Secretary Tulfo leads groundbreaking of proposed DSWD Field Office-CALABARZON

Social Welfare Secretary Erwin T. Tulfo, stressing the firm commitment of the Department of Social Welfare and Development (DSWD) to bring social services directly to the communities, led the groundbreaking ceremony of the proposed building, facilities, and other amenities of DSWD Field Office-CALABARZON last September 2.

The 4-storey office building of Field Office IV-A will be constructed at Barangay Maraway in Lipa City, Batangas, along with a 2-level warehouse facility, 3-storey supply and record building, 4-storey learning center, multi-purpose building, and a 2-storey motor pool with office room. The building designs were drafted by the Department of Public Works and Highway (DPWH).

Secretary Tulfo emphasized that the construction of the PHP 543.1 million-infrastructure project is another milestone for the Department as it continues to improve the delivery of its services, programs, and other interventions to its clients.

"With the ever-changing landscape of social work, as well as with the evolving crisis situations such as disasters and calamities in the country, it is significant that we continue to innovate ways and create spaces to bring the social welfare programs and services closer to our beneficiaries," he added.

The Secretary also expressed his gratitude to Congressman Ralph Recto for his unwavering support for the transfer of the DSWD office; the local government unit (LGU) of Lipa City and the province of Batangas for the site and donated lot; and to other partner-government agencies which pushed for the realization of the project.

"Ang DSWD po ay inilapit ng mga taong ito sa inyo, mga taga-Batangas," (The DSWD was brought by these people closer to all Batangueños) Secretary Tulfo said.

After the groundbreaking ceremony, Secretary Tulfo and Mayor Eric Africa signed a Memorandum of Agreement. As part of the partnership, a Usufruct Agreement was forged while the Deed of Exchange was facilitated by Lipa LGU and DA to rightfully allow the Department to utilize the site for the construction of its offices and eventually the Department of Agriculture (DA) will prepare the Deed of Donation transferring the ownership of the said lot to DSWD.

The MOA signifies the support of the concerned officials and offices in the 5-year implementation plan of the project. Congressman Recto, Batangas Governor Hermilando Mandanas, Engr. Jovel Mendoza of DPWH and OIC-Regional Director Fidel Libao of DA served as witnesses to the ceremonial signing.

Program to fight ocean plastic pollution launched in Parañaque

The United States government, through the US Agency for International Development (USAID), and Clean Cities, Blue Ocean (CCBO) program grantee Communities Organized for Resource Allocation (CORA) Inc. has recently launched a plastic buying and exchange center to address ocean plastic pollution in Parañaque City.

The Eco-Ikot Center serves as an inclusive and replicable waste collection and recycling system to help communities prevent solid waste from ending up in landfills.

It supports and strengthens local government systems and infrastructure while providing incentives for the community

to adopt more sustainable behavior by trading in recyclables.

Local residents will be able to exchange their clean, dry, and segregated recyclables for points that can be redeemed for various incentives like digital currency, rice, fresh vegetables and other sustainable or reusable items.

The idea to establish an Eco-Ikot Center was spurred by the large volume of recyclable plastics that CORA volunteers regularly collect during cleanup drives along Manila Bay.

"This center will serve as a model for promoting 'reduce, reuse, and recycle' practices in local communities," USAID Philippines

Acting Environment Office Director Dr. John Piggott said in a statement on Sunday. "Through our work together, we can make measurable progress in stemming the tide of ocean plastic pollution."

On the other hand, CORA Philippines founder and executive director Antoinette Taus said, "Partnerships, together with community-led actions, play a crucial part in achieving our global goals."

"USAID's CCBO program has provided CORA with the necessary tools to empower communities with sustainable waste management solutions that benefit women, local citizens, and our shared environment," she added.

USAID's CCBO program was launched in August 2019 as the Agency's flagship program to respond to the ocean plastics pollution crisis.

