DOH holds stress debriefing workshop for CALABARZON health workers

CALAMBA CITY, Laguna PIA) --The Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) conducted a four-day training on "Stress Debriefing and Psychosocial Process" for health workers of various provinces of the region on November 13-15, 2019 at Ciudad Christhia Resort in San Mateo, Rizal.

DOH CALABARZON Regional Director Eduardo C. Janairo stated, "During emergencies and calamities, natural or man-made, we are witness to various injuries sustained by casualties including death. What is not visible to us that have long term effect on affected individuals are the psychological and emotional

wounds, traumas and mental stress caused by these events."

"Mas maganda na ang ating mga health workers at iba pang mga emergency responders sa ating mga community ay handang makapagbigay ng psychosocial support gaya ng psychosocial first aid, debriefing at mental health processing upang mabigyan ang mga biktima at survivors ng mental health support tuno sa tamang rehabilitasyon."

(It's better if our health workers and other emergency responders in our community are ready to provide psychosocial support like psychosocial first aid, debriefing and mental health processing to provide mental health support to the victims

and survivors towards proper rehabilitation.)

The "Stress Debriefing and Psychosocial Processing" training provided the health workers at the local level with knowledge and skills in basic psychosocial care services including simple scientific tools, various psychosocial interventions and systematic technics of providing mental health support.

"Dapat na magkaroon ng tamang knowledge

and skill and isang health worker upang hindi sya maapektuhan psychologically or physically sa pagbibigay ng psychosocial processing sa isang pasyente. Importanteng magkaroon ng safety debriefing upang maging organisado. It is also important to focus on the present and the future situations rather than dwell on the past," she added.

Illegal settlers contribute to the pollution of Manila Bay

Cavite 4th district Rep. Elpidio Barzaga

The chairman of the House Committee on Environment and Natural Resources told the Manila Bay Task Force to rid the Manila Bay coast of illegal structures built by informal settlers, or else it will never complete its objective of cleaning it.

This, after Cavite 4th district Rep. Elpidio Barzaga learned during a public hear-

ing held by his panel Monday that the informal settlers mostly contribute to the pollution in Manila Bay.

"The big part of the problem lies with the NHA (National Housing Authority). We cannot clean the Bay unless we remove the illegal settlers," Barzaga told representatives of the task force that attended the hearing-slash-briefing.

"We will monitor your activities. Our main concern here is the ordinary people and the environment. It's as simple as that," said the returning congressman and former Dasmariñas City mayor.

The task force, which also includes the Department of Environment and Natural Resources (DENR), Department of Interior and Local Government (DILG),

DOST hopes to open up 13K scholarship slots in 2020

MANILA – Department of Science and Technology (DOST) Secretary Fortunato dela Pena on Monday said he is hoping to increase the agency's scholars to at least 13,000 in 2020 after a big number of students took the scholarship exam last October.

"Eleven thousand at the least, but hopefully we could open 12,000 to 13,000 slots for SY 2020-2021," he told the Philippine News Agency (PNA) on Monday.

The final figure,

he said, would depend on the approved budget for 2020 and the department's savings.

Dela Pena said the number of examinees has significantly increased from 80,000 last year to 113,000 last October.

He said the examinees are applicants for college freshman scholarships.

The DOST chief noted that the number of scholarship slots grew from 8,000 in 2018 to

Revilla calls on colleagues to support 'Teaching Supplies Allowance for Public School Teachers'

Sen. Bong Revilla on Monday called on his fellow legislators to support Senate Bill No. 1092, "An Act Institutionalizing the Grant of Teaching Supplies Allowance for Public School Teachers," under Committee Report No. 14 jointly submitted by the Committees on Civil Service, Government Reorganization and Professional Regulation; Basic Education, Arts and Culture; Ways and Means; and Fi-

nance.

Under this bill, more than 800,000 teachers will be provided with P 5,000 each to be used as chalk and teaching supplies allowance, compared to the P 3,500 they are presently receiving.

The bill further ensures that the said allowance will be responsive to the needs of the teachers by mandating the Secretary of Education

to conduct a periodic review and recommend necessary increase based on current prices of the materials.

"Mr. President, sabi nga ng ating mga guro, mabuti pa ang mga sundalo, binibigyan ng bala para sa kanilang baril, pero ang mga guro, hindi binibigyan ng chalk para sa kanilang blackboard," Revilla said.

"Sa totoo lang po, binibigyan naman sila ng al-

lowance para pambili ng chalk at iba pang materyales na kailangan nila sa pagtuturo. Ngunit kulang na kulang ang halagang binibigay sa kanila kaya isinusulong natin na madagdagan ito," he added.

Bong Revilla expressed his confidence that the chamber will continue to extend its support in pushing for the increases in the teaching supplies allowance like in the previous years.

Santos said he will also encourage the use of "soft power" in resolving this concern, by engaging the help of the community, the barangay (village), the local government units (LGUs), partners in the government, the youth, the religious sector "to help us strike the menace of illegal drugs."

A member of the Philippine National Police Academy (PNPA) class of 1998, Santos said he will strictly follow the orders of higher headquarters on internal cleansing and will not tolerate any wrongdoings of police personnel.

He also reminded police officers to always serve with a smile to encourage more people to go to the police for any problem or have something to report that needs immediate police assistance or intervention.

He admits that Segun, who served for two years and two months as Cavite police director, will leave a "large shoe" to fill.

"I will replicate all the good deeds which you have done in this great province," Santos told Segun. (PNA)

As the Country Coordinator of the ASEAN-China Dialogue, the Philippines will do its part to conclude negotiations on a Code of Conduct (COC) as soon as possible, President Duterte stressed.

At the same time, he expressed concern over ongoing trade tensions between key partners that could slow down growth and undermine food security and poverty alleviation efforts. He called for an open, fair, and rules-based international trading system.

Deeper economic integration is key to sustaining growth, the President noted, as he called for the conclusion of the negotiations on the Regional Comprehensive Economic Partnership (RCEP) as soon as possible.

Amidst growing concerns over hazardous and toxic waste, President Duterte told fellow leaders at a Special Lunch on Sustainable Development that the practice of exporting wastes by developed countries to developing nations must be stopped. Such shipments violate international environmental law and an affront to national dignity, he said.

DTI PROMOTES SUSTAINABLE CONSUMPTION IN THE CALABARZON TANGHALANG PANGMAMIMILI 2019

In line with the celebration of the Consumer Welfare Month, the Department of Trade and Industry (DTI) has once again facilitated the CALABARZON Tanghalang Pangmamimili 2019 carrying the theme, "Sustainable Consumption: Understanding the Impact of Consumer's Choices in a Shared Environment" held at the provincial gymnasium in Trece Martires City on November 7, 2019. CALABARZON Tanghalang Pangmamimili is a yearly event and competition designed for high school students which aims to showcase their talents on role-playing and stage plays, adhering to the Consumer Protection Month's theme and tackling the issues on consumerism. It also illustrates the advocacy on consumer responsiveness and the striking features of Republic Act No 7394 otherwise known as

the Consumer Act of the Philippines.

On behalf of Governor Jonvic Remulla, Provincial Cooperative Livelihood and Entrepreneurial Development Office head, Atty. Khervy Reyes, delivered the welcome remarks focusing on the role of the provincial government and DTI in molding the minds of the youth pertaining to the sustainable consumption of goods and considering the impact of consumer's choices in maintaining the safety of the environment. On the other hand, Trece Martires City Councilor Antonio Lontoc, on behalf of Mayor Gemma Lubigan, welcomed all the attendees and encouraged the partakers to join hands and be alert on what can be done to preserve the balance of the ecosystem.

Highlighting the event were the cheering and

actual role-playing of contestants which consist of high school students from CALABARZON. Maximum of twenty minutes were allocated per participating school which include setting up of props, cheering performance and play proper. Creativity of each team was exhibited with the comic theatrical piece, dancing and song interpretation in colorful costumes and designs. Lyceum of the Philippines – Batangas bagged the championship award as well as the Recognition for the Best Director and Best Performer, followed by Felix Amante Senior High School of Laguna and Congressional Integrated National High School in Cavite which won the 1st and 2nd runners up, respectively. Best Cheer was awarded to Congressional Integrated National High School in Cavite. Panel of judges consisting of Mr. Oliver Alcid from Jollibee Foods Corporation, Ms. Jonnah Belle Valero of Malayan Colleges-Laguna and Mr. Allein Alvarez of DepEd-Cavite proudly congratulated all the participants who have exerted efforts to deliver presentations depicting concepts and issues related to consumer awareness.

DTI Bagwis awards were also given to establishments that comply to fair trade laws thru voluntary self-regulations. Levels of award granted were Bronze, Silver and Gold.

Keynote speaker Mr. Dominic Tolentino, Consumer Protection and Advocacy Bureau Director, hailed the partakers and emphasized the platform to be implemented to share the advocacy of the DTI. He also communicated some observations on the topics that were presented during the play which must be given emphasis including correct dispersal and usage of plastic, practicing waste management, actively participating on coastal clean-ups, and consumer complaints on online shopping. He conveyed that the concepts on consumerism must be spread to the grassroots level of society to bring consciousness to customers, specifically on digital platform even in remote barangays. According to him, authority and intellectual power of implementing agencies must be applied to promote the rights of consumers.
