now sprawling with landscaped garden, a fountain, cabanas/gazebo and an eye-catching cascading waterfall where each part is “selfie” worthy or “instraggamable” -- as how the generation now refers to beautiful places worthy of their self-portrait for sharing in social media.

This “urban” garden aims to bring back the old “promenade” concept, thus the name where people can take a leisurely public walk, bike ride, to meet or be seen by others, Alano said.

It is open to public from 5 a.m. to 12 midnight every day “ideally for Dasmarineños for now,” and equipped with high definition close circuit television (CCTVs) and with six security personnel making rounds from 6 p.m. to 12 midnight to ensure the public’s safety.

“The park will encourage and inculcate to the visitors the virtue of discipline as there will be no trash bins placed within the park premises “so the CLAY GO (Clean As You Go) will be strictly observed and enforced,” Alano said.

Bathing in the fountain area is also be prohibited.

This public park reconfirms anew the unparalleled leadership of Mayor Elpidio “Pidi” Barzaga Jr. and his equally hardworking wife, Cavite 4th District Rep. Jennifer “Jenny” Barzaga, whose efforts continue to make the city landmark of progress and excellence in nation-building. (PNA)

Duterte, Sen. Lacson acknowledge Sen. Bam’s role in passage of Free College Law

Re-electionist Sen. Bam Aquino thanked President Duterte and Sen. Panfilo Lacson for acknowledging his role in the passage of the landmark Free College Law even as he expressed willingness to help the government for the welfare of poor Filipinos.

"Salamat at kinilala ni Presidente ang tinrabaho natin para maisabatas ang Libreng Kolehiyo," said Sen. Bam, who pushed for the passage of the Free College Law as principal sponsor

during his time as chairman of the Committee on Education in the 17th Congress.

"Basta para sa taumbayan lalo na kung makakatulong sa mahihirap, handa tayong makipagtulungan tulad dito sa batas ng Libreng Kolehiyo," added Sen. Bam, who also expressed gratitude to Sen. Lacson for recognizing his effort.

Sen. Bam's reaction came after President Duterte mentioned in his speech in Koronadal City

on Tuesday that the senator helped in the crafting of the landmark legislation.

"In fairness to him (Sen. Bam). Nagtulong siya in crafting the law," Duterte said in his speech.

Duterte's pronouncement solidified the statement of Sen. Panfilo "Ping" Lacson, who reiterated the important role that Sen. Bam played in the passage of the Free College Law during Thursday's media interview.

"Siya naman talaga yung nag-labor diyan para maipasa. Siya talaga nagtulak so, I corrected (them)," said Lacson, referring to his tweet giving credit to Sen. Bam for the passage of the important legislation.

"Ang daming claimants na nagki-claim ng credits. So, sabi ko, to set the record straight, si Sen. Bam iyan," said Sen. Lacson, adding that Sen. Bam was the one who defended the legislation from scrutiny of his fellow lawmakers.

DOH Calabarzon intensifies anti-dengue drive

The Department of Health (DOH) in Calabarzon (Cavite, Laguna, Batangas, and Quezon) has intensified its anti-dengue campaign to bring down the cases of said disease in the region.

In a statement on Saturday, DOH Calabarzon regional director Eduardo Janairo said local government units are monitoring the increase in dengue cases, adding that all logistics are in place should there be an outbreak.

“We have deployed regional vector control spray men to barangays with high incidence of dengue cases and also trained

sanitary inspectors and spray men of Laguna and the top 10 municipalities or cities with dengue cases on the preparation and application of insecticides for Dengue control such as misting or fogging and residual spraying, for outbreak response,” Janairo said.

According to the Regional Epidemiology and Surveillance Unit (RESU), some 5,616 cases of dengue fever with 18 deaths in the region were recorded from January 1 to March 16, 2019.

The RESU added that Cavite has the highest number of dengue cases with 1,788 followed by Batangas with 1,248; Laguna

with 1,135; Quezon with 823; and Rizal with 622 cases.

The ages of the cases ranged from 1 month to 100 years old while majority of them were males at 2,990 which translates to 53 percent of the total cases.

The top 10 cities and municipalities with the most number of dengue cases in Calabarzon include Dasmariñas with 339; Lipa City with 276; Bacoor with 261; Batangas City with 255; Calamba City with 239; Imus with 218; Lopez with 217; San Pablo City with 203; Tanauan City with 176; and General Trias with 171.

“We are already making rounds in the provinces to en-

sure that Dengue Fast Lanes are established and functional in all hospitals, and also to ensure that Dengue NS1-RDT are available to all health centers and public hospitals to be used for the early detection of dengue disease,” Janairo said.

The Dengue NS1-RDT is one of the tests used to classify dengue according to the severity of its signs and symptoms.

He also urged the public to practice the 4S-Strategy in all levels — search and destroy mosquito breeding sites, secure self-protection, seek early consultation and support fogging or spraying to prevent an impending outbreak.

seminary’s Annual Fides et Ratio Conference on Saturday.

