OVER 300K DEPED EMPLOYEES
VACCINATED VS COVID-19

DepEd R-4A Calabarzon

More than 300 K teachers and DepEd employees have been vaccinated

Following the government's order to allow DepEd teachers and staff to be vaccinated in April, as "education frontliners," Secretary Leonor Magtolis Briones announced that more than 300,000 have been vaccinated.

Vaccinated people come from 15 regions of the country. Most of them refer to their LGUs as A4 category, while others as A3, or those with comorbidities.

Covid 19 variant and new ordinance regarding the videoke ban issue

" DELTA

Infographic can see the summary of COVID-19 cases in Cavite in the last 5 days. According to our DLSU-HIS experts: The viral load brought by new patients is now higher compared to previous cases.

If you are fully vaccinated, there is nothing to worry about. Vaccine is enough to give the body (antibodies) to fight the risk of high viral load. But Cavite's vaccine numbers are still at odds. May the vaccine supply from DOH be fulfilled. The province has also placed its own order on NOVAVAX which is expected to arrive this end-August to mid-September. We don't know or tell if this new high load strain is carrying a so-called Delta variant. Cavite has no capacity to identify this. That's why we should be more careful and our calvary is still far. When the viral load is high the effect of COVID-19. is more severe. It's easier to spread and it spreads quickly. Let's not let the situation get worse.

VIDEOKE

The Provincial Council will issue a new ordinance regarding the issue of videoke ban. There's a little leeway but UNLIMITED still can't. Please have mercy on your neighbors. Many of the work from home and young students are disturbed by your noise. While seniors need enough rest. A little respect please."

DELTA VARIANT CASES IN CALABARZON ARE LOCAL CASES – DOH-CALABARZON

Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) Regional Director Eduardo C. Janairo today clarified that the five (5) Delta variant cases reported in the region were local cases and not due to local transmissions and from still an unknown source.

"We have five reported cases and of the five cases, three Delta variant cases were re-

ported last April by the National Epidemiology Center – two from the province of Cavite and one from the province of Batangas."

"These three cases were not from the community where they reside, but they were actually OFWs and two were from the Middle East who eventually went to their place of residence after being quarantined and were already confirmed negative of the

virus," Janairo explained.

The two (2) new cases of Delta variant reported are a father, 58 years old and his son, 29 years old from Calamba City, Laguna. Investigation is on-going as to how they acquire the virus.

Janairo added that the Regional Epidemiology and Surveillance Unit is already conducting contact tracing activities in coordination with the local government of

Siargao among Time magazine's greatest places of 2021 list

MANILA – Siargao Island made it into Time magazine's list of "greatest places" in 2021, which recognizes destinations that were able to adapt and innovate despite the challenges brought about by the pandemic.

In a statement, Tourism Secretary Bernadette Romulo-Puyat hailed Siargao's inclusion as a recognition of the country's continuous efforts to make the country a safe destination once travel resumes.

"I am pleased that the country's innate beauty continues to draw attention from travelers all over the world despite the pandemic. We are doubling our efforts to create a future of Philippine travel that is safe, more fun, and provides travelers with an authentic and meaningful experience throughout their journey," she said.

Siargao earned its spot on Time magazine's list of "The World's 100 Greatest Places of 2021" not only because of its waves that attract surfers even outside the country but also because of its ongoing development to strengthen tourism infrastructure.

"While destinations such as Boracay, Cebu and Palawan nailed the mass market, the teardrop-shaped island off the coast of Mindanao until recently had been best known to a dedicated band of surfers lured by consistent wave," Time magazine writer Duncan Forgan wrote.

"But the secret is out, and new spots are popping up on the island, including the beachfront Inara Siargao Resort, an intimate five-suite property that can be booked on Instagram. Just before Covid-19 shutdowns, Siargao got additional cell towers to improve data connectivity, which will be a boon to tourism when it reopens to vaccinated international travelers," he added.

According to the publication, the list is a tribute to individuals and businesses who were able to "adapt, build, and innovate" amid the challenges of the pandemic. It also highlights "ingenuity, creativity, revitalization and reopenings in destinations across the world."

The list was compiled through nominations from the magazine's international network of correspondents and contributors, focusing on those that provide unique and interesting experiences.

DOT said Siargao is now open to domestic tourists coming from areas under general community quarantine (GCQ) and modified GCQ. (PNA)

Abducted Chinese National suspect arrested in Indang

A Chinese National who was allegedly directly abducted by unidentified men, was found in Indang, Cavite on July 20.

According to the police report received by GoCavite, the victim was identified as Gan Zuo Qi, 30, and currently residing in Makati City.

The victim was called by a concerned citizen in Indang MPS after being seen wandering and trust lost in front of DoN Al-drin Bus Terminal in Brgy High Land. Authorities immediately visited the victim and brought him to the police station.

In Gan Zuo Qi's statement, it was found that he was arrested by five unidentified suspects in Pasay City around 9 pm on July 19.

He allegedly escaped after being forced to give P300, 000 to the suspects via online bank transfer using his cell phone.

Gan Zuo Qi is currently in police custody for a more thorough investigation.

Philippine Red Cross shares tips on how to keep safe during typhoon season

MANDALUYONG CITY -- It is typhoon season once again and the Philippine Red Cross (PRC) is reminding the public of the importance of staying safe before, during, and after a typhoon.

"We should always be prepared to act immediately for any untoward incident, and to always keep in mind the 4 P's that are vital steps towards safety and disaster resilience: predict, plan, prepare, and practice," PRC Chairman and CEO Sen. Richard J. Gordon said.

