Palace reiterates no lockdown, says economy remains open

Secretary Harry Roque Jr

Presidential Spokesperson Secretary Harry Roque Jr on Tuesday, March 23, reiterated that the current additional restriction measures that include the placing of the National Capital Region (NCR) and the provinces of Bulacan, Cavite, Laguna, and Rizal inside a bubble is not a form of lockdown.

"Bukas po ang ekonomiya. When we talk of lockdowns in ECQ and MECQ, sinarado po talaga natin ang ekonomiya para lahat ng tao ay manatili sa kanilang mga tahanan, yun po talaga ang lockdown," said Secretary Roque in his Tuesday press briefing.

The Palace official further clarified that the additional restriction measures that were put in place since yesterday, March 22 until April 4, 2021, is meant to limit the mobility of people, which has been identified as one of the major reasons for the rise in new COVID-19 cases.

In the said press briefing, National Economic and Development Authority Acting Secretary Karl Chua presented a cost-benefit analysis in case a two-week Modified Enhanced Community Quarantine (MECQ) is again implemented. Secretary Chua's presentation showed that up to 266,194 new cases

and up to 4,738 deaths can be prevented, plus 11,626 new cases can be prevented in a two-week MECQ.

The Acting Socioeconomic Planning Secretary said that such scenario is good, but then given the same two weeks of MECQ, 58,000 more hungry people will be added to the current number of 3.2 million, and that 128,500 more will be added to the 506,000 unemployed people. Chua added that a two-week MECQ will result to P2.1-B income loss in the NCR and its adjacent areas for each day of the MECQ. Chua said that these, among

Faithful warned vs. bogus solicitation e-mail using Tagle's name

MANILA – The Pontificio Collegio Filippino (Pontifical Filipino College) in Rome on Wednesday has warned the public against an unscrupulous e-mail from a hacked account purportedly soliciting money to pay for the hospital bills of former Manila archbishop Luis Antonio Cardinal Tagle.

The Archdiocese of Manila Office of Communications reported that Fr. Gregory Ramon Gaston, rector of Pontificio Collegio Filippino informed the office regarding the e-mail being used which is under the name of a certain Dr. Ramon Ramos.

"A hacked e-mail is being used to solicit money for His Eminence Luis Antonio Card. Tagle's alleged hospitalization in UMC De

other factors were taken into consideration when the Inter-Agency Task Force (IATF) decided on the imposition of the additional restriction measures instead of a lockdown.

Meanwhile, National Task Force Against COVID-19 (NTF) Chief Implementer and Vaccine Czar Secretary Carlito Galvez Jr is hoping that with the plan to conduct simultaneous vaccination in the National Vaccination Program, the economy can be opened by the end of the current year.

Secretary Galvez said that this is because there is still no conclusive data now to show when we can expect economic recovery because we have not yet vaccinated all of our intended population. Galvez said that once the intended population is vaccinated as early as the fourth quarter, then the economy can be opened maybe by December this year.

On another matter, Sec. Roque, who is

concurrent IATF spokesperson, reiterated that all the decisions that the task force had made were based on data and science. He underscored that the medical experts themselves have said that a big reason for the increase in COVID-19 cases now is also because of the new variants.

"Tanggapin natin o hindi, nag mutate po ang mga virus ... sa pamamaraan na mas nakakahawa sila," Roque remarked. He added that the spike in cases is seen not only in the Philippines but in other parts of the world as well.

Roque underscored that what is important is that we now know how to fight COVID-19 through intensified testing, isolation, treatment, contact tracing, among other measures. "Alam na natin kung paano kumakalat ang kalaban na si COVID-19. Kaya nga pinaigting naman po natin ang ating isolation para maihiwalay ang tinamaan at protektahan

Gov't banks urged to continue providing loans to MSMEs

MANILA – Government banks are encouraged to continue providing loans to micro, small and medium enterprises (MSMEs) to keep their businesses afloat as the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF) expanded quarantine protocols.

During the on-line Tapatan sa Aristocrat Monday, University of the Philippines School of Economics Alumni Association president Jeffrey Ng said it is crucial that MSMEs survive amid the coronavirus disease 2019 (Covid-19) pandemic as they account for the bulk of employment in the country.

The IATF placed

Metro Manila, Bulacan, Cavite, Laguna, and Rizal under a stricter general community quarantine (GCQ) due to the surge in Covid-19 cases.

