

# #ENDTB CAMPAIGN CONTINUES WITH 3,171 CAVITE CITY HOUSEHOLDS REACHED

By Ruel B. Francisco

TRECE MARTIRES CITY, Cavite (PIA) -- The #EndTB campaign of the US-AID's TB Platforms Projects in partnership with the Cavite Positive Action Group (CPAG) had reached 3,171 households since the start of the campaign in January 2021.

CPAG and US-AID's TB Platforms continue to conduct community TB education in six barangays in Cavite City. The city is one of the highly burdened of TB cases in CALABARZON region, according to the Department of Health.

In collaboration with CPAG's barangay champions, households were provided

information regarding TB symptoms and the high-risk groups for the disease with regular house-to-house visits and community outreach activities.

They encouraged stakeholders such as the high risk groups and those experiencing TB symptoms for immediate TB screening in the nearest health facilities.

Likewise, city government officials and barangay leaders fully supported the public awareness campaign as Mayor Bernardo Paredes joined their community outreach while daughter Apple Paredes participated in media interviews promoting awareness for TB down to the barangay level.

CPAG Executive Director JC Honra said, "We are grateful that our City Mayor or Bernardo Paredes and her daughter, ABC President, Apple Paredes are with us to help raise public awareness that TB is a killer disease but it is treatable

and preventable. Our health office and barangay leaders are also collaborating with us to promote health-seeking behaviour for TB amid the CoViD-19 pandemic."

CPAG not only educates people about

However, the DOT noted that while

CALABARZON--Travel restrictions will be eased in the areas within NCR Plus, which includes Metro Manila, as well as the provinces of Rizal, Laguna, Cavite and Bulacan after the Inter Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) ordered more lenient travel guidelines until May 30.

In a press release, the Department of Tourism (DOT) said it welcomed the IATF-EID Resolution No. 115-A which places Metro Manila, Bulacan, Rizal, Laguna, and Cavite — collectively known as NCR Plus — under General Community Quarantine (GCQ) with heightened restrictions.

However, the DOT noted that while

only essential travel is allowed within the area, the Resolution allows the implementation of "specialized markets of the Department of Tourism" which includes Point-to-Point (P2P) Air Travel for Leisure Purposes from the NCR Plus Area, and the Staycation program, subject to the observance of minimum public health standards.

"The easing of restrictions in NCR Plus is good news for our tourism stakeholders. This means more tourism workers will go back to work, and economic activities will continue," Secretary Bernadette Romulo-Puyat said, reminding industry stakeholders that health and safety protocols must be observed in tourist destinations.

*Let's continue to study our vaccination process so that more of our countrymen will be vaccinated. With Cavite Governor Jonvic Remulla, Mayor Jenny Austria Barzaga of Dasmarinas and Mayor Ony Ferrer of General Trias, we participated in a simulation exercise where the target is to vaccinate 30 people every hour. The process went well and it will be implemented in the next few days.*

## Cavite donates speedboat, jet skis to PCG

MANILA -- The Philippine Coast Guard (PCG) on Wednesday received a speedboat and personal watercraft, commonly called 'jet skis,' from the provincial government of Cavite.

In a Facebook post, the PCG said the donations include a twin-engine 150-horsepower speedboat and four Yamaha VX-C WaveRunner personal watercraft.

It said the maritime assets will be used in enforcing maritime

laws and in search and rescue operations in vicinity waters off Cavite to "ultimately ensure the safety of lives and properties at sea".

The PCG said Commodore Leovigildo Panopio, commander of the PCG District National Capital Region (PCG)-Central Luzon, thanked Cavite Governor Jonvic Remulla for the donation in a courtesy visit.

Panopio said the new water assets will "greatly help" in intensifying the presence of the

PCG Commodore Leovigildo Panopio

PCG in the province and to better serve the locals through upholding maritime security, safety, and environmental protection. source:(PNA)

# Gov't to prioritize poor families, policemen in mass inoculation drive

Poor Filipinos, the members of the police and the military should also be prioritized in the ongoing government mass immunization drive against the coronavirus disease (COVID-19), President Rodrigo Roa Duterte has said.

In a public address aired on Tuesday, the President reminded National Task Force Against COVID-19 chief

President Duterte

implementer and vaccine czar Carlito Galvez Jr. that police officers, as well as soldiers, should be put on the priority list, adding vaccines should be immediately administered to people to avoid wastage.

"Sundalo pati pulis, lahat. Pati itong kung madala 'yang pamilya nila, okay na, total nandiyan na 'yong mga

## FEATURE: New PNP e-Sumbong system for reporting crimes, abusive cops

By Nonette N. Castillo

Crime, which is an unlawful act may still happen amid the COVID-19 pandemic.