The five-year, PHP2.7 billion (\$48 million) program works at the global level and in rapidly urbanizing countries like the Philippines to address ocean plastics directly at their source. By strengthening waste management systems and building circular economies, the CCBO program builds sustainable solutions that reduce ocean plastics while empowering vulnerable populations and mitigating pollution that affects human health and the climate. my country and do something worth for the big platform and being able to inspire other younger people."

Eala, who improved her junior ranking to No. 167, said she learned a lot about herself during the competition.

"I am very happy with the way I handled each and every point. I had a lot of moments in this tournament where I was down, and I could have lost a set and could have gotten mad easily but I didn't. I think my behavior throughout the whole week was something I can be proud of," said the 5-foot-9 Eala, who is based at the Rafa Nadal Tennis Academy in Mallorca, Spain for the past four years.

To reach the final, she beat No. 8 Australian Taylah Preston, 6-2, 7-6 (7-1); No. 14 Russian Mirra Andreeva, 6-4, 6-0; and No. 9 Canadian Victoria Mboko, 6-1, 7-6 (7-5).

Eala now has three junior Grand Slam titles, including the two doubles coming from the 2021 French Open with Russian Oksana Selekhmeteva and the 2020 Australian Open with Indonesian Priska Madelyn Nugroho. She had a career-high ranking of No. 2 in October 2020 following a semifinal appearance at the French Open girls' singles.

As a pro, Eala is currently No. 297 in the WTA rankings. This year, she won her first ITF W25 title in Chiang Rai, Thailand and was a losing finalist at the ITF W60 event in Madrid to reach a career-high of No. 280 in July.

Eala debuted at the 2019 Southeast Asian Games held in the Philippines, winning the bronze medals in women's singles, women's team event and mixed doubles with Filipino-American Treat Conrad Huey.

'Will go a long way'

Only 17 years old and already an owner of one of tennis's juniors major title, Philippine Olympic Committee President Rep. Abraham "Bambol" Tolentino said Eala would go a long way.

"Alex will go a long, long way in her tennis career, which, is just budding," Tolentino said in a statement on Sunday.

In his Facebook post, Tolentino thanked Eala for bringing home another honor to the country.

"We expect Alex to bring more honors to the country, and her accomplishment would definitely inspire young Filipinos to follow in her footsteps," he said. source:(PNA)

GSIS awards top 65 paying, compliant gov't agencies

On the occasion of the 65th birthday of President Ferdinand "Bongbong" Marcos Jr., state pension fund Government Service Insurance System (GSIS) President and General Manager Wick Veloso announced today that the pension fund will honor the top 65 government agencies that have been religiously and accurately paying GSIS premiums and loan payments on time and complying with the other requirements of GSIS.

"These exemplary agencies help our lingkod-bayan enjoy the hard-earned benefits they deserve for devoting the best years of their lives in serving our government. We all know that loan balances, if left unpaid, would balloon to unmanageable amounts. This will diminish members' benefits and leave them with little or no proceeds at all when they retire or separate from the service," GSIS president and general manager Wick Veloso said.

"Pinararangalan din natin ang animnapu't limang ahensya dahil sa pagpupursigi nilang makinabang at maka-utang ang kanilang empleyado sa GSIS Financial Assistance Loan (GFAL) at Multi-Purpose Plus Loan, sa pamamagitan ng pagkikipag-memorandum of agreement sa GSIS; pag-enroll at paggamit sa Electronic Billing, Collection and Remittance System (EBCS) ng GSIS upang mabilis na mai-remit ang kanilang bayad; maa-gang pag-eeenrol ng kanilang mga bagong empleyado sa eCard kung saan inire-release ang loan proceeds; at pagpapa-insure ng kanilang properties sa GSIS ayon sa batas," Veloso explained.

Under the law, all government agencies must remit to GSIS the contributions and loan amortizations of their employees within the first 10 days of the calendar month following the month to which the contributions apply. They must also deduct the loan amortizations from the monthly compensation of their employees. GSIS has roughly 7,000 remitting partner agencies.

The top 65 agencies in the National Capital Region (NCR), Luzon, Visayas, and Mindanao that will be honored by GSIS are as follows:
