## RETURNING SEAMAN IS CAVITE'S FIRST POSITIVE CASE OF COVID-19

**TRECE MARTIRES CITY, (PIA)** - A returning seaman who passed through Narita Airport in Japan has tested positive of the coronavirus disease (COVID-19).

In his facebook post on Tuesday, Cavite Gov. Jonvic Remulla confirmed that the man, considered as the first positive case of COVID-19 in the province, comes from Imus, Cavite.

"The first positive case is a man from Imus. He is currently confined at the RITM (Research Institute for Tropical Medicine)," the governor said.

Classes in all levels both public and private in Cavite were earlier suspended from March 10-14,

2020 as a precautionary measure against the virus.

In the same facebook post, Remulla also identified a person under investigation (PIUI) as a woman confined in a private hospital in Imus.

"She had just arrived from South Korea. Her swab was submitted to the RITM as

**City Government of Imus**

### PUBLIC ADVISORY Social Distancing Policy

Simula ngayong araw, Marso 11, 2020 (Miyerkules) ang lahat ng mga aktibidad at malaking pagtitipon ng Pamahalaang Lungsod ng Imus gaya ng Barangay Assemblies, graduation ceremonies, senior citizen biometric, seminars, meetings, job fairs, sports activities at iba pang mga gawain ay atin munang ipagpapaliban sa loob ng 14 na araw o kung hanggang sa kinakailangan upang mapangalagaan ang kaligtasan ng bawat isa sa banta ng COVID-19.

Ang mga pampublikong pasilidad kagaya ng Imus Sports Complex at City of Imus Grandstand and Track Oval ay atin din pansamantalang isasara sa publiko upang magbigay daan sa isasagawang disinfection.

Hinihikayat din natin ang mga malls at simbahan na magkaroon ng thermal guns para sa temperature check, at alcohol sprays para sa disinfection ng bawat mamamayang papasok sa mga nasabing pasilidad.

Ang lahat ay hinihikayat din na panatilihin ang kalinisan sa kapaligiran at katawan. Ugaliing maghugas ng kamay at panatilihin ang respiratory hygiene sa lahat ng oras.

### ANTI-CORONAVIRUS TASK FORCE

#### PAALALA PARA SA MGA MAG-AARAL

Manatili sa inyong tahanan at iwasan ang pagpunta sa mga pampubliko at mataong lugar kagaya ng malls, park at iba pa.

Isa sa mga pangunahing prayoridad ng Pamahalaan ang inyong kaligtasan dahilang upang suspendihin ang klase sa mga pampubliko at pribadong paaralan.

Hinihingi natin ang kooperasyon ng bawat isa.

# Hontiveros: Protect commuting public amid COVID-19 outbreak

"COVID-19 is a daily risk for the working and commuting public." This was the statement of Senator Risa Hontiveros as cases of the 2019 novel coronavirus or COVID-19 in the country hit 33.

Hontiveros on Wednesday urged the Department of Transportation [DOTr] and the Depart-

ment of Health [DOH] to take necessary measures to minimize the risk of infection and protect the riding public.

"Marami pa rin sa atin ang kailangan pumasok araw-araw. The working and commuting public need access to working lavatories in our train and transport stations,"

urged the Senator. "For those na imposible ang sinasabing social distancing, kailangan natin i-minimize ang risk," she added.

"Comfort rooms in our transport terminals should be working and disinfected daily," Hontiveros said. "Clean lavatories with ample supply of soap and water in our train, bus, and

transport stations should be part of our response against COVID," she added.

Hontiveros said that although hand sanitizers help, public health experts still advocate for frequent handwashing. "Hindi na pwede ang mga saradong palikuran sa mga transport terminals at train stations. The working and commuting public's need to wash their hands frequently with soap and water is now a matter of public health," she further noted.

The Senator also advocated that those in the frontlines of the transport sector be given protective gear like masks and hand sanitizers to protect themselves from the coronavirus.

"The risk is high for jeepney and bus drivers, and those who man our train stations. Every day, they are exposed to hundreds, if not thousands, of people," Hontiveros said. "DOTr and our transport operators should come up with a mechanism to ensure that our drivers and conductors have access to these protective gear," she urged.

"Public transport is a public health issue. We need to provide our commuters with clean, efficient, and safe public transport and public spaces. Otherwise, we are putting them at a higher risk to contract the virus," she concluded.

### Preventive measures sa Covid 19 isasagawa

Nagsagawa ng isang pagpupulong ang Municipality of Carmona kasama ang mga principals at mga guro mula sa iba't ibang pampublikong paaralan ng ating bayan kaugnay ng mga preventive measures laban sa coronavirus disease o COVID-19.

Tinalakay rin kanina ang magaganap na mga cleaning and disinfection ng ating mga paaralan na magsisimula ngayong Marso 12.

The Provincial Government of Cavite thru the OPG-Extension Office in cooperation with the Youth's Infinite Destiny, Inc.