Present during the Mass were the seminary formators and staff, parents of the seminarians, and a number of Filipinos working and residing in Miami.

Directing his attention to the Filipino community, the cardinal reminded of their “mission” as “witnesses” of Christ.

“We should witness to the world wherever we are, don’t be ashamed to tell the world how good God is,” he said.

Cardinal Tagle also appealed to the Filipino families to instil in the minds of their children and grandkids the possibility of priestly and religious life vocation.

From Miami, the cardinal left for Austria on Monday for a meeting of international Caritas representatives and the ongoing Humanitarian Congress.

The Philippine National Police recognized policewomen with outstanding accomplishments during the culmination of Women’s Month on March 25, 2019 in Camp Crame, Quezon City.

Divine Mercy Reflection

Melting the Hardest of Hearts

Imagine a large block of ice. Now imagine that there is a precious coin in the middle of that block. In order to obtain that coin, the block must melt away. So it can be with our hearts. Some hearts have become so hardened over time that there seems little chance of melting them away so as to bring forth the true value and dignity of that person. But Jesus is a radiant Sun whose rays shine forth with great intensity. Within His continual presence, even the hardest hearts will melt away (See Diary #370).

Do you know someone whom you have “written off” because of their continual hardness of heart? Do you know someone who appears to be unwilling to change, year after year? Do not lose hope. Know that if you continually act as a prism through which the grace and Mercy of God shines, even the hardest heart can be touched.

Lord, I pray, today, for those who are most hardened in

their sins. You know the hearts of all and You know the minds of all. Please lead me to those in most need of Your Divine Mercy and use me as a channel of Your glorious and warming grace. Jesus, I trust in You.

hours” scheme on national roads and roads listed as Mabuhay Lane,” Garcia said after the Metro Manila Council (MMC) meeting held Tuesday attended by representatives from 17 local government units (LGUs) in Metro Manila.

Garcia said members of the MMC have agreed also to amend their existing number coding schemes and traffic code implemented in their jurisdiction.

The MMC, composed of Metro Mayors, is the policy-making and governing body of the MMDA.

The Unified Vehicular Volume Reduction Program (UVVRP) or the number coding scheme is enforced during weekdays from 7 am to 8 pm on major thoroughfares in Metro Manila, including EDSA.

Under the scheme, vehicles banned on a certain day of the week depending on their licensed plate or

conduction sticker ending digits cannot traverse major thoroughfares and Mabuhay lane routes for any hours between 7 am and 8 pm.

“Effective immediately, MMDA traffic enforcers will apprehend violators on national roads while counterpart traffic enforcers of local government units will do the apprehension in their jurisdiction,” said Garcia. (PIA InfoComm)

According to Dr. Miranda, Adopt-a-School Program which started in 1998 was created to help generate resources and sustenance to education outside the mainstream funding and the national budget. Partners are enjoined to support the schools in the areas of infrastructure, health and nutrition, teaching skills development, computer and science equipment and learnings support. Under the program, private entities, either local or overseas are given opportunity to become partners in education through their assistance in the advancement and modernizations of public elementary and high schools. In return, they are to enjoy additional tax incentives as they implement their project.

Furthermore, during the summit, the school principal, Ms. Mercelita Javier delivered the state of the school address highlighting their accomplishments notably the 722 graduates last year and 905 graduating students for this school year. She also reported that Luis Ferrer Jr. Senior High School has posted 633 NC passers for 2017-2018 and 729 for 2018-2019.

On the other hand, Mayor Ony Ferrer delivered an inspirational message encouraging the learners to pursue college education to be more competitive. He motivated the students to continue acquiring knowledge to be financially independent in the future. “Education is an equalizer and students always have their chance to succeed in life. Grab it. Do not be satisfied on your

present situation”, he emphasized.

The mayor also expressed his gratefulness to all the stakeholders who have imparted skills and information to the students which they can use in the real world.

As for the city government’s commitment to better education, he announced the planned establishment of additional Luis Ferrer Jr. Senior High School branch at Sta. Clara-Pinagtipunan and Biklatan area.

Sixth District Board Members Kerby Salazar and Felix “Jango” Grepo also conveyed their messages to the students and the public/private partners reflecting their eagerness to support the youth of Cavite.

Selected graduating senior high school students also shared their work immersion experience while the impression of work immersion was delivered by the representative of a partner office from the city government of Gen. Trias.

was President Rodrigo Roa Duterte joined by Vice President Maria Leonor ‘Leni’ Robredo, Interior and Local Government Secretary Eduardo Año and other members of the cabinet; different Tri-Bureau Chiefs: PDG Oscar D. Albayalde, FDIR Leonard R. Bañago and JDIR Deogracias C. Tapayan; Dr. Ricardo de Leon, President, Philippine Public Safety College; Police Chief Superintendent Jose Chiquito Malayo, Director, Philippine National Police Academy.

