# New LTO Cavite office to provide 'much-improved' service

Motorists in Cavite are expected to enjoy "swift, enhanced, convenient and much-improved" public service through the newly inaugurated district office of the Land Transportation Office (LTO) in the city of Imus.

In a Facebook post on Wednesday, the LTO said the two-storey office building, with an area of 1,135 square meters, has centralized air-conditioning system, accessible emergency exits, uses the Land Transportation Management System (LTMS) for licensing transactions, and features an all-glass façade, is "a first in Cal-

abarzon (Cavite, Laguna, Batangas, Rizal, Quezon)".

"The new district office will cater to all LTO-mandated requirements such as application and renewal of driver's license, MV (motor vehicle) registration, and other miscellaneous transactions," the LTO said.

The new office,

**Transportation Sec.  
Arthur Tugade**

it said, will also allow the LTO Cavite District to serve more clients through its enhanced operational capacity.

## FIRST ICU CASE OF IMUS HOSPITAL, COVID-19 SURVIVOR NOW!

Imelda Barja, the first patient admitted to the ICU of Imus Hospital due to COVID-19, is now extubated and fully COVID-19 survivor, according to the good news announced by Mayor Emmanuel Maliksi on her Facebook page. Mayor Maliksi also thanked all the HCWs who took care of Barja and until now they are relentless in bringing #MaliksiService to Imuseño.

## DTI-Cavite intensifies health protocol monitoring amid community quarantine

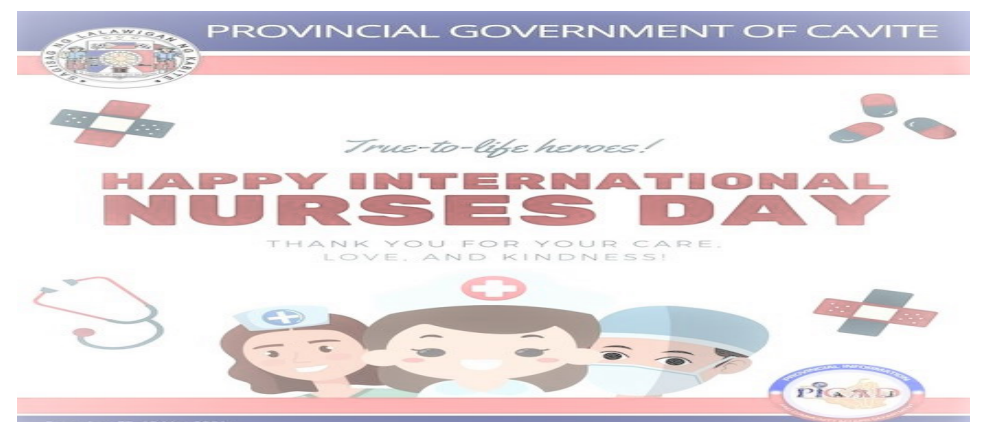

The Department of Trade and Industry (DTI) – Cavite increased its presence in various establishments in the province to monitor the implementation of Minimum Health Protocols

during the period of Modified Enhanced Community Quarantine (MECQ).

With the help of four Consumer Protection Division staff, four price monitors, 24 Nego-

syo Center business counselors, and three project coordinators, DTI-Cavite was able to expand its reach. A total of 167 establishments were monitored, 80 of which were dine-in restaurants,

## Manila bishop, clergy remember those lost to Covid-19

More than a year since the pandemic hit the country, Manila's Catholic clergy came together to remember the thousands who died from Covid-19 recently.

At a Mass in the Manila Cathedral, Bishop Broderick Pabillo told relatives of coronavirus victims that they are not alone in their suffering.

Dozens of priests joined the physically-distanced memorial service as the country battles a renewed surge in Covid-19 cases, with deaths reaching over 18,200.

"As pastors, we priests always carry with us the griefs and pains of our people, and the joys and their hopes. Let us bring them to God," Pabillo said in his homily.

"We pray for the eternal repose of our beloved dead... believing that the Lord will bring them to another and better life and better world," he said.

The idea of the memorial day was also sparked by the recognition that, in the words of the bishop, "grief must bring hope".

"Let us grieve together with our people but our grief is something that brings hope because we are not completely at a loss, we know that God is with us," Pabillo said.

The "Mass for the Dead" was preceded by a three-day prayer, each with special intention: for frontliners, for the sick, and for the deceased.

The 66-year-old bishop also expressed hope that this grief should give priests the "added

**Bishop Broderick Pabillo**

push" in their ministry "by doing the best of our fidelity to God".

"Let us offer the service that we can and that is our prayer. That's the best service that we can do," Pabillo added.

"Let us offer the Mass faithfully, devotedly. These are the things that the people are asking," he also said./courtesy :CBCP

Camp BGen Pantaleon Garcia, Imus City- Cavite Police Provincial Office spearheaded by PCOL MARLON R SANTOS, Provincial Director has recorded 18,621 MECQ violators and 209 Law breakers on its intensified weeklong anti-crime drive operation conducted from May 3-9, 2021 with significant results.

A total of 18,621 MECQ violators were recorded, 13,887 for not wearing face shield; 2,287 for violation of curfew hours; 2,100 for not

wearing facemask and 347 for violation of social distancing.

Out of 209 arrested, most of those arrested are involved in illegal drugs with a total of 110 individuals; 36 were involved in illegal gambling; 29 wanted persons, 4 of which are included in the list of Most Wanted Persons (Regional, Provincial, City & Municipal Level) while 25 others were involved in various crimes.

Cavite PPO intensified campaign against illegal drugs likewise resulted in the confiscation of 289 pieces small heat sealed transparent plastic sachet containing suspected shabu, 8 pieces medium HSTPS and 8 pieces of HSTPS marijuana and other drug paraphernalias. Authorities also collared 36 persons for involvement in illegal gambling and confiscation of bet money

amounting to P13,460.00 and one (1) for possession of illegal firearms.

"This is the result of the Cavite PNP's intensified campaign against illegal drugs, illegal gambling and most wanted persons. We will continue to intensify our measures and strategies thru the active support of the community to make Cavite province peaceful." PCOL SANTOS said. (Cavite PIO)

## Voters' registration extension beyond Sept.30 very unlikely

PASIG CITY, (PIA) -- An official of the Commission on Elections (Comelec) said extending the voter registration period past September 30, 2021 is "very unlikely" as they are strictly following timelines in connection with preparations for the May 2022 national and local polls.

Comelec Spokesperson James Jimenez over the weekend said they cannot just focus on the registration as there are more preparations to be done for the May 2022 national polls.

"Unfortunately, it's not likely to have it extended because the day after the close of registration, the filing of the Certificate of Candidacy will commence, which means we have to

start preparing for election day documents, what we call project of precincts, and the only way we can start doing that is if we close the voters' registration," he said during the virtual launch of the Vote Pilipinas campaign.

Vote Pilipinas is an information campaign that uses "innovative, visual and user-friendly" information with the aim to attract Filipinos to register and participate in next year's elections.

"It would be very difficult to prepare for the elections if the number continues to change. We print only the exact number of ballots. So if the number of voters is a moving target, our printing will also be a moving target. So we have to put a stop to it

at some point," Jimenez added.

The Comelec is looking to register 4 million new voters for the May 2022 polls. There are already 3,222,137 applications in the past six months.

Distributing registration forms in community pantries to encourage people to register is welcome, Jimenez said.

"Yes, they can do that. There's no problem with that," he said. "In fact, some people have already approached us to ask about that. We also gave out forms when we had a walk around in a few barangays in Quezon City. So yeah, you can do it in pantries. That will help a lot." (PIA NCR)

## Launching Program, Tutorial: Innovative Farming in the Air!

Accompanied by Department of Agriculture in CALABARZON and Agricultural Training Institute-CALABARZON to farmers and technicians in the region.

Mark your calendars and find out more program details! For more information visit Department of Agriculture Region 4 A and ATICAlabarzon and Facebook pages or websites <http://rfo4a.da.gov.ph/> or <https://ati.da.gov.ph/ati-4a>.

## Vaccinations around Cavite: Bacoor City and Noveleta Cavite

A total of 556 Bacooreño were vaccinated on May 10. Niog vaccination hub had 277. vaccinations. In Bacoor Coliseum - - had 279. vaccinations.

## Cong. Pidi Barzaga Facebook Ordinance for Dog welfare/ Public protection

### COOL, CARE & HEALTH

In the City of Dasmariñas, one of the main problems is dog biting. Every month, the city government spends almost one million pesos on buying rabies

vaccine for our fellow dog-biting countrymen. Also based on records, about 50 % of dog bites are children and are household members of the dog owner.

To solve this problem, the city government will build a large impounding center for stray dogs and the plan includes centralized dog hunting.

A new ordinance will enter into force where all stray dogs will be caught and rescued by dog owners within ten (10) days with appropriate fine. Dogs not rescued for ten (10) days will be made available for adoption.