"Youth Destined for Greatness" conducted a medical and dental mission held at Mother Lurena Ministries and Community Development Center in the City of Dasmariñas last month. A total of 337 locals were given free health care services including pediatrics and a

dult consultation as well as tooth extraction performed by the medical team of the Provincial Health Office assisted by trained medical personnel from different offices of the PGC. Free medicines and vitamins were also given to the residents.

# DILG: PNP choppers are not luxury items

The Department of the Interior and Local Government (DILG) defended the purchase of the Philippine National Police (PNP) of helicopters and other modern equipment to improve and upgrade its operational capabilities.

DILG Undersecretary and Spokesperson Jonathan Malaya says that the purchase of PNP choppers and other modern equipment was for improved service delivery and to modernize its capabilities.

"This is not a luxury purchase but a needed acquisition for the PNP. In fact, it's long overdue. The use of PNP helicopters and other equipment recently acquired by the police organization is to aid in augmenting its operational capacity. Ito po ay bahagi ng modernisasyon ng ating kapulisan," he says.

## City Government of Bacoor: Inspection of New Zapote Satellite Depot ng Light Rail Transit Authority

Noong Marso 10 ay ininspeksyon ng Office of the Building Official (OBO) ang itatayang Zapote Satellite Depot ng Light Rail Transit Authority (LRTA) sa Barangay Zapote V, kasama ang mga kinatawan ng Shimizu Corporation na main contractor ng proyekto.

Ito ay kaugnay sa LRT-1 Extension project kung saan gagawa ng karagdagang istasyon ng tren mula Baclaran hanggang Niog, Bacoor.

"Lahat po ng modernong kapulisan sa buong mundo ay mayroong chooper. Hindi naman po bibilihin ito ng ating pamahalaan kung ito po ay hindi makatutulong at kinakailangan para sa paglilingkod sa ating mga kababayan," he adds.

The PNP has recently purchased more helicopters and other equipment such as 37 units of medium troop carriers and 12 pickup vehicles, among others, amounting to a total of P2.88-billion to further boost its firepower and mobility assets.

He says that the bell helicopter that accidentally crashed in Laguna was a command chopper used by PNP senior officials for administrative and command purposes. "As a command chopper, its purpose is for mobility of the Chief, PNP and other star-officers of the PNP to enable them to attend to their official functions faster and more efficiently," he says.

He says that the Armed Forces of the Philippines also have command choppers to enable senior officials to go to far-flung areas faster and more efficiently. "It's the same with the PNP, the purchase of the chopper will allow them to personally visit PNP units nationwide and attend official functions," he says.

Malaya explains that the said purchase and usage of the choppers saves time and allows PNP officials to fulfill more tasks given the heavy workload that the police organization and its officials do on a daily basis.

The purchase of the choppers was also approved by Congress and by the President and underwent open competitive biddings and careful testing. "Ito po ay tugon sa matagal ng hinaing din ng ating mga kababayan sa mas modernong PNP. This will only lead to better law enforcement para sa mas mabuting paglilingkod sa mga mamamayan," he adds.

Also procured were 501 units of combat helmets worth PHP32 million; firearms such as light machine gun, basic assault rifle, pistol, and magazines; and bomb equipment such as explosive ordnance division robot, undershirt vest, night vision goggles, ballistic eyewear, handheld radio, among others.

# ACDev Holds General Assembly

Provincial Social Welfare and Development Office (PSWDO) in cooperation with the Provincial Council for the Protection of Children spearheaded the Association of Cavite Child Development Workers’ (ACDev) General Assembly attended by 750 child development workers (CDW) on March 6, 2020 at the Provincial Gymnasium, Trece Martires. ACDev President Pearl Reyes formally opened the program by welcoming all the participants. She also reported the annual programs and projects of the association as well as its accomplishments. Participants were entertained with the intermission numbers performed by child development workers from Silang and the City of Imus. A short orientation on “Early Identification of Development Disorders and Disabilities in Early Childhood” was discussed by Ms. Miramel Garcia-Laxa, OIC-Sectoral Program Division, Department of Social Welfare and Development. Moreover, a certificate of recognition tagged as “Salamat Po Award” was awarded to cities and municipalities for their invaluable support in the implementation of daycare program in their respective localities. Atty. Khervy B. Reyes, Supervising Cooperative Development Specialist and Provincial Administrator for Community Affairs Alvin Mojica graced the event. PSWD Officer Felipa Servaiez ended the assembly by expressing her full support to the association’s upcoming plans and activities.-- Janice D. Patulot

## House panels...p6

The joint panel tabled contentious issues for later review and discussion. A complete list of the provisions accepted has yet to be officially released.

The bill seeks to repeal the Human Security Act of 2007 to provide a tougher response to the threats of violent extremism and radicalization in the country.

The bill states that the fight against terrorism requires a comprehensive approach, comprising political, economic, diplomatic, military, and legal means duly taking into account the root causes of terrorism without acknowledging these as justifications for terrorist and criminal activities.

Such measures shall include conflict management and post-conflict peace-building, addressing the roots of conflict by building state capacity and promoting equitable economic development.

During the hearing, PBA Party-list Rep. Jericho Nograles proposed to add a new provision to penalize unlawful labeling and tagging of a person or organization as a terrorist without court prescription.

National Intelligence Coordinating Agency Director-General Alex Monteaugudo denied claims that the government has been involved in any red-tagging of personalities or groups.

“We would like to make it an official statement that the government is not into red-tagging,” Monteaugudo said.

The Senate has already approved the counter-part measure on third and final reading.

of 6 p.m. last night," he added.

Test results are expected to be released on Tuesday afternoon.

Remulla urged leaders in his province to be transparent with the status of COVID-19 in their areas even as he called on the public to follow health protocols that the health department has set.

"Cloaking information is a greater disservice to the people. The people have the right to be informed," he said. (PIA-Cavite) By Maria Cristina C. Arzadon

UPDATE ON 2019 NOVEL CORONAVIRUS (COVID-19)

This is to confirm the information from the Department of Health (DOH) that there is a positive case of COVID-19 confined at the Research Institute of Tropical Medicine (RITM) in Muntinlupa City. The patient is 48 years old, male with travel history from Japan.

The City Health Office is conducting contact tracing and containment measures and in constant communication with the DOH.

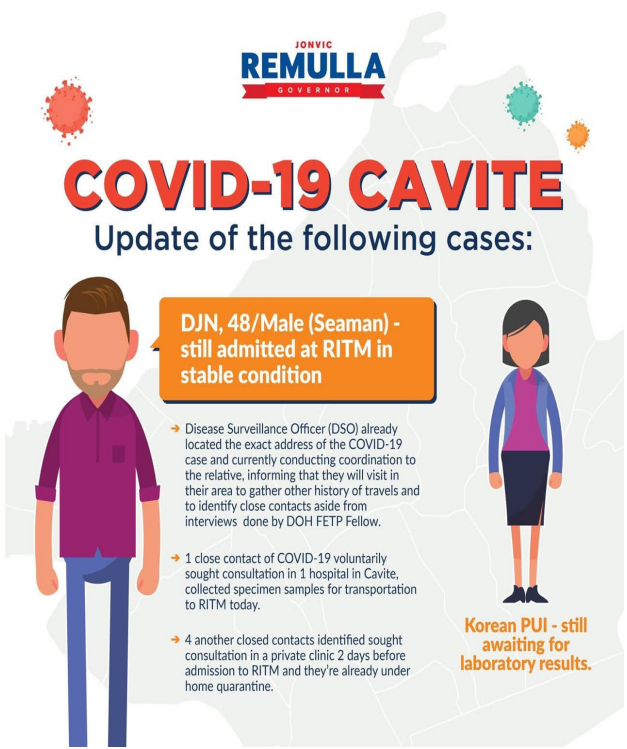

Disinfection will be done to schools and other public areas in the city. Barangays and schools are also advised to sanitize their areas as part of our precautionary measures. We also urge everyone to be vigilant, and avoid crowded areas as well as unnecessary travel to any countries with positive COVID-19 cases. Likewise, always observe constant and proper handwashing and respiratory hygiene.

Rest assured that the City Government of Imus through the City Epidemiology and Surveillance Unit (CESU) is taking necessary actions to ensure the safety of the public.

cate Filipinos especially the youth about the importance of freedom of the press as an essential part of our country's history and nationhood.

The Senator also justified that Aug. 30 was selected for the occasion because it marks the birthday of the country's "Father of Journalism," Marcelo H. del Pilar, who contributed significantly to the freedom that the press is enjoying now and endeavoring to enjoy.

Once passed into law, the proposed measure will mandate DepEd, CHED, and TESDA to organize consciousness-raising activities that will inform and educate the public about the importance, rights, social responsibilities, and need to eliminate all forms of violence against the press.

The bill further tasks all relevant government agencies, LGU's and private sectors to organize activities highlighting the significance of press freedom.

"Bilang tinitingalang ama ng pamamahayag sa Pilipinas, isinusulong natin na ideklara ang araw ng kapanganakan ni Plaridel bilang 'Press Freedom Day.' But more than anything else, this proposed measure is a tribute to and a celebration of the resilience, professionalism and patriotism of the long line of Filipino press corps who minister to the needs of the people to be informed," Revilla said.

In line with the celebration of Rabies Awareness Month with the theme "Rabies ay iwasan, alagang aso't

pusa ay pabakunahan", the spaying and neutering is part of the dog and cat population control activity which aims to reduce the number of stray dogs/cats roaming the streets and also the incidence of rabies in the province.

The activity will

also be beneficial to the animals because it reduces the risk of acquiring reproductive-related disease and illnesses. Fifty-one female dogs and cats were spayed and 99 male dogs and cats were castrated or neutered by veterinarians from the