Covid-19 cases in the country hit nearly 8,000 cases daily in the past two days, with National Capital Region (NCR) and Regions 3 and 4A leading the number of new infections.

"It would be best for the government to continue providing credit access to these micro, small and medium enterprises. Let say Landbank, DBP (Development Bank of the Philippines), and Small Business Corporation should be able to lend more to these struggling companies because once they closed,

they will have a difficult time reviving their operations," Ng said.

He added private banks are more conservative in their lending policies as they are also being challenged by the pandemic.

"I think it's only the government that can infuse needed liquidity and credit to these thousands of small entrepreneurs all over the country," Ng said. "They are the ones who have to take on risk on lending on these struggling MSMEs."

Federation of Filipino Chinese Chambers of Commerce and Industry Inc. vice president Cecilio Pedro said they are looking forward to economic recovery by the second half of this year.

Meanwhile, the Department of Trade and Industry (DTI) has been rolling out its Covid-19 Assistance to Restart Enterprises (CARES) program since the middle of last year.

The CARES program, implemented by DTI's financing arm SB Corp., provides zero-interest loans to MSMEs. (PNA)

He reported that as of March 17, 2021, quarantine facilities in Metro Manila have 6,595 bed capacity, while there are 83 Temporary Treatment and Monitoring Facilities. Also, Roque cited data from Oplan Kalinga that there are currently

76,915 individuals who are currently in isolation facilities.

In terms of testing, NTF Testing Czar Secretary Vivencio Dizon said that there are now 229 laboratories, whereas there was only one laboratory when the pandemic started. Secretary

Dizon added that test results come out faster now too, with some laboratories being able to release results in as fast as 24 hours. And from around 3,000 daily tests in April 2020, daily tests now have reached around 50,000.

Series of Bantay ASF sa Barangay or BABay ASF Trainings Succeed to Capacitate Private and Public Sectors

TRECE MARTIRES CITY, Cavite - In support to eradicate the African Swine Fever (ASF) in the region, the Agricultural Training Institute (ATI) CALABARZON conducted the series of Bantay ASF sa Barangay or BABay ASF virtual trainings last March 16 - 19, 2021. The four-day activity was in close collaboration with the Philippine College of Swine Practitioners (PCSP), Department of Agriculture Regional Field Office, Department of Agriculture – Regional Animal Disease Diagnostic Laboratory (DA-RADDL), Central Luzon State University (CLSU) and Provincial Veterinary Offices.

Some 120 livestock extension workers and 60 private veterinarians / farm managers in CALABARZON participated in the series of trainings. Experts from PCSP, DA-RADDL and CLSU discussed topics on Bantay ASF sa Barangay Program, Biosecurity 101, Biosecurity Assessment and Surveillance, Nanogold Technology, Sample Collection, Storage and Transport for ASF tests and Guidelines on Swine Movement.

Mr. Alfredo S. Aton, Director IV of ATI, graced the opening program and stressed that, "in order to win the fight against ASF, we from the Government and Private sectors must be united and move as one." Content: Marian Lovella A. Parot

PCC OKs joint venture for Manila Bay reclamation project

MANILA – The Philippine Competition Commission (PCC) announced Friday that it approved the joint venture between the City Government of Manila and Waterfront Manila Premier Development Inc. to build the Manila Waterfront City.

The anti-trust body said it found that the transaction would not result in substantial lessening of competition, but will create a new market that is pro-competition.

"There are neither affected customers nor any commercial activity in the relevant geographic market," the PCC decision read.

The Manila Waterfront City is a reclamation project covering 318 hectares of foreshore and offshore areas in the south of Manila South Harbor to develop a new central business district, a gateway, a marina, a waterfront, and hubs for entertainment, health, and education.

"The transaction is a new area of investment formed for the creation of a residential and commercial real estate development project. This will expand the existing market and likely create an opportunity for the emergence of new markets for commercial and residential real estate within the City of Manila," the PCC added.

The parties notified the PCC that the project will be a 51-49 percent share in favor of the Manila City government.

The local government will contribute rights over municipal waters, while Waterfront Manila will share capital and expertise.

This project is the 211th transaction approved by the anti-trust body.