Before the typhoon

- Store an adequate supply of food and clean water. Prepare food that need not be cooked.
- Keep flashlights, candles, and battery-powered radios within easy reach.
- Examine your house and make necessary repairs.
- Keep updated with the latest weather report.
- Harvest crops that can be yielded already.
- Secure domesticated animals in a safe place.
- For fisherfolk, place boats in a safe area.
- Should you need to evacuate, bring clothes, a first aid kit, candles/flashlight, battery-powered radio, food, etc.

During the typhoon

- Stay inside the house.
- Always keep yourself updated with the latest weather report.
- If safe drinking water is not available, boil water for at least 20 minutes. Place it in a container with a cover.
- Keep an eye on lit candles or gas lamps.
- Do not wade through floodwaters to avoid being electrocuted and contracting diseases.
- If there is a need to move to an evacuation center, follow these reminders.
- Evacuate calmly.
- Close the windows and turn off the main power switch.
- Put important appliances and belongings on high ground.
- Avoid the way leading to the river.

After the typhoon

- If your house was destroyed, make sure that it is already safe and stable when you enter.
- Beware of dangerous animals such as snakes that may have entered your house
- Watch out for live wires or outlets immersed in water.
- Report damaged electrical cables and fallen electric posts to the authorities.
- Do not let water accumulate in tires, cans, or pots to avoid creating a favorable condition for mosquito breeding.

"The Philippine Red Cross (PRC) will continue to be at the forefront of rescue, relief, and recovery efforts when these natural and man-made events occur. Our 143 volunteers nationwide are placed on alert 24 hours a day to monitor their respective areas," Gordon adds. (Philippine Red Cross)

gawin ay doblehin ang pag-iingat upang makai-was at makinig sa mga anunsyo at alituntunin ng mga lokal na pamahalaan."

"Nananawagan din po ako sa mga residente na kasama sa priority list at hindi pa nabakunahan na magpalista na upang makatanggap ng bakuna laban sa covid dahil ito ay nagsisilbing dagdag proteksyon laban sa covid virus," he emphasized.

Mayor Emmanuel Maliksi encouraged the cooperation of each of the city programs for preparation against Delta variant.

" Discipline first,

DOH-CALABARZON DEPLOYS FAMILY HEALTH TEAMS TO TAAL EVACUATION CENTERS

The Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) has deployed teams from its Family Health Unit (FHU) to safeguard and provide maternal and reproductive health services to expecting and nursing mothers staying in various evacuation centers in Batangas province.

“This is to ensure the health and safety of women in evacuation areas and also to ensure that maternal health care services will still continue including the strengthen-

ing of protocols in preventing and responding to gender based violence (GBV) during calamities and emergencies,” Regional Director Eduardo C. Janairo stated.

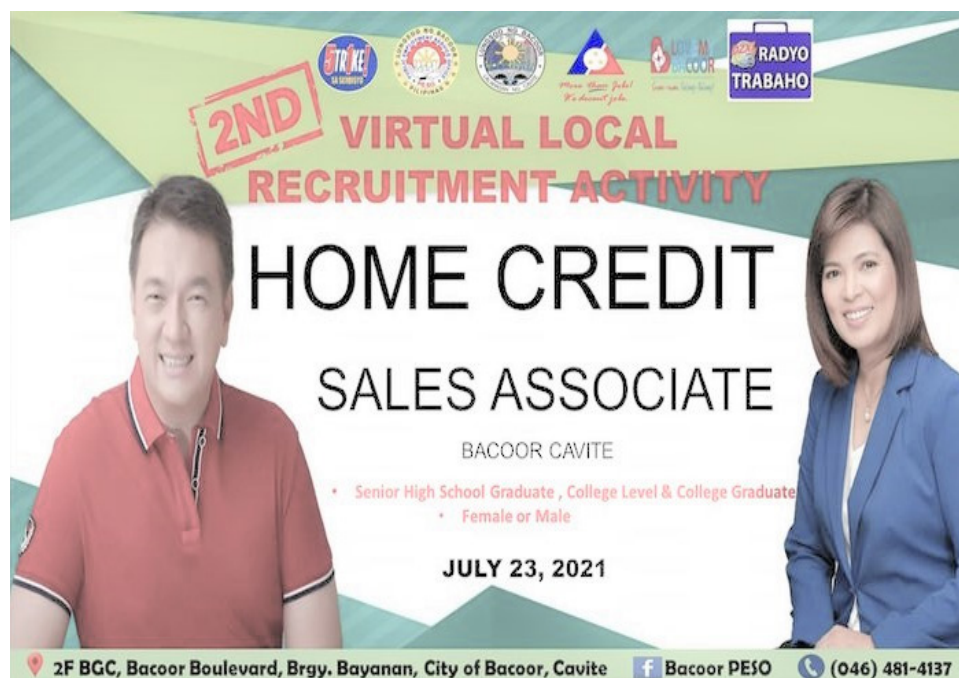

“Women are the most vulnerable among our population especially during natural disasters because they suffer increased risk of physical and mental health issues including pregnancy related concerns and caring for their family. And we have to extend them health support and coping mechanisms for them to be protected and

improve their health and well-being.”

“With the continuing influx of people in evacuation centers, it is essential that life-saving reproductive health care services are not disrupted and shall continue even in evacuation centers, especially for pregnant and lactating women,” he stressed.

The FHU has been providing gynecological consultations and various health tests including vital signs and tests for infections were conducted. “Pregnant
