

LTFRB reiterates there is no jeepney phaseout

(LTFRB) Chairperson Teofilo Guadiz III

Land Transportation and Franchising Regulatory Board (LTFRB) Chairperson Teofilo Guadiz III assured that there will be no phaseout of traditional jeepneys in the country after the deadline of public utility jeepney (PUJ) franchise consolidation.

The LTFRB chief, however, stressed that the consolidation will have to be accomplished by December 31 this year. But it does not mean that traditional jeepneys will no longer be allowed to ply the roads by yearend.

"Kailangan pong tapusin ang consolidation sa December 31. Ang hinihingi lang po namin sa kanila ay yung tinatawag na substantial compliance. Ibig sabihin, 'pag kayo po ay nag-file at compliant na po kayo kahit hindi pa po tapos ay considered na po kayong consolidated, kaya po pwede po kayong tumakbo ng inyong ruta," Guadiz explained in a press conference at the LTFRB in Quezon City on November 16, 2023.

Land Transportation and Franchising Regulatory Board (LT-

FRB) Chairperson Teofilo Guadiz III

The LTFRB chief stressed that there is no transport crisis in the country.

"To give you a hypothetical example, sa isang ruta 50 ang lumalayag na jeepneys, iyong 40 nag-consolidate so may sampu pa doon na hindi pa nagko-consolidate. Eh, ang kailangan mong jeep ay 50 so 'yung sampu 'yun, pwede pang bumyahe hanggang sa hindi natapos ang consolidation ng 40. So what does that mean? Yes, technically hindi ka na puwedeng bumyahe pero to prevent a vacuum in certain areas, we will temporarily allow you hanggang hindi tapos ang consolidation ng 40. The moment na natapos na 'yon, and they are able to fill up the vacuum, iyong sam-

pu, they will have to stop traversing the route. Ibig sabihin, hindi na po sila puwedeng bumyahe. So in sum, kapag iyong ruta mo ay consolidated na, mayroon nang mga tumatakbo, palagay ko po, you have to consolidate now or you have to stop plying your route," he explained.

The LTFRB chairperson debunked claims that drivers will have to replace their units once they have complied with the consolidation.

Poe: Ensure kids' access to free meals in daycare, dev't centers

Sen. Grace Poe

Sen. Grace Poe said government's free meals should be more accessible and efficiently distributed to ensure the nutritional needs of kids in public daycare and development centers are met. Poe issued the call as she supported the Senate's proposed higher funding for the supplementary feeding program from P4 billion to P6 billion in 2024.

"The funding for

nutritious meals for our toddlers and kids is always worth fighting for in every budget season," Poe said. "Hopefully, with the budget, we can make the program more accessible and efficient," she added.

Implemented by the Department of Social Welfare and Development (DSWD), the program covers children 3 to 5 years old in supervised neighborhood plays and child development centers run by local government units.

The program is also a component of the DSWD's contribution to the government's Early Childhood Care and Development Program, and is in accordance with Republic Act No. 11037, also known as the "Masustansyang Pagkain para sa Batang

DOST-Calabarzon bats for S&T awareness as dev't tool

MALVAR, Batangas – The Department of Science and Technology in Calabarzon (DOST-4) is leveraging science and technology (S&T) awareness as a developmental tool in the region as it paid tribute to people and organizations that have helped it along the way.

During its 60th anniversary celebration at Lima Park Hotel here on Friday, the department's regional arm recognized project partners and collaborators, laboratory clients, media partners, and Small Enterprise Technology Upgrading Program adopters.

Guadiz urged traditional jeepneys to maximize the 27 months given to them as they can still ply the road so long as their vehicles are determined by the LTO as "roadworthy."

He pointed out that they will actually be given 27 months or more to transition from traditional to modern jeepney units.

"Hindi po totoo na within 3, 6, or 9 months ay kailangan ka na pong magbagong unit, wala pong katotohanan 'yon, pawang kasinungalingan po 'yon," Guadiz said.

Regional Director Emelita Bagsit said her staff and officers are her primary partners in ensuring that the department's service in Calabarzon is impactful.

"Our commitment to promote science, technology, and innovation initiatives will not change so that we can continue to help the development of our region," she told the Philippine News Agency.

DOST-4 acknowledged the contributions of micro, small and medium enterprises and state universities and colleges in the success of their programs.

He added that the degree of acceptance on the said program is increasing.

With the theme, "DOST-4's 60 years of Iri-descence: Illuminating the Path of Science, Technology, and Innovation," the agency dedicated its decades of success to all its staff and officers in the five-province region.

The event also paid tribute to Samuel Caperiña, Director of the Provincial Science and Technology Office in Laguna, who retired after 32 years in service.

The Pagasa Award given to Caperiña by the Civil Service Commission (CSC) was a testament of his excellent public service, according

to Bagsit. Pursuant to Executive Order No. 292, the CSC recognizes superior work performance and outstanding contributions of an individual benefiting an office, agency, community, or region.

DOST-4A likewise expressed gratitude to the contributions of the media in the dissemination of science and technology-related news through the Gawad Tambuli Awards.

Media-medya ang buhay?

Nitong nakalipas na Lunes, Nobyembre 7, 2023 ay nagsagawa ng isang mabilisang press conference upang talakayin ang brutal na murder sa broadcaster at radio host na si Juan "Johnny Walker" T. Jumalon.

