In a recent interview with Jambalos, he pointed out some practical tips on fire safety and prevention.

He said one must habituate cleaning the house. Pieces of paper, cartons, wood, dusts and oil are things are combustible

materials that potentially become cause of fire. It is also advisable to frequently monitor while cooking food especially when frying. The overheated oil can easily explode and may cause fire anytime and putting water into it could only trigger fire to blast.

Likewise, he added that one must ensure all electrical outlets are unplugged before leaving the house for safety purposes. He said most of the causes of fire, based on their findings, came from appliances that are left plugged.

On the other hand, the following must be avoided: Candles or lamps with kerosene must not be placed in a carton, paper or in any plastic material. If it cannot be avoided, place them in a container with small amount of water.

It is also advised not to throw cigarette butts and stick of match after igniting it anywhere as they are one of the three major causes of fire in the country.

police, augmented by the military, will be conducting checkpoints for the strict screening of the people, particularly those entering and exiting Metro Manila.

National Capital Region Police Office (NCRPO) director, Maj. Gen. Debold Sinas on Sunday said they are still on the "warning mode" in the implementation of community quarantine in the entire National Capital Region.

"Kasi we are still on the warning mode, hindi tayo magi-implement ng higpit kaagad kasi nga we expect na lilinawin nga ng mga tao... When the time comes higpitan natin, maglalabas kami ng panibagong checklist or guidelines (We will not implement it drastically because we expect clarification from the people. When the time comes, we will be strict with new guidelines for the conduct of checkpoint)," Sinas said in a press conference at Quezon City Police District (QCPD).

"We do the maximum tolerance kung gusto mo pumasok hahayaan. Mamaya yan dahan-dahan na yan iimplement na (If you want to enter, we will allow. We will slowly implement it)," he added.

Sinas said among the challenges they are facing is the lack of thermal scanners to check the temperatures of people as well as preventive equipment to ensure the safety of their personnel against the transmission of the virus.

The NCRPO has identified at least 56 exit and entry points in the entire Metro Manila.

Among those were in the cities of Caloocan, Malabon, Valenzuela, particularly in the North Luzon Expressway, Muntinlupa, Las Pinas, Paranaque, Marikina and Pasig.

Sinas said they are still assessing the situation on the ground to identify more areas where checkpoints are needed and what adjustments should be made for the safety

FLOW OF GOODS TO CONTINUE AMID ENHANCED COMMUNITY QUARANTINE: DTI

MANILA – Department of Trade and Industry (DTI) Secretary Ramon Lopez has assured that movement of cargoes and supply chain of basic goods shall continue after President Rodrigo Duterte placed the entire Luzon under enhanced community quarantine.

Lopez told reporters in a text message that there is an ongoing meeting in the

government discussing its next steps for the community quarantine in Luzon.

"Agriculture, manufacturing, and services like food preparation and deliveries and distribution of these basic necessities will still be allowed," he said.

Lopez said supermarkets, drugstores, and banks shall remain in operation even with the enhanced

community quarantine.

"Don't panic. There will be food and necessities. (They) are more than enough. No need to panic," he added.

Lopez further said enhanced community quarantine aims to further limit people's movement and stop or flatten the spread of coronavirus disease 2019 (Covid-19).

"Otherwise, cases continue to in-

ects we will have 75,000 COVID cases and we do not have the resources to meet that kind of emergency; thus, the best course of action now is to stop the spread and save the lives of our people," he said.

He said that the Metro Manila LGUs agreed that all movie screenings, concerts, sporting events, other entertainment activities, community assemblies, and non-essential work-related gatherings are strictly prohibited within the NCR.

"We urge all our religious leaders to likewise suspend their mass or worship services during the duration of the quarantine for the sake of their members," he said.

The DILG Chief said that he has directed the PNP to set up checkpoints in all strategic places inside Metro Manila to encourage people to respect the curfew recently approved by the Metro Manila Council.

"We respect the decision of the MM Council to impose a curfew from 8:00 pm to 5:00 am starting tomorrow in all LGUs in Metro Manila subject to exemptions for those who are working, or travelling to and from their place of work, those who are buying food or medicines, or going to the hospital for medical attention. But all other non-essential movements are to be prohibited and I have instructed the PNP to advise those violating

the curfew to return to their homes immediately," he said.

He also urged all private companies to adopt flexible work arrangements like work from home but if the same can't be adopted, social distancing measures of 1 meter apart must be implemented in the workplace. He said that all public transportation facilities shall continue to operate and people will be able to go to their place of work should they need to.

DILG Undersecretary and Spokesperson Jonathan Malaya said that the PNP has been directed to support all LGUs in carrying out local policies in support of the Community Quarantine imposed by the President.

"In particular, all police units in malls and other public establishments with the help of the barangay officials shall ensure that students remain in their homes while the class suspension is in effect," he said.

He said that all LGUs in the provinces may also adopt some of the measures imposed in Metro Manila but always upon the advice of the DOH.

"We urge LGUs outside Metro Manila to first consult the DOH before they impose any form of quarantine in their respective LGUs. Their decision must be evidence-based and calibrated with the facts on the ground so that they do not cause unnecessary harm and fear among their constituents," he said.

Don't be afraid of cops manning checkpoints, public told

MANILA – The Philippine National Police (PNP) appealed to the public not to be afraid of policemen manning checkpoints in Metro Manila, which was placed under community quarantine beginning Sunday to contain the spread of the coronavirus diseases 2019 (Covid-19).

“Our policemen are also taking risks by being on the frontline. So, we ask the public to respect us, and do not be afraid of us while we are performing our job. This is for the welfare of the general public,” said Lt. Gen. Guillermo Eleazar, PNP deputy chief for operations, in a radio interview.

“What the government, through the PNP, is doing in this critical and trying time is to protect and impose our right to life. When life is at stake, all other rights are subordinate to it,” he added.