#BangonSamala draws support from top rank gov't executives

By Ruel B. Francisco

TRECE MARTIRES CITY, Cavite (PIA) -- The local government of Kawit through the #BangonSamala donation drive received support from top rank government executives to help victims of the recent fire that burned down houses in a residential area in Barangay Samala-Marquez.

Three hundred forty nine (349) families or 1,447 individuals are currently staying in evacuation centers in the municipality: the Binakayan Elementary School, Binakayan National High School, and Florante Ilano Elementary School under the care of the employees of the Municipal Social Welfare and Development Office.

#BangonSamala was established to raise donations in cash or kind to help the families/individuals affected by the tragic fire that happened in the wee hours of March 19, 2021.

Chief Presidential Adviser Secretary Salvador Panelo, together with Noveleta Mayor Dino Reyes-Chua, and 1st District Board Member Davey Chua came the day after the tragic fire incident for a relief operation to bring relief goods and assistance to the distraught victims that were left homeless and hopeless in this time of pandemic.

On March 21, representatives from the offices of President Duterte and Senator Bong Go visited the fire victim evacuees as they brought help in the form of cash assistance, food packs, face masks, face shields, vitamins, and many more.

During their visit, they raffled off bicycles, tablets, and pairs of rubber shoes to lucky winners to somehow alleviate their suffering.

Likewise, DSWD Secretary Rolly Bautista and Assistant Secretary Victor Neri together with other public servants from different government agencies personally came to bring help and somehow bring hope to the families in the evacuation centers.

Meanwhile, Kawit Mayor Angelo Aguinaldo gave assurance to the families that they could rebuild their houses in the exact same location where their houses stood before the fire.

"Wag kayong mag-alala, kung saan kayo nakatirik ay doon pa rin kayo magtatayo ng inyong bahay," stated Mayor Aguinaldo as he consoled the fire victims at the Binakayan National High School.

The #BangonSamala of the MSWDO continue to receive outpouring support even from private groups and non-government organizations like the KAMPILAN, 1957 Security and Investigation Agency, Rotary Club of Congressional, Cavite Lodge No. 2, and IGPLI who contributed to donate 50 cavans of rice.

These acts of kindness and support to these people burdened with so much loss can help them cope with the tragedy and bring hope to start anew. (Ruel Francisco, PIA-Cavite with reports from Angelo Aguinaldo FB page/ Dennis Abrina)

Gaston also confirmed that Tagle is in good health performing his tasks in his office at the Vatican concerning evangelization.

"Please rest assured that Cardinal Tagle is doing well in Rome, carrying out his ministry at the Vatican as Prefect of the Congregation for the Evangelization of Peoples," Gaston added.

He reported that Tagle was received by Pope Francis on Monday noon in an audience with

In 2015, Tagle's personal email address was hacked.

In January 2020, before the cardinal flew to the Vatican for his new assignment, a fraudulent text message also circulated asking for cash donations to buy a gift for him during a supposed farewell Mass and testimonial dinner.

The public is warned and reminded that the official communications channel of Tagle is only through the Vatican and not through any private person using e-mail or social media accounts.

FEATURE A fresh start for a former rebel

By DSWD-Caraga

Life in hiding, especially when it constantly puts your life at maximum risk, is very hard to live.

Hence, when a door leading to a new and peaceful life opened for "Alfie" and other former rebels, they boldly decided to renounce the principles they once embraced.

Alfie (not his real name), is one of the former rebels from Agusan del Sur who surrendered to the government. Despite the perils brought by his decision to return to the government, Alfie fearlessly took the risk with the desire of achieving a safer and peaceful life for himself and his family.

As part of the measures crafted by the National Government to help former rebels (FRs) rebuild their lives, each FR, once deemed to be eligible, is given the opportunity to receive the Livelihood Settlement Grant (LSG) amounting to PHP20,000. LSG is a special program by the Department of Social Welfare and Development's (DSWD) Sustainable Livelihood Program – the Agency's arm in implementing livelihood interventions for poor, vulnerable, and disadvantaged sectors.

Through this special program, Alfie was able to receive such an amount on September 22, 2020, and started a hog-raising business. He was able to buy six piglets, sacks of feeds, and construction materials that were needed to build a pigpen.

As he started his small business, Alfie and his whole family were very excited and overwhelmed.

Sadly, in November 2020, Alfie had to sell five of his pigs for Php20,000 as some of the pigs became ill and he did not have enough budget for the feeds anymore.