Ang naganap na press conference na pinangaunahan ni PTFoMs Executive Director Usec Paul M. Gutierrez, ay isang malungkot na pag-antala o sad break sa 2023 Nationwide Media Summit. Ayon kay Gutierrez, tutuon seryoso at mapanganib ang katayuan sa ngayon ng mga media workers. Simula noon hanggang sa kasalukuyan ay marami ng media workers - journalists, broadcasters sa radio at TV ang napatay, subalit wala pa ni isang nabigyan ng hustisya. Nagkakaroon ng imbestigasyon ang mga awtoridad, subalit hanggang doon lang, wala pang nadakip o naaresto at nakulong. BAKIT KAYA? Nang maganap ang murder kay Jumalon nitong Nobyembre 5, 2023 ay agad nag-utos ng imbestigasyon si PBBM. Sana lang, magkaroon AGAD ng resultang positibo. matukoy ang salarin, maparusahan. Huwag sanang matulad sa mga naunang kaso na sa katagalan ay nabaon na lamang sa LIMOT at ang salarin ay masaganang namumuhay sa salaping ibinayad ng nag-utos sa murder.

Nito lang nakalipas na Oktubre, lumabas sa mga national dailies na ang Pilipinas at ika-8 sa mga bansang mapanganib para sa mga journalists o media workers sa buong mundo, ayon sa isang international organization.

Pilipino Act," which Poe authored.

For this year, the program has 1.8 million beneficiaries.

Poe stressed the need to provide assistance to children not only in their first 1,000 days but as they grow older to help in their proper physical and mental development.

"It is important to have the feeding program to higher grade levels, but the brain is really devel-

oped from conception until age two, that's the critical stage," she said.

"Maybe at the proper time we can evaluate again the program to see how we can strengthen it," she added.

The senator said partnering with the private sector for the source of food supplies at lower costs should also be extensively explored.

For a more efficient rollout of the supple-

mental feeding program, Poe said the DSWD should work closely with the barangay officials in charge of the daily operations.

"More children are fueled for learning and development when they can count on nutritious, free meals," Poe said

"There should be no letup in this initiative to provide our kids free meals, and we will make sure this is put at the fore in budget discussions," Poe added.

farmed tilapia and they do not have much commercial value. So in terms of fishing activities, our fishermen continue fishing in Manila Bay because only Cañacao Bay was affected),” he said.

Briguera also clarified that the fish kill cannot spread to nearby areas because algal bloom is a natural phenomenon that could be attributed to abrupt change in temperature and not water pollution.

Over 200 sacks of dead fish have been collected in Cañacao Bay, causing some families in the area to evacuate due to foul odor. The stench kept them from eating and sleeping properly.

“We will continue to extend the necessary technical assistance. As for the affected families, we learned that the local government unit responded immediately,” he said.source: (PNA)

zations and bring them closer to the chaplaincies, always according to the guidelines of the host Italian dioceses,” he said.

Fr. Gianni Guida, who first started the community 35 years ago, was present during the convention.

Among the highlights of the convention was the online conversation with Msgr. Bernardo Pantin, CBCP Secretary General, who talked about the proposed Personal Prelature for Filipinos.

He said the personal prelature is meant to support the Filipino chaplains' mission and needs worldwide.

“Rather than keeping our migrants away from the parishes abroad, the personal prelature will do everything it can to incorporate them into the parishes in the countries where they settle,” Pantin said.

The personal prelature, conceived by the Vatican Council II and further developed in Church documents and papal teachings, has been the subject of academic, pastoral, and canonical studies concerning Filipino migrants for the past 30 years. Over the last two years, it has been repeatedly discussed in various Permanent Council and plenary meetings of the CBCP.

BFAR : Massive fish kill in Cavite caused by algal bloom

MANILA – The Bureau of Fisheries and Aquatic Resources (BFAR) on Thursday said the massive fish kill which occurred in Cañacao Bay in Cavite City was caused by algal bloom.

Algal bloom is a natural phenomenon which happens when micro-nutrients increase in

water, causing increased micro algae formation. As micro algae increase, dissolved oxygen which is much needed by fishes, becomes depleted.

“Natural phenomenon po iyan. Hindi natin alam kung kailan yan susulpot at kailan rin mawawala (That is a natural phenomenon. We don't know when it

will start and when it will end),” BFAR Information and Fisherfolk Coordination Unit head and spokesperson Nazario Briguera said in Bagong Pilipinas Ngayon interview.

“Ang tanging puwede lamang natin gawin ay magkaroon ng continuous monitoring sa water quality (What

we can do is have a continuous monitoring of the water quality),” he added.

Since the algal bloom only killed black-chin tilapia, Briguera said the fishing industry and the fishing activities in Manila Bay will not be affected.

“Hindi po ito farmed tilapia at wala po ito masyadong commercial value. So, in terms of fishing activities, tuloy pa naman yung mga mang-ingisda natin sa Manila Bay at dun lang naman sa Cañacao Bay nang-yari ito (These are not

Pinoy chaplains in Italy tackle how to better serve OFWs

The Filipino chaplains in Italy gathered in the city of Florence recently and talked how to better serve the overseas Filipino workers (OFWs).

Hosted by Fr. Reynold Corcino, chaplain in Florence, the annual convention was held last November 13 to 15.

“The chaplains

discussed how to better serve our OFW's, who have become our overseas Filipino missionaries,” said Fr. Gregory Gaston, national coordinator for Filipino chap-

lains in Italy and rector of the Pontificio Collegio Filippino.

“Also tackled were how to minister to religious and civic organi-
