PHP23-billion emergency subsidy to around 22.9 million individuals in Metro Manila, Bulacan, Cavite, Laguna, and Rizal.

Metro Manila, Bulacan, Cavite, Laguna, and Rizal have been placed under ECQ, the most restrictive quarantine status, until April 4 to stop the upward trend of coronavirus disease 2019 cases in the country.

Budget Secretary Wendel Avisado said the emergency subsidy will be distributed to 11.2 million recipients from Metro Manila, 3 million from Bulacan, 3.4 million from Cavite, 2.7 million from Laguna, and 2.6 million from Rizal.

Each recipient can avail of assistance ranging from PHP1,000 to PHP4,000.

Avisado initially suggested to grant "in-kind" aid to beneficiaries.

The government, however, realized that the assistance should be given to poor families "in (the) soonest time possible," Roque said.

"Kung ma-assure nila na mabilisan na in-kind, wala pong problema yun. Pero kung bibili pa at matatagalan, well, mas maganda pang i-cash na lang (If [LGUs] can assure that they can distribute the in-kind assistance, there's no problem with that. But if it would take them a long time to provide the in-kind aid, it would be better to grant cash aid)," he said.

Roque said LGUs are expected to receive on Tuesday the necessary

funding for the distribution of emergency subsidies within their respective localities.

He, however, acknowledged that local governments need some time to distribute the aid to low-income families affected by the ECQ implementation.

"What we can assure is today, maililipat na sa LGUs 'yung pondo. Pero huwag naman nating asahan na today, completely ma-distribute ng LGUs. Hindi naman sila superman. Bigyan naman natin sila ng sapat na panahon (What we can assure is the funds will be transferred to LGUs today. But don't expect that LGUs will be able to completely distribute it today. They are not superman. Let's give them enough time)," Roque said.

He also warned local officials who would attempt to pocket the money earmarked for the new assistance program for poor households residing in ECQ zones.

He said erring local officials would face arrest, in the event Duterte learns that they stole the money that should have been granted to low-income households.

"Ang mensahe po ni Presidente, huwag na huwag niyong gagalawin ang ayuda sa panahon ng lockdown at pandemya (The President's message is don't try to steal the money earmarked for aid program, especially amid the implementation of lockdown and amid the pandemic)," Roque said. SOURCE/PNA)

ng ating karatig bayan kung kailangan nila ang tulong para sa pagpapakabakuna ng kanilang mga frontliners ay maaari nilang magamit ang CoViD-19 Vaccination sites."

City Administrator Emoy Francisco, DOH DMO-IV Dr. Armida Calvelo-Camposagrado, City Health Officer Dr. Randy Calingasan, President of the St. Dymphna Isolation Facility Mr. Jacky Castro Chan, and Imus Chinese Community Liaison Officer Ms. Bea Tan attended the significant event. (Ruel Francisco, PIA-Cavite)

DOST DEVELOPS S-PASS FOR EASY COORDINATION IN AREAS WITH DIFFERENT TRAVEL RESTRICTIONS

The Department of Science and Technology developed the Safe, Swift and Smart Passage or S-PaSS, an innovative travel management system for local travelers who are returning to or visiting different localities in time for the holidays, for vacation or for business.

The S-PaSS is a travel management system that can facilitate local travel where the public can access information on travel restrictions implemented by different Local Government Units (LGU) due to the COVID-19 pandemic.

The S-PaSS is not a contract tracing system like the StaySafe.ph which is a community-driven contact tracing, health condition reporting and social distancing system being adopted by LGUs and also approved by the Inter-Agency Task Force for the Management of Emerging Infectious Diseases or IATF.

As a travel management system, the S-PaSS will facilitate a safe, swift, and smart coordination of travels to the destination LGUs. Travelers can check the travel restrictions of their destination through <https://s-pass.ph>.

If the final destination has restricted travel policy, the traveler can now apply for a Travel Coordination Permit (TCP) through the S-PaSS. The TCP now replaces the previously required Travel Authority.

On the other hand, if the final destination of the traveler is classified as unrestricted but

will have to pass through restricted LGUs before reaching their final destination, travelers should also apply for a Travel Pass-Through Permit (TPP) aside from securing the TCP required by the place of final destination.

Previously, LGUs issue the Travel Authority to local travelers including returning Overseas Filipino Workers, locally stranded individuals, and emergency travelers. With the adoption of S-PaSS by the IATF, S-PaSS will allow the LGUs now to issue the Travel Coordination Permit (TCP) to replace the previously required Travel Authority.

To use the S-PaSS, travelers just need to register using their personal mobile number. They have to check the documents required by the LGU they are going to, apply for the TCP, and submit it through the website.

Most LGUs have contact numbers for easy coordination and verification of the status of approval of their TCP. However, the length of time for the approval of the TCP may vary depending on the LGU where the traveler is going to. The DOST, as the developer of the system, is not responsible for how long or how fast the LGUs will approve the traveler's TCP.