President Duterte recognized the potential of the graduates who have persevered and performed well.

“That you have to overcome the challenges within the four corners of the PNPA is enough proof that you are bound to be our country’s future leaders.”

This year’s graduates were composed of 154 males and 47 female cadets with 138 cadets joining the Police force, 41 will join the Firefighting department and 22 to join the Jail Bureau.

Coinciding with National Women’s Month, the number of female cadet graduates represents 23% increase in the average rate of female joining their respective bureaus and six of the Top 10 slots were female, proof of women empowerment in the police academy.

During the program, President Duterte presented the Kampilan Award for Top 1 to PINSP Jervis Allen Ramos, a poor boy from the slums of Tondo, Manila. He placed 3rd in the Criminology board examination and a Police Community Relations Group during his collegiate days.

Cadet Merriefin Longcob Carisusa, Top 2 placer who received the Vice-President Kampilan award is from Dalingding Sur, Madellin, Cebu and a graduate of BS Computer Science. Among her awards include Journalism Kampilan, Best in Public Safety, Best in Leadership Management.

President Duterte encouraged the new members of the law enforcement emphasizing the importance of integrity and loyalty and even challenged them: “I therefore challenge your class, the “SANSIKLAB” class of 2019 to the greatest version of yourselves.”

With the President’s promise of support through programs that would improve their ability, the PNPA faces the challenge of encouraging millennials to make a try of the formative discipline and education of the PNPA Cadetship program to be future leaders of the country. (Ruel Francisco, PIA-Cavite)

“We will deliver not just on our promise to solve traffic, but to bring development to our provinces,” Villar said.

The high-speed expressways are not just expected to reduce travel time but, once completed, create a new period of development for the provinces of Cavite and Laguna.

Cavite is now the biggest in terms of population among the country's provinces, with an estimated 4.1 million people, 2016 data from the Philippine Statistics Authority show.

As Region 4-A (Calabarzon) now accounts for almost 20 percent of the country's Gross Domestic Product (GDP), the most productive region.

Cavite Governor Remulla said this “speaks volumes about the dynamism of the government and its private partner.” He said the expressway will connect Laguna and Cavite, and declog the South Luzon Expressway (SLEX).

The Laguna segment of the CALAEX project is now in full swing which, according to Metro Pacific Tollways Corp. (MPTC) president and Chief Executive Officer, Rodrigo Franco, is expected to open the first section during the third quarter or as early as July this year.

“In two years' time, we hope the province of Cavite will have a brand new expressway that will connect the existing Cavite Expressway, which is also operated by the Metro Pacific Group,” Franco added.

CALAEX will employ some 1,200 personnel for its Laguna segment and close to 1,300 more for site and office personnel as its Cavite segment progresses. It is part of the network of toll roads that the MPTC is constructing and developing, which will connect to Cavtex and the C5-South Link and will make transfers from Laguna, Cavite, Las Piñas, Parañaque, and CP Garcia Ave. seamless.

Other projects under the MPTC's portfolio are the recently opened Harbor Link Segment 10, North Luzon Expressway (NLEX), Subic - Clark -Tarlac Expressway (SCTEX), and the Cebu-Cordova Link Expressway in the Visayas. source and courtesy .G.Pino(PNA)

Construction of CALAEX begins

IMUS CITY, Cavite – The construction of the 27-km. Cavite segment of the 45-km. Cavite-Laguna Expressway (CALAEX) began after the groundbreaking at Alapan II-B village recently.

Envisioned as the “most advanced” expressway in the country, the Cavite segment, with an estimated project cost of PHP12 billion, will ensure a safe, efficient and seamless travel for motorists from Kawit town (in Cavite) to the South Luzon Expressway (SLEX) – Mamplasan Interchange. It is expected to cut travel time from 2.5 hours to less than 45 minutes and help decongest approximately 50,000 cars.

At the groundbreaking ceremony, Public Works Secretary Mark Villar said the project is part of the Duterte administration’s masterplan to connect Luzon from north to south, to be called the “Luzon Spine Expressway Network” (LSEN), to increase the current 300-km. high-speed expressway to 1,000 km. by 2022, the end of President Rodrigo R. Cardinal Tagle to seminarians: Be vigilant, beware of temptations

Cardinal Luis
 Antonio Tagle

Cardinal Luis Antonio Tagle of Manila visited the U.S. over the weekend and warned Florida seminarians about temptations “that makes you messianic”.

Speaking at a Mass to mark the 60th anniversary of St. John Vianney College Seminary in Miami on March 24, he urged the seminarians “not to bite into what the world offers”.

He said that because of the thought that they are called by God to

serve, the temptation is always there “to pretend that we can pronounce everything”.

“No, you do not! We don’t know everything,” Cardinal Tagle said.

“At this early stage of your formation, please be vigilant. Do not allow the temptations to take the better of you, to claim you,” he said.

Prior to the liturgical celebration, the head of Caritas Internationalis was also the guest speaker at the
