# Gov. Jonvic shares province's best practices, insights on COVID-19

GENERAL TRIAS CITY, Cavite (PIA) --Governor Jonvic Remulla gave an in-depth answers for the COVID-19 situation in the province during a brief interview by Presidential Communications Operations Office (PCOO) Secretary Martin Andanar in the recent visit of the joint National Task Force CODE Team in the province.

During the interview, Gov. Remulla shared that the local government units of the cities and municipalities in the province stayed on top of the situation with the strict implementation of the 'Stay-at-Home' policy wherein the Home Quarantine Pass system remained in effect since the Enhanced Com-

munity Quarantine (ECQ) started.

Likewise, ordinances for the safety health protocols like the mandatory wearing of face masks, and physical distancing were strictly observed in public places like commercial establishments, and malls with regulations limit-

# 'Book Saves' in a time of pandemic

Anxiety, stress, and boredom are among those negative feelings one has when alone, most especially if he or she is in a COVID-19 isolation facility.

Many take advantage in accessing free or available internet to keep themselves entertained.

But there are also some who prefer to be more productive by gaining more information and knowledge by reading.

In San Fernando City, La Union, materials for reading are made accessible to the patients at the City Isolation Facility through Project "Book Saves".

This meaningful project is initiated by Michael Nagas, popularly known to her family, colleagues, friends, clients, and the community as Ms. Aiko.

Officer-In-Charge of the San Fernando City Library since 2014, Ms. Aiko has

since introduced and initiated activities to stimulate reading and improve literacy among the students and the reading public as well.

With the Project "Book Saves", conceptualized and implemented at this time of pandemic, books find their value for both children and adults, including health personnel in the isolation facility.

"We have received positive feedback from the patients who access the books left for them in our "Book Isolation Boxes" in the city isolation facility according to the assigned nurses and psychologists," she said.

She added, "We are now partnering with the St. Louis College Library for magazines they can provide because many of the patients requested for these materials."

The project, which is the brainchild of Nagas, through the assistance of the city government, hopes to reach

# DILG urges all barangays to organize Barangay Disiplina Brigades

The Department of the Interior and Local Government (DILG) is urging all barangays to set up their Barangay Disiplina Brigades to drive the core message of BIDA ang May Disiplina: Solusyon sa COVID 19 which is individual responsibility and discipline will stop the spread of COVID-19.

DILG Undersecretary and Spokesperson Jonathan Malaya said that the formation of the Disiplina Brigades on the ground level promotes the spirit of volunteerism and ensures that minimum health standards are implemented by the community themselves.

"The role of each Brigade is to police their own respective communities, remind their neighbors of the need to follow the BIDA Solusyon protocols of DOH, provide factual information and communicate the message of Bayanihan to defeat the pandemic," he said.

"Ang solusyon sa COVID-19 ay nasa ating mga kamay. That's the core message that should be communicated by the brigades. We are at war against COVID-19 and we must fight the enemy at the Barangay level," he said.

He also said that the brigades are volunteers and will be under the supervision of the Barangay chairman. They will receive no compensation for their public service. The brigades together with the Barangay Tanods should be going around the community and calling the attention of quarantine violators.

Malaya also urged private companies and businesses that conducted COVID-19 testing for their employees to report the results, especially positive cases, to the local government units (LGUs) for proper assistance and monitoring.

"Nanawagan po kami sa mga nagmamay-ari ng mga kompanya, mga plant manager, supervisors, at iba pa, be responsible, kung nagkaroon po kayo ng testing sa inyong lugar at may lumabas na positive, ireport ninyo sa LGUs," he said in the launch of the 'BIDA ang may Disiplina' national advocacy campaign in Marikina City.

Malaya explained that the common practice among companies following COVID-19 testings to its employees is to report the results to their head offices instead of alerting the LGUs where the employees reside. "Kung hindi alam ng mayor na mayroon pa lang ganoon insidente [positive cases], papaano po natin makontrol ang pagkalat ng COVID-19 sa ating bansa at mga komunidad, how to we do contact tracing, isolation?," he said.

He said that upon conducting COVID-19 tests,

more clients.

"In this time of pandemic, among the last to open are libraries and museums, but this does not prevent us from reaching out, with our barangay reading centers which can be accessible to students including reviewers, they can access books they need," Nagas imparts.

The city library also initiated "Books to Go" where the staff prepare the books to be borrowed by their clients

and the books are then ready to go.

Joining other public libraries in the country, the library also takes part in interactive storytelling through online platforms like Facebook.

"Though we also recognize that there are areas like upland villages where internet is limited to access these online storytelling, we tap parents to read books for their children," she imparts.

it is the incumbent responsibility of the companies to report to the LGUs its result so that proper protocols set by health authorities can be followed such as contact tracing and isolation.