But this did not stop Alfie from recovering from his losses. With the income he acquired from the five pigs he sold, he bought another eight piglets. In January 2021, he was able to sell eight heads of pigs for Php26,500.00 sales from his second harvest helped him buy food for his family and finance his daughter's job application documents. In addition, he was also able to buy another batch of piglets.

At present, Alfie has now 10 crossbreed heads of pigs and aims to have his third harvest in May 2021.

With all the benefits they received, Alfie and his family are very grateful to the National Government, particularly to the DSWD-SLP. He said that with all the help they got, he realized that he appreciated more this kind of life – a better and quieter life. His former life, the life in hiding, was nothing compared to his disposition today.

"Kauban sa akong pamilya, dako akong pasalamat sa gobyerno, labi na sa DSWD-SLP sa pagtabang kanako sa paghatag og livelihood project ug sa paghatag kalinaw sa akong huna-huna (Together with my family, I am hugely indebted to our government, especially to the DSWD-SLP for helping me start anew by granting me a livelihood project and giving us a peaceful mind)," Alfie said.

Indeed, it has really been a fresh start for Alfie and his family. He hopes that in this new life, he will be able to inspire his former comrades who are still championing his old ideologies, to also choose the new path he has taken. (DSWD-Caraga/PIA-Agusan del Sur)

Cayetano, allies renew push for passage of 10k Ayuda Bill

Former Speaker Alan Peter Cayetano and his allies urged their fellow legislators in the House of Representatives to pass the 10K Ayuda Bill, which seeks to provide P10,000 cash aid for every Filipino household.

In a Facebook post published on Sunday morning, March 21 Cayetano said the government has the resources to provide additional financial assistance for Filipinos suffering from the continuing effects of the COVID-19 pandemic.

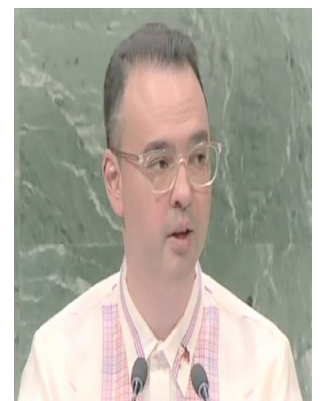

"There is no question that our people are still in desperate need of assistance," he said.

Cayetano highlighted the story of jeepney driver Roderick Oborza, whose livelihood was badly affected by the ongoing COVID-19 pandemic.

"Sa ngayon po, bumalik nga kami sa pagbiyahe, pero hirap pa rin po kasi po kalahati lang po ang pasahero (ang) naisasakay namin. Ang kinikita namin ngayon, pang-kain lang. Sa jeep lang po kami nakatira," Oborza said in a short video linked to Cayetano's post.

(We may have returned to the roads now, but we're still experiencing hardship because we can only accept half of our usual passengers. Whatever we earn now, it's only enough for buying food. We're living inside my jeepney.)

The former Speaker said

Former Speaker Alan Peter Cayetano

Congress should pass House Bill No. 8597 with the same pace that it approved the Bayanihan to Heal as One Act and Bayanihan to Recover as One Act in 2020.

"Last year, together with the Executive department, Congress was able to quickly pass the Bayanihan 1 and 2 Laws to help our people. Today, we call on our colleagues in (the) House of the People -- let us rise to the occasion once again and come to the aid of our people by giving them an additional P10,000 per Filipino family," he said.

Camarines Sur 2nd District Rep. Luis Raymund "LRay" Villafuerte Jr., for his part, said the 10K Ayuda Bill will also help stimulate economic activity.

"likot sa ekonomiya 'yan. Ipangbibili ng pagkain, gamot. Gagamitin (ito) sa transportasyon. Malaking tulak ito para ma-improve ang ating ekonomiya," he said.

CLEAN UP DRIVE TO COMBAT COVID-19 & DENGUE CONTINUES in DASMA

The City Government's drive against dengue and COVID-19 is being implemented by going back to the basics of comprehensive vector control supported by environmental manipulation and modification and following basic health and safety protocols on March 21.

The program

calls for regular weekly clean-up drives spearheaded by the barangay leaders and include the active participation of community volunteers, civil society and others in government which aims to search and destroy possible dengue breeding places and to keep our environment clean amid this pandemic.

Combating dengue and controlling the spread of COVID-19 require everyone's cooperation. We need to do our
