New P2-B Dr. Jose Fabella Memorial Hospital, inaugurated

President Rodrigo Roa Duterte led the inauguration Wednesday of the new Dr. Jose Fabella Memorial Hospital, hoping that the facility will continue to be a leading provider of healthcare and training on reproductive, maternal, neonatal and pediatric health in the country.

In his message during the inauguration rites held at the facility's new home at the San Lazaro Compound in Sta. Cruz, Manila, President Duterte expressed his gratitude to the Department of Health (DOH), and the hospital management and staff for their efforts to construct a new and improved hospital.

"I hope that this facility will continue to be a top-notch government healthcare and training institution focused on reproductive, maternal, neonatal and pediatric

health," he said.

"I am also optimistic that projects such as this will have a long-lasting positive impact to many generations of Filipinos."

He also highlighted in his message the importance of a functional and responsive healthcare system through the learnings that the country's medical professionals experienced while facing the challenges posed by the COVID-19 pandemic.

The President encouraged the nation's medical frontliners to take heed of those lessons for them to serve the people better.

"To this end, I encourage our healthcare workers to remain steadfast in your noble task of promoting our people's health and saving lives. Your efforts, especially in the past two years, have

truly been heroic — for this, you have the full support and the eternal gratitude of the Filipino people."

The new P2-billion Dr. Jose Fabella Memorial Hospital is a government-funded project under the Department of Health-Health Facilities Enhancement Program (DOH-HFEP).

Its mandates include providing maternal, neonatal and child health services, and is also considered as a leading medical facility in reproductive health in healthcare providers network (HPCN) by virtue of the Universal Health Care Act.

With the opening of the 800-bed capacity building, the new Dr. Jose Fabella Memorial Hospital will initially provide out-patient services such as laboratory, x-ray (including mammogra-

GSIS loan condonation program extended until June 30

MANILA – Inactive members of the Government Service Insurance System (GSIS) will have more time to settle their loans as the condonation program has been extended to June 30.

GSIS president and general manager Rolando Macasaet announced on Tuesday that they will waive all penalties from outstanding principal loans.

"We encourage our inactive GSIS members to apply for this program, which also gives them the option to pay their loan balances on a three-year installment basis at 10 percent interest per annum only," Macasaet said in a statement.

Dubbed Program for Restructuring and Repayment of Debts (PRRD), Macasaet said

the one-time condonation and restructuring program covers various service loans like salary loans, cash advances, consolidated loans, emergency loans, educational assistance loans, and policy loans.

PRRD avalees may settle their loans directly at GSIS offices or through partner payment facility Bayad Center.

"If the borrower is

a retiree who will receive the pension at age 60 or after five years, the payment may be deducted from his or her pension. If the loan will be settled by the legal spouse, he or she may have it deducted from the survivorship pension or pay through the almost 3,000 Bayad partner outlets nationwide," Macasaet added.

All economies of 17 regions recover from the 2020 pandemicand CALABARZON posts highest economic performance

CALABARZON Region recorded the fastest economic growth among all regions in the country with a 7.6 percent Gross Regional Domestic Product (GRDP) growth rate and GRDP amounting to PHP2.73 trillion based on the recent release of the 2021 Regional Economic Accounts by the Philippines Statistics Authority.

This was a big bounce back from a contraction of 10.5 percent in 2020 and was well above the lower end of the 2021 growth rate target of 5.9 percent. CALABARZON's industry and services sector posted growths of 11.2 percent and 5.9 percent, respectively. The main drivers of the outstanding performance were construction (21.4%), mining and quarrying (20.9%), and manufacturing (11.0%) subsectors.

Only the agriculture, forestry, and fisheries sector recorded a contraction of 9.4 percent which may be attributed to the damages brought by Typhoon Odette towards the end of 2021. Furthermore, the continued prevalence of African Swine Fever outbreak which slumped livestock production, and other weather disturbances negatively affected production which have also contributed to the poor performance of the sector.

In the recently held news conference on the 2021 Economic Performance of CALABARZON, NEDA Region

IV-A Director Luis G. Banua underscored the actions that must be prioritized in the region to sustain these economic gains. Consistent with the 10-Point Policy Agenda to boost recovery,

these actions include: a) ensuring safe re-opening of the economy; b) supporting the recovery of the tourism sector; c) maintaining a stable inflation rate; and d) preventing contraction in

key sectors. "The region will be able to sustain its economic and social recovery with all sectors of society working together to implement these key policy agenda", Director Banua added.

DEPED REGION IV-A
CALABARZON
"EXCELLENCE is a CULTURE and QUALITY is a COMMITMENT"

OFFICIAL STATEMENT

On the shooting of a teacher in Himamaylan, Negros Occ

May 9, 2022 – The Department of Education (DepEd) strongly condemns the shooting of a teacher from Himamaylan National High School in Negros Occidental, who was set to serve in the 2022 National and Local Elections.

Though it is unclear yet if such brutality was election-related, we denounce any acts of violence and injustice towards our teachers, who have dedicated their lives to the Filipino children and are now selflessly serving the country in this year's election.

We extend our deepest condolences to the bereaved family and friends of the victim. Secretary Leonor Magtolis Briones has instructed the Office of the Undersecretary for Finance to provide financial and other necessary assistance to the said teacher and her family. DepEd Election Task Force Chair and Undersecretary Alain Del Pascua is also coordinating with the concerned field offices and local officials to investigate the incident and provide support to the victim's family and colleagues.

We call on the local authorities in Negros Occidental to deliver swift justice for such heinous crime against our dearly departed colleague. Likewise, we reiterate our call to our partner agencies, especially the Philippine National Police and the Armed Forces of the Philippines, to protect our teachers, poll workers, and voters.

Violence is not and should not be part of the process of democracy. Together, let us stay vigilant and reinforce a free, peaceful, and credible election for this nation.

2022 elections, peaceful – AFP says

QUEZON CITY, (PIA) – Despite the numerous election-related violent incidents reported nationwide, the Armed Forces of the Philippines (AFP) said the May 9 national and local elections were generally peaceful.

In a press briefing on Monday night (May 9), AFP spokesperson Army Col. Ramon Zagala expressed that the election is successful since the Filipinos were able to cast their votes through their support to the Commission on Election (Comelec) and the Philippine National Police (PNP).

"What is important to us is maka-help at the same time gain confidence of the people so that they can vote, and as we speak hindi naman nag-stop ang voting natin. Overall, the security situation is good in terms of our people being able to vote and continuity to process. That is our job, the AFP and PNP that we will work together," Zagala said.

Based on the reports gathered by the AFP,

most of the election-related incidents occurred in Mindanao areas including in Lanao del Sur where four people were killed after unidentified group destroyed vote-counting machine (VCMs) in several villages.

Other incidents recorded were strafing in Buluan, Maguindanao, and explosion in Kabacan, Cotabato and Mangundatu, Maguindanao.

Meanwhile, Comelec Chairman Saidamen Pangarungan said all recorded incidents will be forwarded to the commission en banc.

Pangarungan noted the poll body "might" take action on all the election-related cases and the en banc may only consider declaring a failure of voting elections in some centers but not necessarily an entire town.

Still, according to Pangarungan, this year's election was relatively peaceful compared to 2019 elections wherein 60 violent incidents were reported. (JAFD/PIA-IDPD)