Companies with large workforces were also reminded to automatically notify the various LGUs of residence of the employees who have tested positive for COVID-19. "Kung ang inyo pong kompanya ay napakalaki, na marami at iba't ibang LGU ang inuwan ng inyong mga empleyado, ipaalam niyo po sa provincial government sa pamamagitan ng provincial health office na siya namang mag-iinform sa mga LGU."

DILG is currently working with the Department of Trade and Industry (DTI), Malaya said, towards improving health protocols implemented in all private companies in dealing with COVID-19 such as requiring companies to have their own quarantine facilities.

"Since wala silang [private companies, businesses] quarantine isolation area, ang nangyayari kasi is positibo ka, umuwi ka muna sa bahay. Hindi po puwede yung ganoon. Dapat, positibo ka, quarantine ka muna dito until makapaghanda yung barangay ng isolation facility o yung bahay mo ay may sariling kuwarta at CR," the DILG Spokesperson pointed out.

According to Malaya, data show that most COVID-19 cases in the provinces were acquired in the workplace and they were taken by the employees to their families and communities leading to further contagion in the barangay. "Ang nangyari is nagkahawahan doon sa factory na iyon at naiwi sa iba't ibang mga Barangay."

He also said that with the increasing number of COVID-19 cases in the country and with the possibility of relaxing quarantine status anew to general community quarantine (GCQ), allowing the operation of most public transportation modes, the public must cooperate by wearing face masks with face shields "for added protection from the virus."

"Nagkakaron po ng hawahan sa mga pam-publikong sasakyan, kaya kung magbabalik tayo sa GCQ at magkakaron na ulit ng operasyong ang LRT, MRT, at mga bus, dapat ay may face shield na bilang karagdagang proteksyon sa COVID-19," Malaya said.

"BIDA ang may Disiplina: Solusyon sa COVID-19" is a national advocacy campaign jointly implemented by the DILG and Department of Health brought forth by the goal of encouraging people participation in the battle against COVID-19 by living a life of discipline and earnestly practicing the minimum health standards set by health authorities.

in order to fully immunized the target children of 0-5 years old. We have to prioritized Laguna, Cavite and Rizal due to reported polio cases and their proximity to Metro Manila which recently also reported a polio case last August 2019," Regional Director Eduardo C. Janairo stated.

"Batangas and Quezon province will also have their polio vaccination after we have finished with the three provinces which are the high risk areas that need to be immunized immediately for the protection of the target population of children and to prevent its spread and eventually stop its transmission," he elucidated.

There is a total of 452,105 target children to be given oral polio vaccine in Cavite and 336,772 children 0-5 years old in Rizal.

There are 13 reported polio cases on the country

A three-year old child being given Patak Polio Vaccine during the house-to-house immunization campaign in one of the barangays in the province of Cavite on August 17, 2020

since September 19, 2019 to date. Identified cases were caused by vaccine-derived poliovirus type 2 (VDPV2).

Janairo reiterated the call to parents and guardians of children aged 0-5 years old to have their children vaccinated. "Magbabahay-bahay po ang ating mga "bakuna doors" upang mamigay ng bakuna. Ito po ay garantisadong ligtas at ito lang po ang tanging paraan upang maiwasan ang pagka-

karoon ng polio sa mga batang 0-5 years old."

He also acknowledged the support and active participation of the local government units for the "Sabayang Patak Kontra Polio Campaign".

The schedule for the second round of "Sabayang Patak Kontra Polio" will be on September 7-20, 2020 for the provinces of Cavite, Laguna and Rizal.

She further said, "I believe books and the library continue to be relevant despite the reach of social media and technology and the accessibility of gadgets at present, the ideas and knowledge these books bring are immense for the reader."

Her commitment, passion, and dedication with what she does was developed with her 18 years of service with the city library which includes her six years of stint as the officer-in-charge.

Her hard work reaped recognitions and

awards for her, her team, and the city government.

The most recent feather added to her cap is the Gawad Parangal Natatanging Tagapaglingkod sa Pamublikong Aklatan for the year 2020 wherein she won the first place.

It is a much coveted award given by the National Library of the Philippines (NLP) and the Asia Foundation recognizing librarians and individuals who have provided remarkable services beyond their work in the community.

She is also recog-

nized as one Networking Emerging Filipino Innovators.

Nagas was among those who were awarded during the virtual awarding of the NLP's Gawad Parangal sa mga Natatanging Propesyunal na Tagapangasiwa at Tagapaglingkod ng Pamublikong Aklatan on August 25.

Cheering during the event and celebrating with her success is the entire city government, her colleagues, family and friends, more importantly, her patrons in the City Library. (JCR/JPD/JDS, PIA La Union)

## GOV. JONVIC...

ing the time spent for basic essentials only.

"The main problem in the province is that about 100,000 Caviteños are employed in the NCR where there is very high risk of transmission which resulted to 80% of our COVID-19 positive cases," stated the governor.

Talking about the economic plans and programs for the province, Gov. Remulla said the infrastructure projects that soon to start will give the economy a boost.

"We are now in the final stages of negotiations for the Sangley International Airport with a Php500B worth of investment. This

would create about 10,000 jobs in construction and more than 50,000 jobs when it is operational and up to a million more jobs from tourism, transportation, and services," revealed Remulla.

Moreover, the road infrastructure projects like the CALAX and the Coastal Road which will decongest traffic along Aguinaldo highway and other major thoroughfares in the province would contribute to faster economic progress of the province and neighbouring cities and provinces since construction gives a huge multiplier effect in economy.

When asked if ever the government de-

clares the four high risk areas including the province under ECQ, Gov. Remulla answered, "It would be disastrous for the economy of the country when that happens. Many will go hungry and the economy will go spiralling down. The government must reinforce the information campaign for the safety protocols against the COVID-19."

In conclusion, the Governor said, "Let us not lose hope, there is always a light at the end of the tunnel... especially now that the national and local governments are in-tune with the steps and measure in the fight against the pandemic." (Ruel Francisco, PIA-Cavite)

# PNP celebrates 119th Police Service Anniversary

MANILA – The Philippine National Police (PNP) celebrates Thursday its 119th anniversary virtually with a live simulcast from the police headquarters and in all 17 regional offices across the country.

PNP chief Gen. Archie Gamboa said the celebration focuses on the mandate and resiliency of the PNP at a time of pandemic with the theme: "Towards A Pandemic-Resilient PNP: Deploying Digital Technologies and Adopting Protective Protocols in The New Normal".

"We found a modest yet effective way of celebrating our 119th Police Service Anniversary during MECQ. Our men and women will virtually join us from the 1,766 police stations, 80 police provincial offices under the 17 police regional offices, and the 33 national support units across the country," Gamboa said in a statement.

Police Service Anniversary is celebrated in commemoration of the establishment of the Philippine Constabulary as the country's first insular police force founded on August 8, 1901.

This year's rites will allow guests and police personnel to join in the ceremony through live interactive platforms as an alternative to the traditional full-dress parade and review ceremony in observance of strict health protocols imposed by the government.

Interior Secretary Eduardo Año is expected to read President Rodrigo Duterte's message to the police force.

Gamboa will lead the presentation of awards to PNP units and personnel cited for outstanding performance and achievements in service over the past year.

This year's awardees are:

na negosyo na ito, doon mag-uumpisa ang entrepreneurial journey ng ating mga ka-barangay," Dir. Toledo said.

She added, "Let us help ourselves, so we can help our economy to move forward. Magtulong-tulong po tayo at huwag nating hayaang maging hadlang ang pandemic sa ating kabuhayan."

On the other hand, Asec. Tolentino delivered an inspirational message highlighting the importance of business opportunities granted by the government in this time of pandemic.

"During COVID-19, ang ating mga kababayan ay binibigyan pa rin ng pagkakataon upang magkaroon ng kabuhayan at mapalakas pa ang mga tinatawag nating micro, small, and medium enterprises," Asec. Tolentino said.

In Amadeo, External Affairs Administrator Victor Dihan, representing Mayor Redel John Dionisio welcomed the DTI Team and acknowledged Dir. Toledo's service to the Caviteños for a significant amount

of time.

Dihan also acknowledged Maynard Maynard Ambion of the Business Permit and Licensing Office (BPLO), Lynette BAYOT of the Public Employment Service Office (PESO), and the Barangay Captains of Minantok Kanluran, Minantok Silangan, Maymangga, and Bucal for their cooperation in the execution of the project.

Magallanes Mayor or Jasmin Angelli Maligaya-Bautista expressed gratitude to DTI for providing livelihood assistance to their community.

"The unwavering support of DTI to Magallanes is very much appreciated. We hope that our beneficiaries will make use of the starter kits well and eventually grow their businesses," Mayor Bautista said.

DTI developed the LSP-NSB in accordance with the directive of President Rodrigo R. Duterte to help the country's base of the pyramid and to support a grassroots approach for enterprise development, increase the awareness of barangay officials on the

Lubos na nagpapasalamat ang Pamahalaang Bayan ng Carmo-na sa Department of Health Center for Health Development (DOH CHD) CALABARZON sa kanilang ibinahagi na 1 unit of ambulance sa ating Rural Health Unit. Ang turnover ay isinagawa sa DOH Regional Office sa Quezon City bilang bahagi sa Health Facility Enhancement Program (HFEP) ng DOH.

Ang additional unit ng ambulance na ating natanggap ay lubos na makakatulong sa ating mga health workers at frontliners lalo na ngayong panahon ng COVID-19.
