BIR opens e-Lounge to help taxpayers in digital transactions

CALAMBA CITY, Laguna (PIA) — The Bureau of Internal Revenue (BIR) has unveiled its new e-Lounge in various regional and district offices to assist taxpayers with digital transactions, making tax services more accessible and convenient.

BIR LaQueMar Regional Director Atty. Dante Tan explained that the e-Lounge is made for taxpayers who lack familiarity with BIR's digital platforms.

"As for those who are not techy, we can teach them. We have what is called an

e-Lounge in each District Office where there are computers and printers which they can use for free. There are also BIR staff who will assist them to teach them how to use, how to access our online services," Tan said.

With the increasing shift to online transactions, BIR recognizes that some taxpayers may struggle to adapt to digital platforms. The e-Lounge serves as a bridge to assist individuals and businesses in making this transition.

The e-Lounge aims to provide on-

the-spot assistance for taxpayers who need help navigating BIR's online services, including the Electronic Filing and Payment System (eFPS), eBIRForms, and online business registration.

With more transactions moving online, the e-Lounge ensures that individuals and businesses receive proper guidance and education in adapting to digital tax systems.

"The digitization program is one of the priority projects of our Commissioner Romeo 'Jun' Lumagui Jr., so we had

AVAIL OF DENGUE BENEFIT PACKAGE, PHILHEALTH REMINDS FILIPINOS

The Philippine Health Insurance Corp. (PhilHealth) reminded the public of the increased health benefits package for dengue fever amid the rise in cases of the deadly disease.

The cost of hospitalization for severe dengue is now covered up to PHP47,000 from

PHP16,000, the state insurer said.

Meanwhile, the coverage for mild dengue cases is now at PHP19,500 from the previous PHP10,000.

PhilHealth President and Chief Executive Officer Edwin Mercado said the new package rates for dengue are

among those enhanced and rationalized last year, in accordance with President Ferdinand R. Marcos Jr.'s directive to continually improve and sustain better health insurance coverage for members seeking medical treatment.

Earlier, the Department of Health said

28,234 dengue cases were recorded from Jan. 1 to Feb. 1, which marks a 40 percent increase in cases for the same period in 2024.

It noted that nine local government units spread out across Calabarzon, Central Luzon, and the National Capital Region saw a sharp in-

crease in dengue cases.

On Wednesday the Quezon City government said its Epidemiology and Surveillance Division recorded 2,021

cases of dengue, including 11 deaths, from Jan. 1 to Feb. 18. This figure translates to a 209 percent spike compared to