In case no one wants to adopt a dog, the dog will be "euthanized" as intended by Republic Act 8485-The Animal Welfare Act of the Philippines.

All our fellow

countrymen who want to deliver dogs need to get a dog breeder's permit from the city government. Puppies need to have a cage as well and have adequate space.

In drafting the ordinance that the city government will bring down, there will be public hearing and our countrymen will be invited to give their thoughts on the proposed ordinance.

This will address the problems of our countrymen who

bite dogs, preventing stray dogs, responding to sanitation problems and greatly reduce the cost of almost million pesos each month that anti-rabies buy vaccine and savings will be allocated to other health projects.

This ordinance not only cares about human health but also aims at the welfare of dogs. And most of all, this project will succeed if our countrymen unite with city government.

## Keep Safe and Healthy

**NOVELETA CAVITE:**Last May 5 around 200 persons under the A1, A2, and A3 groups of the priority list of vaccination received their second dose of Sinovac vaccine at the Primark Town Center in Noveleta, Cavite on Wednesday. Bedridden senior citizens and persons with disabilities on wheelchair will be vaccinated at their homes, according to Noveleta Mayor Dino Reyes-Chua./frm facebook of Mayor Dino

# 18 LGUs complete ‘ayuda’ distribution

MANILA – With still six days left before deadline, 18 local government units in the National Capital Region (NCR) Plus have already completed their distribution of “ayuda” (assistance) to beneficiaries of enhanced community quarantine cash aid. Department of the Interior and Local Government (DILG) Secretary Eduardo Año said 18 LGUs are done distributing PHP1.93 billion, ranging from PHP1,000 per person to a maximum PHP4,000 per family, before the May 15, 2021 deadline.

“Eighteen LGUs have already crossed the finish line. Puspusan pa rin ang pamamahagi ng iba pang LGUs sa NCR Plus at karamihan naman sa kanila ay patapos na

rin sa kanilang pamimigay (The other LGUs in the NCR Plus have ongoing distribution and are nearly finish, too),” Año said in a news release.

“We commend the 18 LGUs for a job well done! Mabuhay po kayo (Long live!),” he added.

Of the 18 LGU finishers as of Saturday, 13 are in Laguna – Biñan, Cabuyao, San Pedro, and Santa Rosa cities; and the municipalities of Alaminos, Calauan, Famy, Magdalena, Nagcarlan, Paete, Pila, Rizal, and Santa Cruz.

Other LGUs which have registered 100 percent distribution rate are Guiguinto and Pandi in Bulacan; and Tagaytay City, Amadeo, and Naic in Cavite. LGUs in Rizal are at 95.94 percent comple-

tion.

“We commend these LGUs who have now finished their financial aid dissemination for their commitment and partnership with the national government in this very tedious task,” Año said.

**81% in NCR Plus**

Año said more than PHP18.6 billion have been distributed to qualified recipients in all LGUs within NCR Plus, corresponding to 80.95 percent.

Laguna tallied the highest percentage at 93.84 percent followed by NCR, 81.92 percent; Bulacan, 80.52 percent; Rizal, 74.41 percent; and Cavite, 72.99 percent.

In the NCR, the distribution rate has hit an average of more than 90 percent as of May 8,

headed by the Municipality of Pateros, 97.28; Caloocan, 97.18; Quezon City, 95.97; Manila, 95 percent; Pasay, 93.47; Mandaluyong, 93.02; San Juan, 92.66; and, Navotas, 90.68.

“Some of the reasons that LGUs have not yet completed their distribution are the huge number of beneficiaries, big number of appeals that are undergoing deliberation, tedious and lengthy process of partnering with banks and remittance centers for payout for those doing electronic distribution, and difficulty of mobilizing personnel in this time of pandemic,” Año said.

“Despite these challenges, we are confident they will meet the deadline,” he said. (PR)

## DTI-Cavite... page 1

salons, and barbershops while 87 were other retail establishments. Said establishments were monitored from March to April 2021.

As for the areas covered, the local government units (LGUs) with large number of establishments monitored were the City of Dasmariñas, followed by City of Imus, City of Bacoor, and Municipality of Indang.

When non-compliance is observed, monitors initially request the establishment to do corrective actions, followed by close monitoring of the establishment for three days before reporting it as non-compliant.

Since the monitoring activities began in March, 100% compliance among Cavite establishments has been reported. ♦

## NEW PNP ...page 6

system in all the phases of recruitment nationwide so we can get the best qualified applicants for the PNP. Walang palakasan (No backers), only the best for the PNP, only the best for the Filipino people,” he stressed.

