a single, national identification system so people won't be burdened anymore with presenting so many ID cards when doing transactions with either private or government institutions. Thus, it is already sufficient proof of identity so there's no need to ask for any other ID cards," Tugade said.

Under the memorandum, all LTO personnel are directed to "honor and accept" the PhilID and the printed ePhilID when presented by applicants for motor vehicle registration, driver's/conductor's license, and student permit application as proof and verification of identity.

It noted that the printed PhilID "has the same effect as the card as

stipulated in the Philippine Statistics Authority (PSA) advisory dated 30 September 2022."

Outstanding LGUs in Manila Bay rehabilitation get recognition

The Department of the Interior and Local Government (DILG) has conferred the MANILA BAYani Awards and Incentives (MBAI) to outstanding LGUs for their contribution in the rehabilitation and protection of the Manila Bay watershed.

DILG Secretary Benjamin 'Benhur' Abalos, Jr. said the eight LGUs receiving the prestigious MBAI Award are testaments to local governments' efforts to protect the country's body of water and natural resources "but there's more to be done, especially in the face of climate change."

"Congratulations to all the winners of MBAI. Your contribution and outstanding efforts for the protection of our aquatic resources are truly remarkable. Kami ay natutuwa at katuwang namin kayo sa pangangalaga ng ating likas na yaman," Abalos said during the recent awarding ceremony in Quezon City.

"As we face the threat of climate change, we need more LGUs to step up and hold hands with us in this advocacy. This pandemic has really given us a silver lining. If there is one thing I would say, it is the importance of making peace with nature. While we have made strides in this development, what is important is we have this goal of balancing development with ecology," he added.

The MBAI Award aims to incentivize LGUs and recognize their exemplary performance in advancing effective waste management, uplifting the welfare, safety, and living conditions of informal settler families and the general public, promoting the protection of coastal and marine resources, and strengthening their institutional mechanisms, all of which contribute to the rehabilitation and protection of Manila Bay.

Among the MBAI awardees for 2018 to 2020 are Baliuag (Bulacan), Kalayaan (Laguna), and Magallanes (Cavite) for the Municipal category, while Balanga (Bataan), Biñan (Laguna), Imus (Cavite), Makati City, and City of Navotas bagged the award for the City category.
