DTI 4-A to showcase CALABARZON products in Makati City on June 20

CALABAZON—The Department of Trade and Industry Region 4-A is holding its annual "KALAKAL CALABARZON" regional trade fair with the theme, "Gawa ng CALABARZON; Galing ng CALABARZON," on June 20-26, 2022 at the Palm Drive Activity Center, Glorietta 2, Ayala Center, Makati City.

This is in partnership with DTI's Provincial Offices of Cavite, Laguna, Batangas, Rizal, and Quezon.

Reinforcing the DTI-Bureau of Domestic Trade Promotion's (BDTP) drive in promoting and supporting the local micro, small, and medium enterprises, KALAKAL will showcase products from 66 MSMEs from the region.

These CALABARZON MSMEs are the beneficiaries of different DTI interventions under the auspices of the SME

Development Division such as the One Town, One Product (OTOP) NextGen program, Shared Service Facilities (SSF) program, Kapatid Mentor ME (KMME) program, and Comprehensive Agrarian Reform (CARP) program, which enabled them to improve and enhance the quality, design, and marketability of their products.

"After two years of conducting KALAKAL

CALABARZON online due to the pandemic, we are thrilled to once again conduct a physical trade fair this year, and it will be held in Makati City for the first time. We have so many exciting things in store for our buyers," said DTI 4-A OIC-Regional Director Marissa C. Argente.

FAMILY PLANNING PROGRAM ISINUSULONG NG GENERAL MARIANO ALVAREZ LGU

GENERAL MARIANO ALVAREZ | The town government of General Mariano Alvarez is promoting the concept of family planning in their town.

According to Mayor Maricel Echevarria Torres, the Rural Health Unit will lead the Family Planning Activity this coming July 6 to 8.

The purpose of the said activity is to give proper knowledge to the women in their town about contraceptives and family planning.

GMA RHU will also have an information drive about preventing teenage pregnancy. The United Nations Population Fund (UNFPA), has been declared as an 'unseen crisis' in the whole world the intended pregnancy in childhood. Poor family planning and lack of access to reproductive health services in the country are one of the things that can be seen because of this. | via Mayor Maricel Echevarria Torres

Naniniwala si Presidential Adviser for Entrepreneurship and Go Negosyo Founder Joey Concepcion na higit sa banta ng Omicron, ang mataas na bilihan at kawalan ng trabaho ang mas kailangang tutukan ngayon kaysa ang pag-alala sa panibagong banta ng surge.

Dagdag pa ni Concepcion, upang maka survive sa krisis na ating kinakaharap, kailangan na umanong mag move on ng mga Pilipino sa mindset na nasa gitna pa tayo ng pandemya. Dahil sa katunayan ay kontrolado na ng bansa ang Covid. Ayon sa kanya “What we should be looking at are Covid hospitalizations, and not infection rates.”

Nagbago na ang sitwasyon ngayon, stagflation o slow economic growth, kawalan ng trabaho at rising inflation na ang malaking banta sa bansa.

Universal, commercial banks’ growth supports PH financing needs

MANILA – Universal and commercial banks (U/KBs) in the Philippines sustained their growth and continued to support the country's financing requirements, according to the Bangko Sentral ng Pilipinas (BSP).

“Key U/KB performance indicators showed a steady rise in assets, loans, and deposits, and sustained profitability with ample credit loss reserves, sufficient liquidity and capital buffers,” BSP Governor Benjamin Diokno said in a statement.

U/KB assets grew by 8.2 percent year-on-year (YoY) to PHP19.4 trillion at end-April 2022, higher than the 4-percent growth posted a year ago. The growth was financed mainly by deposits, which rose by 8.7 percent during the same period.

The total loan portfolio, which largely comprised U/KBs' assets, went up by 9.8 percent to PHP10.7 trillion at end-April 2022. These loans were extended to productive sectors like real estate, wholesale and retail trade, and manufacturing.

U/KB credit to micro, small and medium enterprises stood at PHP334.8 billion, while lending to households, including residential real estate, reached PHP1.7 trillion.

Alongside improving economic conditions and credit activity, U/KB loan quality showed signs of recovery as their non-performing loan (NPL) ratio eased to 3.6 percent at end-April 2022 from 3.9 percent a year earlier.

The U/KB industry's NPL coverage ratio, on the other hand, increased to 95.2 percent in April this year from 87.7 percent during the same month in 2021.

The full implementation of the Financial Institutions Strategic Transfer Act and the extension of effectivity of some of BSP's credit-related relief measures are seen to provide support to the continued growth in U/KB lending.

The industry's net profit rose by 26.7 percent to reach PHP61.4 billion at end-March this year, a reversal from the 4-percent contraction in the same period in 2021.

U/KBs also continued to be well-capitalized with risk-based capital adequacy ratios of 16.2 and 16.8 percent on solo and consolidated bases, respectively, as of end-March 2022.

The industry also registered a liquidity coverage ratio of 200.3 percent on a solo basis at the end-February 2022, well above the 100 percent minimum requirement. This indicates a strong liquidity position to support short-term funding requirements.

Amid economic recovery and positive business and consumer sentiment, the BSP remains committed to pursuing regulatory and legislative reforms