Eleazar added that the ICP also includes effective supervision to ensure good leadership by example down to the lowest units.

“Even if we have qualified new PNP personnel with the proper training, kung ang madadatnan naman nitong mga bagitong pulis ay mga kasamahang bad influence na magtuturo sa kanila ng mga maling sistema ng pangongotong, pagiging tamad, abusado at gahaman sa pera, wala ring mangyayari (if the rookie police officers will be with those who are acting as bad influence who will only teach them wrong acts like extortion, laziness, abuse of authority and greed for money, that will not be good),” he added.

Eleazar said he would not think twice about removing police officers who would taint the image of the PNP as he lamented how cops are often being branded as “pulis patola” or “kotong cops” because of the “few bad eggs” who compromise the nobility of the organization.

“For as long as I’m the chief PNP, every single centavo of your hard-earned money allocated to us will be in good hands. To the remaining hoodlums in police uniforms, I will make sure that you will hate me. I will not think twice about removing corrupt police officers because with the amount of salary and benefits that the government gives us, I am sure many would want to replace all of you,” he added.

He said the ICP will also tackle peace and order problems in the community to eradicate street crimes.

He also vowed to improve the PNP’s complaint referral and monitoring system.

“I assure our kabayans that once you report your concerns, it is considered as a direct order from me as the Chief of the Philippine National Police to all police stations and units to respond and give immediate actions. Sumbong mo, aksyon ko! (Make a complaint and expect immediate

action!)” he added.

He also vowed to utilize a so-called clustering system to defeat the illegal drug menace.

“Clustering system is like creating barangays within a barangay. Clustering can be made within existing sitios, puroks, (sub-villages) condo buildings, subdivisions or within houses based on the assessment ng Barangay Anti-Drug Abuse Council or BADAC. The smaller the area, the easier it is to monitor the movements of drug addicts and pushers. The more clusters in a village, the better,” he added.

Also, effective law enforcement demands that the PNP should extend its motto of serving and protecting the Filipino people from the streets to the information superhighways.

“Effective law enforcement demands that we in the police force must always be at least two steps ahead of the criminal elements, and effective law enforcement demands that we in the PNP should extend our motto of serving and protecting the Filipino people from the streets to the information superhighways,” said Eleazar.

Eleazar is the batchmate of outgoing PNP chief Gen. Debold Sinas in the Philippine Military Academy Class of 1987.

He was able to handle all other positions in the PNP command group -- chief of the directorial staff, deputy chief for operations, and deputy chief for administration.

He gained popularity in 2016 when he took the helm of the Quezon City Police District (QCPD) where he waged relentless anti-crime and anti-illegal drug operations that led to the arrest of notorious street criminals; dismantling of notorious robbery-holdup groups; and arrest and neutralization of drug targets including rogue police personnel involved in crime.

Under his leadership, QCPD was recognized in a survey commissioned by the National Police Commission as the “most trusted Police District in NCRPO”. He was eventually promoted as regional director of the Police Regional Office 4A (Calabarzon) and the National Capital Region Police Office. source:(PNA)

## Hotel Sogo - Bacoor, Cavite

## NEW LTO CAVITE...PAGE 1

It said these improvements manifest the LTO’s move towards modernization, ease of doing business, and transparency.

The building was officially inaugurated and blessed on Wednesday with Transportation Secretary Arthur Tugade and LTO Chief Assistant Secretary Edgar Galvante.

The LTO Imus district office began operations in 2018 and has served clients for two and a half years before the increasing demand necessitated the construction of a new office building. source:(PNA)

The Bureau of Fire Protection of the City of General Trias continues to disinfect public areas as part of the campaign against COVID-19 yesterday May 10.

## DOH-CALABARZON REMINDS COVID VACCINE RECIPIENTS TO TAKE SECOND DOSE

CALABARZON - The Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) reminded Covid-19 vaccine recipients not to forget to take their second dose of the vaccine to get their full protection as cases in the region continue to rise.

Regional Director Eduardo C. Janairo emphasized that the body’s immune system takes time to build protection against the virus.

“Kahit nabakunahan na kayo ay hindi ibig sabihin nito na hindi na kayo tatamaan ng Covid dahil ang katawan natin ay kailangan munang makabuo ng antibodies panlaban sa virus para hindi magkaroon ng severe form ng Covid-19.”

“Tandaan natin na nagkaroon na ng maraming variant ang virus kaya napakaimportanteng makumpleto natin ang bakuna natin upang masiguro na ang katawan natin ay may kompletong panlaban sa Covid-19,” he stated.

The DOH has been providing two types of vaccine to priority groups, Sinovac CoronaVac and Oxford-Astra-

Zeneca which are being given in two doses.

“If you received the AstraZeneca vaccine, you have 12 weeks to get the second dose. For the Sinovac recipients, you have 28 days or 4 weeks to get your second shot.”

“Only upon receiving the second dose of Covid vaccine can you get the full protection against the virus. Huwag po natin itong ipagwalang bahala dahil mahirap po ang magkasakit dahil sa covid. Mahirap ma-hospital at hindi rin madaling gumaling dahil dito,” Janairo stressed.

As of May 4, 2021, there are 132,180 doses of Covid-19 vaccines admin-

istered in CALABARZON. From this figure 154,347 (93.8%) have received their first dose and 10,154 (5.2%) were given their second shot.

“Continue following the minimum health protocols like wearing face masks, social distancing and handwashing. Even if you were already vaccinated you may still get the virus and infect others.”

“Let us be vigilant as we continue to fight the current pandemic. Let us ensure our own safety, that of our family and the people around us so that we may not spread the virus in our community,” Janairo underlined.

EXTRA-JUDICIAL SETTLEMENT OF ESTATE WITH RENUNCIATION OF RIGHTS

Notice is hereby given that the estate left by the deceased **MA. CECILIA GUINAULE**, consisting of a parcel of land situated at Bo. Daang Amaya, Tanza, Cavite covered by TCT No. T-250777 has been the subject of an Extra-Judicial Settlement of Estate with Renunciation of Rights by and among the heris, as per Doc. No. 38, Page No. 8, Book No. IX, Series of 2021 of Notary Public Atty. Gabriel B. Octava.

## NEW PNP CHIEF ELEAZAR LAUNCHES 'INTENSIFIED CLEANLINESS POLICY'

## Three wheelers or buggers for Silang Frontliners

The Silang local government recently received three new three wheelers or buggers from the JVR Foundation.

These so-called buggies will be allocated by the town for safe and fast vehicles of their town's frontliners.

Mayor Corie Poblete gave thanks for the donation received.

"I'm happy that you chose our town to receive it because it's a great help to speed up our response to the people. As long as it's helping each other, we will go forward together and rise up from the disaster that we are facing right now," the mayor said.

Source: Mayor Corie Poblete

MEMBER:

The Philippine Media Organization

MANILA – As he took command of the 220,000-strong Philippine National Police (PNP), Gen. Guillermo Eleazar on Friday formally announced the launch of his so-called "Intensified Cleanliness Policy" (ICP) aimed at correcting minor and small problems in the service.

He added that the ICP produced "effective and spectacular" results when it was first launched during his term as director of the National Capital Region Police Office (NCRPO).

"Dito po ako magpapatupad ng (Here, I will enforce the) intensified cleanliness policy or ICP ng PNP which I hereby launch effective today. The ICP aims to align our programs and thrusts into three main parts. The improvement in recruitment is just part of the principles in ICP. This ICP is anchored on the broken windows policy which basically states that small problems must be immediately addressed to prevent these problems from getting worse," Eleazar said in his assumption speech as the country's 26th top cop in Camp Crame, Quezon City.

Eleazar said one of the main thrusts of the ICP is ensuring cleanliness in all PNP precincts, stations, and offices.

"Kung sa bukana pa lang ng police station ay makikita na ang nagkalat na upos ng sigarilyo at basurang nagkalat, at kung sa bukana pa lang ay mapanghi na ang simoy ng hangin, mahihirapan tayong makuha ang respeto at tiwala ng ating mga kababayan na ating pinagsisilbihan (If at the entrance of the police station, we will see scat-

Gen. Guillermo Eleazar

tered cigarette butts and garbage and the smell is unpleasant, we will find it difficult to get the respect and trust of the people whom we serve)," he said.

Eleazar vowed to seek the support of local government units to help improve police stations.

Another main objective of the ICP is the reform in the recruitment system to protect the PNP from erring cops and break the culture of wrongdoings among the ranks.

Eleazar said this involves the introduction of a QR (quick response) code in the recruitment process to ensure that those who will enter the service are picked based solely on their qualifications.

"Our commander in chief, President (Rodrigo) Duterte has a marching order to continue the aggressive internal cleansing in the PNP. That is why we will implement a QR code

Cont.on PAGE 4