Likewise, one may encounter corrupt, inept, or abusive police officials but would not know what to do next.

With the advancement of technology, the public can now easily report crime incidents and abusive police personnel through the newly-launched "e-Sumbong: Sumbong Mo, Aksyon Ko" system initiated by new Philippine National Police (PNP) Chief Guillermo Eleazar.

This initiative taken by PNP Chief Eleazar now brings the police and the victims closer and hence increasing the security.

## SULONG...PI

Laparan shared that the strict implementation of the quarantine protocols, quick conduct of contact tracing, and the immediate isolation and treatment of positive cases helped contain the spread of the CoViD-19 in the municipality.

During the lockdown last year, the municipal government used its funds to distribute relief packs which included vegetables, rice, canned goods, vitamins and medicines, and other food items every two weeks to ensure that the affected families need not leave their homes.

Meanwhile, the government official said the municipality already began inoculating its citizens using Sinovac and AstraZeneca CoVid-19 vaccines.

The LGU had also partnered with SM Rosario which served as a vaccination site to speed up the vaccination

for priority groups.

Among the 973 healthcare workers (HCWs) and frontliners in the municipality, 621 of them received Sinovac jab, while 63 were inoculated with AstraZeneca vaccines.

On the other hand, only 298 out of 9,649 senior citizens in the townwere vaccinated with Sinovac jabs.

Laparan revealed that the national government allotted a budget of P108,415,000 budget intended for the cash assistance to families affected by the Enhanced Community Quarantine (ECQ), adding that the municipal government has already distributed 96 percent of the allotted fund among the intended beneficiaries as they continue the cash assistance distribution for the remaining beneficiaries. nations.

Under the IATF-EID Resolution, outdoor tourist attractions can now open at 30 percent capacity with strict adherence to minimum public health standards. Indoor dine-in services can operate at 20 percent of venue or seating capacity, while outdoor or al fresco dining can open at 50 percent of venue or seating capacity.

Meanwhile, DOT

Administrative Order No. 2021-003, allows P2P Air Travel from the NCR Plus Area to a resort in an area under General Community Quarantine (GCQ) or Modified General Community Quarantine (MGCQ), provided, that such travel must be undertaken through a chartered flight, which may involve short, private transfers by land or sea.

Only Accommo-

Establishments that have been granted a Certificate of Authority to Operate for point-to-point travel (CAO-P2P) may accept guests from NCR Plus.

On the other hand, staycation for tourists aged 18 to 65 years is allowed for Accommodation Establishments in NCR Plus that have been granted a Certificate of Authority to Operate for Staycation. (PB)

TB but also helps address stigma related to TB and HIV (people with HIV are at higher risk of TB infection) in selected barangays of Cavite City. They will further advocate for increased funding and TB response efforts in the city. (Ruel Francisco with reports from Dhee Paredes of TB Platforms Projects/CPAG FB page)

## Civil service exam slated in July in four regions

The Civil Service Commission (CSC) has announced that it will hold the Career Service Examination-Pen and Paper Test (CSE-PPT) on 18 July 2021 in selected regions in the country.

The CSE-PPT will be held in Regions VI (Western Visayas), VII (Central Visayas), XII (SOCCSKSARGEN), and Bangsamoro Autonomous Region in Muslim Mindanao. Procedures have been consulted with and conform to rules set by the Inter-Agency Task Force for the Management of Emerging Infectious Diseases or IATF.

There will be 12 testing centers, which may be subject to change in light of the emerging/evolving COVID-19 situation.

Application period is from 14 May to 3 June 2021; however, acceptance of applications shall be on a first-come, first-served basis and may close any time once the CSC Regional/Field Office (CSC RO/FO) has reached its target number of applicants.

Slots are full for the Koronadal City and General Santos City testing centers as of 17 May, as announced by CSC RO XII in its Facebook page. Likewise, slots are full for the Tagbilaran City and Dumaguete City testing centers as of 17 May, as announced by CSC RO VII in its Facebook page.

Applications may be received via personal filing, where the applicant has to schedule an appointment when he/she would appear at the CSC RO/FO to submit the requirements; via courier filing, where the applicant may submit the requirements via courier and pay the examination fee through designated payment facilities; or any other alternative mode/s as may be determined by the CSC RO.

Thus, the CSC strongly advises interested applicants to refrain from going to the CSC RO/FO without a confirmed appointment or advance notice. They must first find out the prescribed mode/s of filing by contacting the CSC RO/FO where they intend to submit an application or by visiting its website or Facebook page.

#### Requirements

All applicants must be Filipino citizens; at least 18 years old on the date of filing of application; of good moral character; have not been convicted by final judgment of an offense or crime involving moral turpitude, or disgraceful or immoral conduct, dishonesty, examination irregularity, drunkenness, or addiction to drugs; have not been dishonorably discharged from military service or dismissed for cause from any civilian position in the government; and have not taken the same level of Career Service Examination, either through PPT or CSC Computerized Examination (CSC COMEX), within three months before the date of examination or from 18 April to 17 July 2021.

The CSC allows pregnant women to take the CSE-PPT. However, it will only accept applications from those who will be 6 months on the way, at most, on the day of the exam due to the strenuous pre-exam to post-exam activities which may be straining and risky for pregnant women.

Applicants must submit a fully accomplished application form (CS Form No. 100), which may be downloaded from the CSC website at [www.csc.gov.ph](http://www.csc.gov.ph), printed on legal size bond paper; four (4) identical passport size ID pictures with name tag; and original and photocopy of any of the accepted ID cards, preferably valid or not expired on the date of filing of application. Applicants must also pay an examination fee of PHP500.

For applicants without date of birth in their ID cards, they must present an original and photocopy of their birth certificate issued by the Philippine Statistics Authority or the Local Civil Registry. For applicants holding dual citizenship under R.A. 9225, as well as those recognized as citizens of the Philippines under Sec 1, Article IV of the 1987 Philippine Constitution, they must present an original and photocopy of their Identification Certificate issued by the Bureau of Immigration.

Applicants must submit the requirements at the CSC RO, or any of its FOs, having jurisdiction over the testing center where they wish to take the exam.

Applicants may request for transfer of testing center not later than five (5) working days after the deadline of filing of application. The applicant should submit a written request to the CSC RO/FO where the application was filed, indicating the reason for the transfer of testing center. The letter must be accompanied by supporting evidence and a copy of the Application Receipt.

#### New rules

In view of the COVID-19 pandemic, the CSC has introduced changes in the conduct of the CSE-PPT.

For one, it will only allow 50 percent occupancy per testing room to allow adequate space for physical distancing.

Same with examinees with special needs (e.g., pregnant women, persons with disability, elderly), examinees with comorbidities will be assigned separate room/s.

Examinees must pre-accomplish a Health Declaration Form (to be posted on the CSC website for downloading and printing) the day before the exam. The temperature reading will be written only upon going through thermal scanning at the school/testing venue main entrance on exam day. Those without the pre-accomplished Health Declaration Form shall be required to accomplish the form at the designated area near the entrance.

Examinees shall also be required to register an account with StaySafe.PH, a contact tracing app. They are strongly encouraged to update their StaySafe.PH health status every day, particularly within 14 days before and 14 days after the exam day.

There will no longer be an Orientation/Briefing prior to the test proper. Instead, the CSC will release an "Examinee's Guide" approximately 1 to 2 weeks before exam day. This will contain comprehensive information on the conduct of the examination, including guidelines and procedures to be observed before exam day, on exam day, and after exam day, and health and safety protocols

Cont.on PAGE 3

# Cops to tighten watch on leisure, tourism spots under strict GCQ

MANILA — Police officers will keep a tight watch on leisure and tourism establishments that are allowed to operate in the National Capital Region (NCR) Plus, composed of Metro Manila, Bulacan, Cavite, Laguna, and Rizal.

In a press briefing in Camp Crame on Monday, Philippine National Police (PNP) chief, Gen. Guillermo Eleazar said this is to prevent superspreader events that may trigger a spike in coronavirus disease 2019 (Covid-19) cases as NCR Plus shifted to general community quarantine (GCQ) with heightened restrictions starting May 15.

"Inaasahan na namin ang pagdami ng mga taong magsisilabas dahil nga nagkaroon ng adjustments sa allowed capacity rates ng ating business establishments at leisure areas. Ito ay amin nang napaagandaan at mahigpit

na babantayan (We are expecting an increase in the number of people leaving their houses as there have been adjustments in the allowed capacity rates of our business establishments and leisure areas. We have prepared for this and we are keeping an eye on this)," Eleazar added.

Under GCQ with heightened restrictions, outdoor tourist attractions are allowed to operate at 30 percent capacity.

For instance, some tourist attractions in Intramuros such as Fort Santiago and the Baluarte de San Diego opened their doors to visitors starting Monday.