DOST Regional Office VI has started conducting several trainings to educate the LGUs on how to use the S-PaSS since they will be the primary service provider for the said system.

Series of Barangay Assembly Day in Magallanes Cavite

March 28, 2021 3:00pm onwards
Barangay Assembly Day at Barangay Dos Magallanes Cavite

The S-PaSS is a system that will also provide the LGUs real-time monitoring of all incoming travelers to the respective localities while the system will also provide the travelers their travel history.

DOST's S-PaSS was institutionalized by the Inter-Agency Task Force (IATF) for Emerging Infectious Diseases through Resolution No. 101 last February 26, 2021 as a one-stop communication and coordination platform for travelers and Local Government Units (LGUs). DOST is now coordinating directly with LGUs for the activation of their accounts and

for the full roll-out. Likewise, necessary orientation as well as trainings for the LGUs are being conducted for the full implementation of S-PaSS.

The formal launch of the S-PaSS will be held on 26 March 2021 at 3:30PM via DOST-Philippines Facebook page to be attended by high-ranking officials from the DOST, Department of Interior and Local Government, League of Provinces of the Philippines, League of Cities of the Philippines, local chief executives, the media and other partners and stakeholders. (By Joy M. Lazcano, DOST-STII)

CWC: March 24, 31 & April 7, 2021

Coordination Meeting of the DILG IV-A Top Management last March 25 with PNP PRO4A re: DILG IV-A Vaccination Plan and the establishment of DILG IV-A's medical and dental services for the welfare and benefits of its employees. This initiative is in collaboration with the Philippine National Police- Police Regional Office (PNP PRO) IV-A and the Bureau of Jail Management and Penology (BJMP) IV-A's medical personnel.

LGU Imus City opens Isolation Facility to decongest full bed capacity of hospitals

IMUS, Cavite (PIA) --The city government here has formally opened on March 28, the St. Dymphna Isolation Facility in Barangay Palico IV in response to the alarming rise in the number of CoViD-19 cases in the city.

During the blessing and inauguration of the facility, Mayor Maliksi said, the facility presents two basic advantages. The facility offers a comfortable and conducive place to isolate asymptomatic and mild cases for residents who could not afford proper home quarantining, and decongest the hospital's full bed capacity as it will serve as a step-down facility where convalescing CoViD-19 patients can continue the treatment and care until they are fully recovered.

"This way the hospitals can accommodate other patients with moderate and severe symptoms who will be needing immediate medical attention and treatment," added Maliksi.

The 5-storey, 141 room facility can accommodate more than

Mayor Maliksi

500 patients (Suspect, Probable or Confirmed) who are asymptomatic or with mild symptoms of the disease.

Patients will be provided food, medicines, and proper medical care thus, the use of the facility will mitigate the chances of the further spread of the infection since the said CoViD-19 cases are limited within the confines of the facility.

Consequently, the Ospital ng Imus (ONI) and the Medical Center Imus (MCI) announced their facilities have reached 'full bed capacity' with the emergency room and CoVid ward of the latter health facility in full capacity as of March 27, 2021.

Due to this situa-

tion, hospital officials advised the public to seek treatment from other health care facilities within the city or in neighboring cities.

During his speech, Maliksi shared the LGU in collaboration with the DOH and the City Health Office developed four safe measures for the quick and safe administration of the CoViD-19 vaccines.

First, the vaccination site at the Ospital ng Imus where the official rollout of the vaccination was held, second, the CoViD-19 Drive-Thru Vaccination Site at the Robinson's Place Imus, and third, the Onsite CoViD-19 Vaccination/Mobile Vaccine Clinic, and lastly, the upcoming conduct of house-

St. Dymphna Isolation Facility in Barangay Palico IV, Imus City, Cavite

to-house vaccination of residents who are not capable of being physically present at the vaccination centers.

Maliksi said, "Ang kulang na lang po ay ang mga bakuna upang makamit natin ang sinasabing 'herd immu-

nity' at mapagtagumpayan natin ang laban sa CoViD-19. Hinihimok ko rin ang mga pamunuan

Local execs can distribute either cash or in-kind aid: Palace

MANILA – Local government units (LGUs) have the discretion to distribute either cash or in-kind assistance to low-income households residing in Metro Manila and nearby provinces placed under enhanced community quarantine (ECQ), Malacañang said on Tuesday.

This developed after the assistance program signed by President Rodrigo Duterte on Monday night was "silent" on whether the aid will be in cash or in-kind, Presidential Spokesperson Harry Roque said in a virtual presser.

"So we leave it to the local govern-

ment units kung anong pinakamabilis [na paraan] para makarating po sa ating mga kababayan [ang ayuda] (So we leave it to the local government units to decide what is the fastest way to distribute the aid to our countrymen)," Roque said.