Eleazar, however, reminded the public to limit their leisure travel within the NCR Plus area.

He also urged police units to be on the lookout for violations of minimum public health safety protocols and to coordinate closely with

local government units in securing tourist attractions and leisure spots.

"Tandaan natin na nasa bansa na ang mas nakahahawang variant ng Covid-19 na galing sa India kaya kailangan po natin ang mas ibayong pagingat. Kung hindi po talaga natin maiiwasan ang paglabas, (Let us remember that the more contagious variant of Covid-19 from India is already in the country so we need to be extra careful. If we can't really avoid going outside) remember to always wear your face masks and face shields and observe physical distancing," Eleazar said.

He also reminded the management of businesses allowed to operate, including tourist spots and leisure areas, to strictly abide by the guidelines of the national government on the allowed operational capacity and impose minimum health safety protocols on their patrons. (PNA)

## New PNP e-Sumbong system...page 2

cialPNPhotline), email (e-sumbong@pnp.gov.ph), and the web portal (<https://e-sumbong.pnp.gov.ph>).

"This will significantly boost reporting of crimes and even violations committed by PNP personnel," Eleazar said.

The system will help the PNP to take action as quickly as possible and maintain the database efficiently. The police can even update an alert to the citizens

regarding the reported crime or any kind of emergency through this system. As a result, this system will give a sustainable solution to the users, police, and victims for managing the crime in a better and a structured way.

The PNP, however, warned the public to exercise caution and report only legitimate complaints or concerns. Pranks will not be tolerated and will be acted upon

by the PNP Anti-Cyber-crime Group (ACG).

"We developed e-Sumbong because we want citizens to play an active role in crime prevention and solution and in ridding the police organization of misfits and scallawags. Siguraduhin po nating ang ireport natin dito ay totoo at hindi panloloko dahil baka kayo naman ang magkaroon ng asunto." (PIA NCR)

## DEPED: City Schools Division of Dasmariñas

# VPVMS content developers received tablet PCs from DepEd Dasma

The content developers of Vicente P received it. Villanueva Memorial School (VPVMS) Tablet PCs in recognition of City Schools Division of Dasmariñas for their dedication to making learning materials despite the pandemic being experienced.

In accordance with DepEd Order No. 12 s. 2020, "Adoption of the Basic Education Learning Continuity Plan for SY 2020-2021 in Light of the COVID-19 Public Health Emergency" where different methods of learning or learning delivery modalities are implemented depending on in case and restrictions caused by COVID-19. Some of these are Modular Distance Learning (MDL), Online Distance Learning (ODL) and TV / Radio-Based Instruction used by Dasmariño students.

Successfully implemented the use of module, moodle (online platform), TV and radio instruction due to the unequal promotion of select-

ed teachers who served as module writers, course creators, DASCAlaman TV production, and technical team members in every quarter including The master teachers and head teachers who became part of the quality assurance team.

Recognizing these teachers through an online live ceremony using DepEd Tayo Dasmariñas City Facebook page on March 23. Apart from this, to make their sacrifice more valued, the DepEd Dasmariñas leadership wanted to grant them seven (7) tablet PCs and six (6) hard drives that they can use not only in doing lessons but also in their teaching.

"It's a joy to be included in the teachers who shared the ability to make learning materials for students during the pandemic. I am very grateful to the tablet received from the division office which is a symbol of recognition for the contribution made. This is a great help to me as a teacher", Ms saad. Mae

Sapida (Grade I), one of the course creators of the school who received tablet PC and hard drive.

Six more teachers from VPVMS have been given incentives, including Mrs. April G. Beberino (Kindergarten), Ms. Mary Joy A. de Leon (Kindergarten), Ms. Jastine Faye Geronimo (Grade I), Mrs. Erlyn E. Rodolfo (Grade I), and Mrs. Laurry O. Aquino (Grade IV).

"This tablet is a great help especially in preparing lessons and instructional materials not only for ODL learners, even for MDLs as well. Teachers like me are more motivated to further improve the delivery of quality education for young VPVians", explained by Mr. Sir Voie Cadavedo, ICT coordinator of the school who also received tablet PC.

The devotion of teachers when it comes to their profession is truly non-negotiable. Will fulfill the sworn duty for VPVians, with or without return.

**Ramona S. Tirona Memorial School, SDO Dasmariñas City**

## Gov't to prioritize poor...PAGE 1

bakuna," he said.

"Kaya as many as we can, kung maaari lang day and night para we will not have a stock of spoiled medication. Dito nga sabi ko unahin ko na 'yong — pauna ko 'yong mga pulis pati military because sila 'yong asahan ko."

The President underscored the importance of the role of the members of the police and the military in keeping peace and order, and protecting the country.

"They group together, so they must have the vaccine. So sabi mo ngayon na give them the priority. Pati 'yong pamilya nila okay na rin... As long as there are the vaccines, we will give it to everybody."

People in poor communities should also be prioritized because of their

vulnerabilities of contracting the virus, given the cramped condition in informal settler areas, the President said.

"Ito namang mga squatters ang bahay nila dikit-dikit, so the transmission is really as fast as the virus can travel," the President said. "At saka, they — alam mo na, they tend to forget the protocols."

He argued that wealthy families living in "well-off" subdivisions are less exposed to COVID-19 because they have more living space and can easily isolate. He made an assurance, however, that they will be vaccinated in due time.

The reason why indigent families must be on the top list, President Duterte said, is because of the emergence of more infectious COVID-19 strains, which were already detected in the

country.

The India variant, believed to be another contagious strain, appeared in the genome sequencing done by experts tracking dominant COVID-19 variants.

The government reported that the new variant was detected from Filipino workers returning to the Philippines.

Prioritizing the poor will give the government elbow room to shield them from the virus considering their financial inadequacies, according to the President.

He also underscored that it is the government's "sacred duty" to look after the poor Filipinos first, especially since they are always at the mercy of their poverty particularly in terms of medical care. PND

# 2,506 residente ng Bacoor nabakunahan sa loob ng isang araw

Tinatayang nasa 2,506 Bacooreño na kabilang sa priority groups na A1, A2, at A3 ang nabakunahan sa lungsod ng Bacoor noong Mayo 17 sa loob lamang ng isang araw.

Patuloy ang pag-arangkada ng pagbabakuna sa lungsod ng Bacoor. Photo via City Government of Bacoor Facebook page

Ginaganap ang pagbabakuna sa iba't ibang vaccination site ng na-

turang lungsod gaya na lamang ng Niog Elementary School, Aniban Elementary School, Alima Elementary School, Springville, Molino III Bacoar Coliseum at Queens Row Central Elementary School.

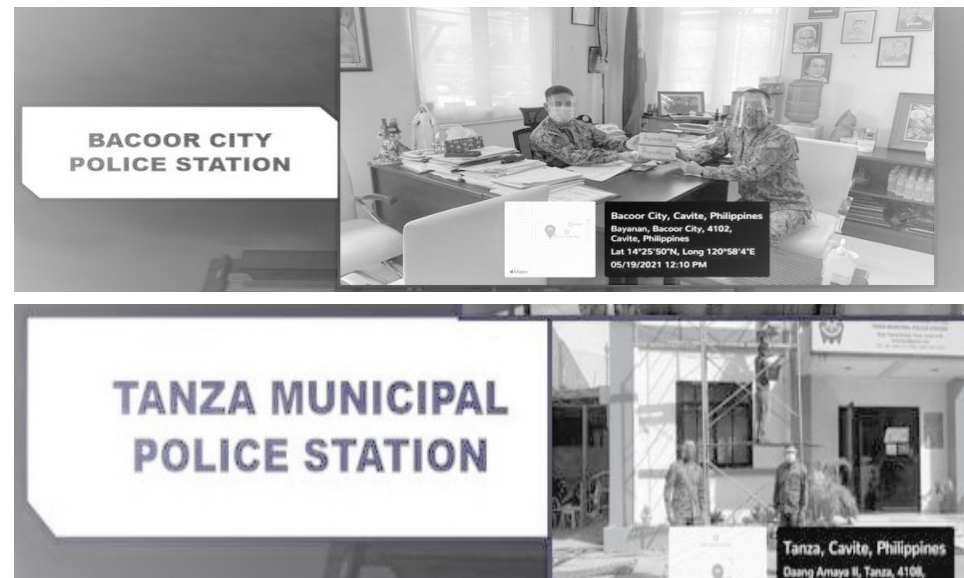

Ayon sa isang Facebook post ng City Government of Bacoor, nabakunahan na ang 540 katao sa Alima Vaccination hub, 479 sa Molino vaccination site, 528 sa Niog Elementary

School, 480 sa Aniban vaccination hub, at 479 naman sa Queen's Row vaccination site.

Nito lamang Mayo binuksan ng pamalaang lungsod ng Bacoor ang Niog Elementary School bilang isang vaccination center.

Layon nito na mas marami pa ang nabakunahan na mga residente ng Bacoor kung sakaling may mga darat-ing pang bakuna sa bansa.
